Qualification Overview

The OCNLR Level 2 Qualifications in Information, Advice or Guidance aim to create a career pathway for learners in information, advice or guidance and to fill the acknowledged gap in provision for those giving information, advice or guidance at this level. Research undertaken by ENTO for the Sector Qualification Strategy identified that only a small range of qualifications were available to the advice or guidance sector with little or no choice at most levels.

The qualifications are an important innovation in that they have been developed to acknowledge and underpin the practice of those who may deliver information, advice or guidance as part of their role, while not employed primarily in that capacity. They provide flexible credit-based qualifications that are responsive both to the needs of the learner (the employee) and the employer and show incrementally what a learner has achieved.

The OCNLR Level 2 Award in Information, Advice or Guidance provides learners with an opportunity to obtain a qualification which is smaller in size than previously offered.

The OCNLR Level 2 Certificate in Information, Advice or Guidance provides an opportunity for those who have completed the OCNLR Level 2 Award in Information, Advice or Guidance to progress to a qualification offering specialist pathways.

The qualifications will be beneficial in three key areas:

- To the learner, who will become better skilled and confident in information, advice or guidance delivery
- To the organisation, to which the learner is attached as the learner's practice becomes more informed and confident
- To the client, who will receive a higher quality service.

The qualifications were developed with:

- Employment National Training Organisation (ENTO)
- Lifelong Learning UK (LLUK)
- Children's Workforce Development Council (CWDC)
- Voluntary Sector Organisations including National Citizens Advice Bureau
- Museums, Libraries and Archive Council and the local Library Service
- Private Training Providers, for example A4E
- FE Colleges
- General Advice Sector, for example Advice UK
- Careers Education Sector
- Schools and 14-19 education service providers

Assessment and Moderation

Assessment process

The assessment process for this qualification is as follows:

- The learners are assessed through activities that are internally set by tutor assessors;
- The activities must be designed to enable learners to meet the assessment criteria of the unit;
- Learners' portfolios of assessed evidence must be internally moderated at the Centre;
- The portfolios of assessed evidence will be externally moderated by an OCN London External Moderator.

There is no additional external assessment for this qualification.

Devising assessments

Each unit has a supplementary page with information on the types of assessment activities that *can* (indicated as 'Optional' or 'O') and/or *must* (indicated as 'Prescribed' or 'P') be used to assess learners against the unit. Tutor assessors must always refer to this page before devising assessment tasks.

OCN London assessment guidance relevant to the units in this qualification is in the 'OCNLR Assessment Guidance and Ofqual Level Descriptors' section of this qualification guide. The guidance includes a general description of the activity and the type of evidence that is appropriate. The activity or activities set must enable the learners to meet the standards detailed in the assessment criteria. Please contact OCN London for further guidance on devising appropriate assessments.

Centre devised assessments should be scrutinised by the Internal Moderator before use to ensure that they are fit for purpose. Centre devised assessments will be scrutinised by the External Moderator to ensure reliability and validity of assessment.

Marking assessment activities

Each activity must be marked against the identified assessment criteria in the unit and judged to be either achieved or not achieved.

Assessors need to ensure that the work in a learner's portfolio is:

- Authentic – it is the result of the learner's own performance or activity;
- Sufficient – enabling the assessor to make a consistent and reliable judgement;
- Adequate – appropriate to the level.

Where a series of activities are set, learners must demonstrate the achievement of the required standard identified in the assessment criteria in all activities. All of the assessment criteria in a unit must be met before the unit is deemed achieved.

The unit achievement is not graded. Units are either achieved or not achieved.

Standardisation

Standardisation is a process that promotes consistency in the understanding and application of standards, it:

- Establishes statements on the standard of evidence required to meet assessment criteria for units in OCN London qualifications;
- Identifies good practice in assessment;
- Makes recommendations on assessment practice.

It is a requirement of the Centre Approval process that each Centre offering the units from the qualification must contribute assessment materials and learners' evidence for standardisation if requested.

OCN London will notify Centres of the required sample for standardisation purposes and assessment materials, learners' evidence and tutor feedback may be collected by External Moderators.

Learners with particular requirements

If learners have particular requirements the Centre should refer to the 'Access to Fair Assessment Policy and Procedure' which can be found on our website at: [Access to Fair Assessment Policy and Procedure](#) and gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty, without compromising the achievement of the assessment criteria.

Requirements for assessors

Assessors of the qualification are expected to be:

Sufficiently competent

In addition to being qualified to make assessment decisions, each assessor must be capable of carrying out the full requirements within the competency of the units they are assessing. This competence should be maintained annually through clearly demonstrable continuing learning and professional development.

Expert witnesses can be used where they have suitable expertise for specialist areas. The use of expert witnesses should be determined and agreed by the assessor.

Sufficiently knowledgeable

Each assessor should possess relevant knowledge and understanding of the subject and so be able to make robust and reliable assessment decisions in relation to the subject.
