FOR INFORMATION PURPOSES

This document gives you an indication of our prices. The total cost will always vary depending on the type of event you're organizing as well as its timing and number of guests.

DOME EVENTHALL

The rental price of the entire Dome Eventhall is **€7,950 excl. VAT** for 24 hours. If you require a setup and/or dismantling day (24 hours), an additional **€3,975 excl. VAT** per setup and/or dismantling day will apply.

A project coordination fee is always budgeted in your quote for **€850 excl. VAT** per event.

The use of a cloakroom (with 600 hangers), 150 "Hotel" chairs, and a stage is included in this price.

Additional chairs or furniture can be provided on request.

TECHNICAL EQUIPMENT

Dome Eventhall provides a technical kit, installed in our event hall by our partner ADC Productions. This kit contains sound, lighting, and projection equipment (as well as a stage). Details of this kit are available on request. The basic technical kit is always included in your quote for **€3,500 excl. VAT** per event day (decreasing prices for multiple consecutive event days).

A technician is also required per setup and/or dismantling day and per event day, for **€55 excl. VAT** per hour (minimum 12-hour shift). According to your technical needs, additional technicians may be required at the same rates.

You are free to work with any other technical partner for your event; however, this does not exempt you from the cost of the basic technical kit or from the mandatory presence of at least one ADC technician.
