

Privacy Policy

New Digital Technology Ltd., under the brand name "MyCoins", appreciates your visit to this website (hereinafter - the website) and the interest you show in our services and products.

Protecting your confidential information is important to us and we want you to feel comfortable while visiting our website.

We take care of and protect your personal data that is collected, processed and used on your website during and after your visit.

The terms of processing the personal data when using the Website are set out in these Privacy Policy and Terms of Service, which in turn are developed in accordance with our "Data Protection Policy". This document is available on the website www.MyCoins.ge and you can get acquainted with it.

By accessing the Website you agree to this Privacy Policy (hereinafter - Politics)

If you do not agree to this policy, do not continue to use the following pages of the Website.

This policy may be updated from time to time. Therefore, please read it regularly. The last paragraph of this policy indicates the date when the policy was last updated.

What is the purpose of this policy and what is its scope?

New Digital Technology LLC, its affiliates and / or affiliates (MyCoins or Us) seek to protect the personal data of individuals who use the Website. Accordingly, MyCoins has developed this policy to describe how and what information is collected from users of the Website and to determine the purposes for which MyCoins may collect, transmit or otherwise make such data available. MyCoins also determines all possible reasonable measures that are necessary to protect the security of your data.

This policy applies to all information you obtain from MyCoins as a result of your use of the Website. The policy does not apply to third party websites that are not affiliated with MyCoins, but may link to such websites through the MyCoins website (hereinafter referred to as third party websites). Please be aware of the privacy policies of such third party websites if you use their websites, as MyCoins is not responsible for and has no influence on the content of third party websites or their privacy practices.

These terms of this policy are subject to any additional terms or conditions (if any) entered into under your contract with MyCoins and any other applicable law or regulation.

What information do we collect from you and for what purpose?

When you visit the MyCoins website, our server automatically records the details of your visit (for example, without restriction, your IP address, the website from which you visited our website, the type of web browser used during

the visit, the type of device in which the browser is located, MyCoins- The specific pages of the website that you actually visited and the date and duration of your visit to the website, etc.).

Additionally, we collect personal data that you provide to us through the MyCoins website, for example when you enter personal data (first name, last name, gender, address, email address, telephone / fax number, etc.) on the website registration page or when You register on the Website to receive news, or which is provided to us by third parties whose client / subscriber you are, for example when you pay off debts to such third parties and / or top up your subscriber account balance.

MyCoins will use your personal data:

- For the purposes of technical administration of the website and its research and development;
- For client and customer administration and marketing purposes;
- in relation to other MyCoins electronic channels, for the above purposes; - to provide you with information about our products;
- For other cases defined by this policy.

MyCoins complies with all applicable laws and regulations regarding the processing of personal data by us. How do we collect and store information about you?

MyCoins uses technology such as cookies or a tag (hereinafter referred to as tracking technology) to collect the above information (see: What information do we collect from you and for what purpose?) And to understand how visitors use our website.

The technology of ready-made records or tags helps us to manage and improve the efficiency of the website, for example, whether there was any connection between your computer and our website in the past, to identify the most popular sections of the website and more.

Please make sure that the rules for your finished records are written in such a way that you do not select the type of ready-made records that you do not allow MyCoins to use.

When you save the rules of your finished records, they also apply to your future visits to the MyCoins website. However, for technical reasons beyond MyCoins, this is not guaranteed. For example, if you have restored / reinstalled your Internet browser, deleted the finished records, or visited the MyCoins website using another Internet browser or device, your finished record rules may be lost.

In many cases, you can also control tracking technologies with your Internet browser. Please make sure your web browser reflects whether you want to, where possible, warn them about tracking technologies and / or their adoption. You can usually find out more about your browser's special features and instructions for using them in your browser's guide or "Help" section.

Refusal to use or deactivate tracking technologies may adversely affect the availability and functionality of the services offered by the MyCoins Website or its various parts.

To whom do we transfer the information collected about you from the website?

MyCoins may disclose your information to affiliates, its or its affiliates, or third-party MyCoins service providers outside or within your country, for the purposes set forth above. Affiliates, agents and third-party service providers who have access to your personal data obtained through the MyCoins Website also have a responsibility to protect the privacy of such data.

When we transfer international personal data, we make sure that we are in compliance with applicable laws and regulations, for example, we enter into appropriate agreements with those who receive your personal data from us to ensure that this data is adequately protected.

We may also disclose your information to public authorities or entities, regulators or any other person based on applicable laws, regulations, court decisions or formal requests, instructions issued by the state regulator and for the purposes or purposes of any applicable law.

What security measures have we taken to protect your information obtained through the Website?

MyCoins has implemented all reasonable technical and organizational security measures available to it to protect your personal data collected by MyCoins through the Website from unauthorized access, use, loss or destruction. How do we respond to emails sent by MyCoins and MyCoins?

All emails (SMS, email, etc.) sent by MyCoins and MyCoins are automatically stored in a special electronic journal system that has the power of legal proof. We protect them through reasonable technical and organizational measures and access to them is allowed only in certain cases, in strict compliance with applicable laws and regulations (eg court ruling, suspected crime, breach of regulatory obligations, substantial breach of contract by special legal function) Compliance or Risk Service). Each step of the process, including the search criteria used, is entered in a special audit field. All messages are destroyed after the expiration of a reasonable period of time for their storage.

What should you consider when sending data over the Internet?

The Internet is not considered to be a secure environment, and information sent over the Internet (for example using a website or email notification system) may be accessed by unauthorized third parties, which may result in the disclosure of information, material changes or other technical errors. Regardless of whether the sender or recipient of the information are in the same country, information sent over the Internet may be transmitted across international borders and may be found in a country where, unlike your country, there are weak mechanisms for protecting personal data.

Please note that we are not responsible for the security of your information at a time when this information is being transmitted to MyCoins via the Internet. In order to protect the privacy of your personal information, we would like to remind you that you can choose the method you deem most appropriate for communicating with MyCoins.

How do we treat information about persons under 18 years of age?

MyCoins does not serve individuals who have not reached the age of 18 and therefore the Website does not collect personal data from such individuals. Persons under the age of 18 must obtain permission from their parents or legal guardians before submitting personal data through the Website to MyCoins. How can you access or access personal data?

The conditions are valid from June 11, 2018

In accordance with the current legislation or regulations, you can:

- check whether we store your personal data; - Ask us to provide a copy of your personal data protected by us; Or - Request the elimination of inaccuracies in your personal data protected by us.

If you have any requirements regarding the processing of your personal data, please send us an email to the following address: info@MyCoins.ge
