## General Information

This qualification guide contains details of everything you need to know about the [OCNLR Awards in Exploring Careers in the Green Industries](#). It makes reference to the curriculum areas covered, identifies the learners for whom the qualifications have been developed and specifies the rules of combination for achievement of the qualifications. The guide also covers important aspects of assessment and moderation that are particular to the qualifications. The guide should be used by all involved in the delivery and assessment of the qualifications.

The Curriculum and Relationship Development Manager (CRDM) for your Centre will provide support and advice on how to seek approval to offer these qualifications. Please contact the main switchboard for the name of your CRDM if you do not already know it. If you are not yet an OCN London Approved Centre but wish to use these qualifications, please contact the administrative team at OCN London for details of the Centre Approval application process.

## Qualification Overview

The **OCNLR Awards in Exploring Careers in the Green Industries** is one of a group of Awards that have been developed in 'green' topic areas. Collectively, the Awards aim to provide learners with knowledge and understanding in the basic principles of sustainability and environmental impacts. They introduce learners to key issues and raise awareness of the topic and their role in helping make sustainable choices, thereby helping them to develop basic green skills required for jobs and a career in the green sector.

The Awards are intended to enhance the personal growth and employability of learners. They can be delivered to a diverse group of learners at Entry 3, Level 1 and Level 2 in a number of contexts, such as induction, full study programmes as part of an enrichment programme, supported internships, traineeships and apprenticeships.

The **OCNLR Awards in Exploring Careers in the Green Industries** focus specifically on gaining knowledge of the green industries and the career opportunities they offer and understanding the range of employment opportunities available in this high priority, growth area.

The **OCNLR Awards in Exploring Careers in the Green Industries** are regulated by Ofqual, the qualifications regulator for England, and are registered on the Regulated Qualifications Framework (RQF).

### Purpose of the qualifications

The purpose of the Awards is to encourage learners to explore the range of employment opportunities available in the green industries, consider their own suitability for a specific job role and create a personal development plan to gain employment in the green sector.

### Who the qualifications are for

The [OCNLR Awards in Exploring Careers in the Green Industries](#) are suitable for a diverse range of learners, including:

- those who are interested in sustainability and green issues;
- those who wish to explore careers in the green industries;
- those who wish to gain employment in the green industries;
- those who wish to progress to further study in the green sector;
- young people aged 14-19 in various educational settings;
- learners in Supported Learning (E3); and
- adults, e.g., long-term unemployed, those facing redundancy, those with no previous qualifications or educational experience.

### Entry guidance

The qualifications are suitable for learners of all ages. No previous experience or qualifications required.

### Progression and related qualifications

These Awards provide learners with transferable skills for exploring careers and creating action plans for gaining employment in general, and specifically in the green industries. Progression from these Awards would ultimately be gaining employment (paid or voluntary) in a chosen role in a green industry, or engaging in further study in a 'green' related area.

## Assessment and Moderation

### Assessment process

The assessment process for these qualifications is as follows:

- the learners are assessed through activities that are internally set by tutor/assessors;
- the activities must be designed to enable learners to meet the assessment criteria of the unit;
- learners' portfolios of assessed evidence must be internally moderated at the Centre;
- the portfolios of assessed evidence will be externally moderated by an OCN London External Moderator.

There is no additional external assessment for these qualifications.

### Devising assessments

Each unit has a supplementary page with suggestions for the types of assessment activities that can be used to assess learners against the unit. Tutor/assessors should refer to this page before devising assessment tasks.

OCN London assessment guidance relevant to the units in the qualifications is in the [OCNLR Assessment Guidance and Ofqual Level Descriptors](#) section of this qualification guide. The guidance includes a general description of the activity and the type of evidence that is appropriate. The activity or activities set must enable the learners to meet the standards detailed in the assessment criteria. Please contact OCN London for further guidance on devising appropriate assessments.

Centre-devised assessments should be scrutinised by the Internal Moderator before use to ensure that they are fit for purpose. Centre-devised assessments will be scrutinised by the External Moderator to ensure reliability and validity of assessment.

### Marking assessment activities

Each activity must be marked against the identified assessment criteria in the unit and judged to be either achieved or not achieved.

Tutor/assessors need to ensure that the work in a learner's portfolio is:

- authentic – it is the result of the learner's own performance or activity;
- sufficient – enabling the assessor to make a consistent and reliable judgement;
- adequate – appropriate to the level.

Where a series of activities are set, learners must demonstrate the achievement of the required standard identified in the assessment criteria in all activities. All the assessment criteria in a unit must be met before the unit is deemed achieved.

The unit achievement is not graded. Units are either achieved or not achieved.

## Standardisation

Standardisation is a process that promotes consistency in the understanding and application of standards in relation to assessment. It:

- compares assessment judgements from different tutor/assessors
- promotes consistent judgements by different tutor/assessors;
- identifies good practice in assessment;
- promotes the sharing of good practice in assessment between Centre staff.

Standardisation events should be held periodically within Centres to ensure consistent and effective assessment practice. Standardisation events may also be held by OCN London and it is a requirement that each Centre offering units from the qualifications must contribute assessment materials and learners' evidence for standardisation, if requested.

OCN London will notify Centres of the required sample for standardisation purposes and assessment materials, learners' evidence and tutor/assessor feedback may be collected by External Moderators.

## Learners with particular requirements

If learners have particular requirements the Centre should refer to the [Access to Fair Assessment Policy and Procedure](#) which gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty, without compromising the achievement of the assessment criteria.

## Requirements for tutor/assessors

### To be sufficiently competent

In addition to being qualified to make assessment decisions, each tutor/assessor must be capable of carrying out the full requirements within the competency of the units they are assessing. This competence should be maintained annually through clearly demonstrable continuing learning and professional development.

Expert witnesses can be used where they have suitable expertise for specialist areas. The use of expert witnesses should be determined and agreed by the tutor/assessor.

### To be sufficiently knowledgeable

Each tutor/assessor should possess relevant knowledge and understanding of the subject and so be able to make robust and reliable assessment decisions in relation to the subject.

## About OCN London

OCN London is a well-established national awarding organisation with over 25 years' experience in accrediting learning. We are a not-for-profit organisation with charitable status, dedicated to widening participation in learning and training, social inclusion and employability. We are also a market leader in the recognition of achievement through credit-based units and qualifications. Based in London, we work with Centres both across the UK and abroad, offering national qualifications and accredited programmes.

Our mission is to provide opportunities for people from across society to benefit from learning, particularly those who have not previously benefitted from education.

### Why work with us?

- We are agile and responsive. This means you will get a personal service with direct access to a named contact and a quick turnaround.
- We pride ourselves on our close relationships with Centres. The people we work with see us as a trusted partner, not just a supplier.
- We want to help you get the best from your learners and employees.
- We have a reputation for high quality. The OCN London brand carries national recognition and kudos.
- We are flexible and recognise the importance of accommodating the needs of different learners and different learning styles.
- We offer exceptional value for money. Just ask the people we work with.
- We are committed to the belief that learning can change lives.

OCN London is regulated by Ofqual and the Quality Assurance Agency for Higher Education.
