

PROFILE

Jesse

Name: Jesse

About: You are a new local business owner. You own a small shop that specialises in organic goods. You have a small amount of money you would like to give to a local school to help them with an interesting project. You're interested in supporting the environment and health and wellbeing.

Skill: Finance

PROFILE

Jayden

Name: Jayden

About: You are a local resident who has many problems with school traffic. Your drive is sometimes blocked and often cars sit and wait outside your house with their engine on. Your son suffers with asthma so you would like the local school to promote new ways for getting the children into school, turning off their engines or parking further away.

Skill: Time

PROFILE

Margaret

Name: Margaret

About: You are the headteacher of a local school. You don't have lots of time but you want to support different projects in your school. If there is a clear plan, budget and goal you are happy to support activities run by children.

Skill: Knows lots of people and experts

PROFILE

Rebekah

Name: Rebekah

About: You are a parent and part of the PTA. You are a fantastic fundraiser and recently helped raise money for new bike storage.

Skill: Finance and fundraising ideas

PROFILE

Shaun

Name: Shaun

About: You are a teacher at a Gold school who is responsible for setting up and supporting a Junior Travel Ambassador scheme. It has been running for many years, and you have lots of stories about successful activities e.g. car-free days, park and stride days

Skill: Experience

TASK

**Find funding for
new bike and
scooter storage
at your school**

Tips: You've heard that there are some new local businesses and shops who are interested in working with schools to get the word out about their services. They might be happy to share small amounts of sponsorship for interesting projects

TASK

Start an anti-idling campaign outside of your school to improve air quality

Tips: You need a group of parents and local residents who can support and promote the benefits of the project

TASK

Find out about the air quality in your local area – you are on a busy road and think you might need to reduce traffic

Tips: You need to start by collecting data, but you don't know the methods or have any equipment to to gather information about air quality

TASK

A barrier for lots of children walking to and from school in winter is a worry about being seen in the dark. You want to create a 'high vis library' for children to borrow high vis vests, patches and stickers so they can be seen in the dark

Tips: you don't have any money to buy the clothing and you need a way of getting the message out to parents explaining how to borrow from your 'high vis library'

TASK

You want to reach the next level of STARS accreditation by starting a Junior Travel Ambassador Scheme with Year 5 and 6 to give them more control about the goals you set and the activities you run

Tips: You have some pupils already helping you but you'd like more information about how to set up the scheme, and how other schools have got pupils involved
