Assessment and Moderation

Assessment process

The assessment process for this qualification is as follows:

- The learners are assessed through activities that are internally set by tutor assessors;
- The activities must be designed to enable learners to meet the assessment criteria of the unit;
- Learners' portfolios of assessed evidence must be internally moderated at the Centre;
- The portfolios of assessed evidence will be externally moderated by an OCN London External Moderator.

There is no additional external assessment for this qualification.

Devising assessments

If the assessment criterion uses the verb 'demonstrate' the learner must demonstrate the skill.

If demonstration of a skill requires a complex sequence of actions (e.g. CPR, unresponsive casualty, choking and wounds and bleeding) each step in the sequence should be assessed.

The assessment must be designed in such a way as to ensure reliability and clear marking guidance must be provided to trainers, assessors and internal quality assurers.

Some assessment criteria contain bullet points, and it is intended that the learner should be assessed against each bullet pointed item.

Each unit has a supplementary page with information on the types of assessment activities that can (indicated as 'Optional' or 'O') and/or must (indicated as 'Prescribed' or 'P') be used to assess learners against the unit. Tutor assessors must always refer to this page before devising assessment tasks.

OCN London assessment guidance relevant to the units in this qualification is in the '[OCNLR Assessment Guidance and Ofqual Level Descriptors](#)' section of this qualification guide. The guidance includes a general description of the activity and the type of evidence that is appropriate. The activity or activities set must enable the learners to meet the standards detailed in the assessment criteria. Please contact OCN London for further guidance on devising appropriate assessments.

Centre devised assessments should be scrutinised by the Internal Moderator before use to ensure that they are fit for purpose. Centre devised assessments will be scrutinised by the External Moderator to ensure reliability and validity of assessment.

Marking assessment activities

Each activity must be marked against the identified assessment criteria in the unit and judged to be either achieved or not achieved.

Assessors need to ensure that the work in a learner's portfolio is:

- Authentic – it is the result of the learner's own performance or activity;
- Sufficient – enabling the assessor to make a consistent and reliable judgement;
- Adequate – appropriate to the level.

Where a series of activities are set, learners must demonstrate the achievement of the required standard identified in the assessment criteria in all activities. All of the assessment criteria in a unit must be met before the unit is deemed achieved.

The unit achievement is not graded. Units are either achieved or not achieved.

Standardisation

Standardisation is a process that promotes consistency in the understanding and application of standards in relation to assessment. It:

- compares assessment judgements from different tutor/assessors;
- promotes consistent judgements by different tutor/assessors;
- identifies good practice in assessment;
- promotes the sharing of good practice in assessment between centre staff.

Standardisation events should be held periodically within centres to ensure consistent and effective assessment practice. Standardisation events may also be held by OCN London and it is a requirement that each Centre offering units from the qualification must contribute assessment materials and learners' evidence for standardisation, if requested.

OCN London will notify Centres of the required sample for standardisation purposes and assessment materials, learners' evidence and tutor feedback may be collected by External Moderators.

Learners with particular requirements

If learners have particular requirements the Centre should refer to the 'Access to Fair Assessment Policy and Procedure' which can be found on our website at: [Access to Fair Assessment Policy and Procedure](#) and gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty, without compromising the achievement of the assessment criteria.

Registered healthcare professionals must act within their scope of practice and therefore have current expertise in First Aid to teach/assess the subject.

About OCN London

OCN London is a well-established national awarding organisation with over 25 years' experience in accrediting learning. We are a not-for-profit organisation with charitable status, dedicated to widening participation in learning and training, social inclusion and employability. We are also a market leader in the recognition of achievement through credit-based units and qualifications. Based in London we work with Centres both across the UK and abroad, offering national qualifications and accredited programmes.

Our mission is to provide opportunities for people from across society to benefit from learning, particularly those who have not previously benefitted from education.

Why work with us?

- We are agile and responsive. This means you will get a personal service with direct access to a named contact and a quick turnaround.
- We pride ourselves on our close relationships with Centres. The people we work with see us as a trusted partner, not just a supplier.
- We want to help you secure the best from your learners and employees.
- We have a reputation for high quality. The OCN London brand carries national recognition and kudos.
- We are flexible and recognise the importance of accommodating the needs of different learners and different learning styles.
- We offer exceptional value for money. Just ask the people we work with.
- We are committed to the belief that learning can change lives.

OCN London is regulated by Ofqual and the Quality Assurance Agency for Higher Education.
