These qualifications are available within the United Kingdom and overseas and are only offered in English.

The **OCNLR Entry Level Certificate in ESOL International (Entry 3) (CEFR B1)**, are regulated by Ofqual, the qualifications regulator for England, and are registered on the Regulated Qualifications Framework (RQF). It is not a licence to practise.

The qualifications are suitable for learners of any age.

Progression and related qualifications

The **OCNLR ESOL International Qualifications** allow learners to focus their English language development on reading, writing, and speaking and listening. These linguistic modes are available across four levels (Entry 3 to Level 3), allowing progression through the levels.

Learners may progress from these qualifications:

- to further qualifications in English (e.g., higher level ESOL International qualifications);
- to OCN London or other vocationally-related and employability qualifications;
- into further or higher-level education;
- into employment.

Achievement methodology

The qualification(s) will be awarded to learners who successfully achieve a pass mark in all skill areas (for the full Certificate this is four skill areas; for Awards this is the two skill areas of Reading and Listening). Assessments are administered as follows:

Listening, Reading and Writing – Externally Set, Externally Assessed

The Listening, Reading and Writing components are assessed via externally set and externally marked assessments.

- Centres are sent assessment materials electronically up to one week before the assessment window, allowing sufficient time to print materials.
- Assessment materials must be kept secure and may only be accessed at the scheduled assessment time.
- Materials consist of:
 - a) an assessment paper,
 - b) candidate answer sheets (one for Listening and Reading, one for Writing),
 - c) mp3 recordings.

- Candidate answer sheets must be returned to OCN London within two weeks of the assessment, all other materials must be securely destroyed (unless express permission is sought from OCN London).
- Please note that for the Awards (Reading & Listening only), writing tasks and answer sheets will not be provided.

Speaking – Externally Set, Internally Assessed and Quality Assured, then Externally Quality Assured

The Speaking component is assessed via an externally set, internally marked assessment.

- Centres are sent assessment materials up to two weeks before the assessment window, allowing sufficient time to print materials.
- Stimulus materials pertaining to Speaking tasks 2 and 3 may be shared with candidates up to two weeks before their scheduled assessment, all other assessment materials must be kept secure and may only be accessed at the scheduled assessment time.
- Materials consist of:
 - a) speaking interlocutor instructions and stimulus materials,
 - b) speaking assessment mark scheme.
- Candidates sit the assessment at the centre and all tasks (1-3) must be recorded in line with the guidance as laid out in the Interlocutor Instructions.
- All Speaking assessments must be assessed and internally quality assured, with a representative sample of recordings and mark sheets sent to OCN London within two weeks of the assessment.
- Please note that Speaking is not assessed within the Reading & Listening only Award.

Relationship to other frameworks

The OCNLR ESOL International Qualifications are based on the [Common European Framework of Reference for Languages](#).

Funding

Within the UK, please check the '[Find a Learning Aim](#)' website for up-to-date funding information relevant to your organisation.

Structure of the qualification

Qualification Achievement and Grade Boundaries

OCNLR ESOL International Qualifications assess learners' skills in Reading, Writing, Speaking and Listening. The cumulative mark total across all four **OCNLR ESOL International Qualification** assessments (Reading, Writing, Speaking, Listening) at each level (Entry 3 (B1) – Level 3 (C2)) is 120.

The **OCNLR ESOL International (Reading and Listening) Awards** assess learners' skills in Reading and Listening. The cumulative mark total across both **OCNLR ESOL International (Reading and Listening) Award** assessments at both levels (Level 1 (B2) & Level 3 (C2)) is 60.

In order to achieve a pass at each level, candidates should achieve 50% or more of the total marks available and attempt each of the skill areas.

Subject to variance, grade boundaries are as follows:

- Fail – 0%-49%
- Pass – 50%-64%
- Merit – 65%-79%
- Distinction – 80%+

Progression Between Qualifications

Learners who have achieved an **OCNLR International (Reading and Listening) Award** at Level 1 or Level 3 (B2 / C2) may proceed to complete a full Certificate (featuring all four modes – Reading, Writing, Speaking, Listening).

If progressing from Reading and Listening to the full Certificate within the same academic year (September of one year to August of the next), learners' Reading and Listening scores will be recognised towards achievement of the full Certificate.

Please note that learners progressing from Reading and Listening to the full Certificate are not required to sit the Reading and Listening assessments a second time. If they do so, their highest scores in these modes will count towards completion of the full Certificate.

Learners sitting the Reading and Listening Award and full Certificate in different academic years will have to sit for all four modes (Reading, Writing, Speaking, Listening).

Entry 3 (CEFR B1) – available as a full Certificate only

- The task must be recorded in line with the guidance as laid out in the Invigilator Instructions, with a Mark Scheme completed for each candidate. Candidates are to be marked based on task completion, more so than the features of language which form the basis of assessment in Tasks Two and Three.
- This task should take approximately 2-3 minutes.

- Candidates are prompted by the interlocutor, using prompts as laid out in the Interlocutor Instructions, and must speak for approximately two minutes on the topic. Interlocutors may prompt candidates further if required (i.e., should the candidate run out of things to say), but the expectation is that the candidate will be able to speak predominantly unaided by the interlocutor.
- The task must be recorded in line with the guidance as laid out in the Invigilator Instructions, with a Mark Scheme completed for each candidate. Marks are allocated based on the following criteria (as commensurate with the syllabus as laid out at this level):

- Candidates will answer 10 multiple choice questions based on the exchange, each of which may test their ability to listen for gist, specific information, attitudes or opinions.

Task 3

- For this task, candidates will hear a monologue (e.g., a news broadcast, podcast, speech, etc). The monologue will be played twice.

Centre requirements

Qualification approval

Both centre and qualification approval must be gained by OCN London centres before these qualifications may be delivered. (For information relating to how to become an OCN London centre, contact OCN London or go to the web site at www.ocnlondon.org.uk)

As part of the ESOL qualification approval process, centres must make sure that the requirements below, as well as the general requirements set out in the [OCN London Centre Operations Handbook](#), are in place before offering the qualification:

- audio recording equipment and other appropriate physical resources (e.g. IT, learning materials, teaching rooms) to support delivery and assessment;
- staff involved in the assessment process meet the requirements set out in the 'Centre staffing requirements' section below;
- systems in place that ensure continuing professional development (CPD) for staff delivering the qualifications;
- appropriate health and safety policies relating to the use of equipment by learners;
- delivery of the qualifications in compliance with current equalities legislation.

Eligibility for qualification approval

All OCN London approved centres, and those new to OCN London, must meet the following criteria to offer ESOL qualifications:

- experience in delivering English language programmes and/or assessments;
- appropriate systems and processes in place;
- appropriately qualified and experienced staff available;
- suitable resources available to support the delivery of the qualifications;

Centre staffing requirements

Centre staffing requirements for the delivery and assessment of ESOL International qualifications are outlined below. Centres must ensure that staff can meet all requirements.

Tutor/assessors

It is the responsibility of centres to ensure that all staff involved in the delivery of ESOL qualifications are appropriately qualified.

Tutor/assessors delivering the qualifications should preferably hold, or be working towards, a recognised teaching qualification such as the Level 4 Certificate in Education and Training or Level 5 Diploma in Education and Training (or international equivalents). Ideally, they should hold a specialist ESOL teaching qualification or the CELTA or DELTA qualification and have an ESOL or linguistic background.

In addition to being qualified to make assessment decisions, each tutor/assessor must be capable of carrying out the full requirements within the competency of the units they are assessing. This competence should be maintained annually through clearly demonstrable continuing learning and professional development. Each tutor/assessor should possess relevant knowledge and understanding of the subject and so be able to make robust and reliable assessment decisions in relation to the subject.

Responsibilities of tutor/assessors include:

- teaching the syllabus;
- managing and conducting assessments effectively, following the guidance and instruction provided;
- recording the Speaking assessments;
- marking Speaking assessments, following correct mark schemes, ensuring they are applied fairly and consistently.

Internal moderators

Internal moderators should be ESOL specialists, who also, preferably, hold a recognised internal quality assurance qualification, or be working towards one.¹

Recruiting learners

Centres must ensure that learners have the appropriate information and advice in relation to their selected qualification(s) and have a process in place to ensure effective educational guidance is given.

The recruitment process must include the centre assessing each potential learner and making justifiable and professional judgements about the learner's potential to successfully complete the assessment and achieve the qualification. Such an assessment must identify, where

¹ Internal moderators (IMs) cannot also teach the same cohort they internally moderate. Similarly, tutor/assessors cannot IM each other in a directly reciprocal manner. However, three or more tutor/assessors can create a 'round robin' arrangement where each tutor/assessor is the IM for another tutor/assessor, and in turn has another tutor/assessor as their IM. Usually however, the IM is not also a currently active tutor on the same course or cohort.

appropriate, the support that will be made available to the learner to facilitate access to the qualification(s). It is therefore expected that centres use diagnostic assessments. (See also [‘Initial assessment’, S.4.2, p47](#) for more details.)

Verifying learner identity

Under no circumstances should a learner be allowed to sit a paper without prior registration. Centres must also ensure verification of each learner’s identity at every assessment.

Any attempt by a learner to impersonate another person or to deceive by use of fake identification will be deemed malpractice and will be dealt with as set out in the [OCN London Malpractice and Maladministration Policy](#), displayed on the OCN London website.

Learners who wear face veils may require female staff to carry out the identity check in a private place.

Assessment and Moderation

Assessment overview

OCN London has an ESOL assessment methodology for each qualification that ensures a robust, rigorous approach to assessing the English language skills of learners, for whom English is not their first language.

The qualification(s) will be awarded to learners who successfully achieve a pass mark in all skill areas (for the full Certificate this is four skill areas; for the Award, the two skill areas of Reading and Listening). Assessments are administered as follows:

Listening, Reading and Writing – Externally Set, Externally Assessed

The Listening, Reading and Writing components are assessed via externally set and externally marked assessments.

- Centres are sent assessment materials electronically up to one week before the assessment window, allowing sufficient time to print materials.
- Assessment materials must be kept secure and may only be accessed at the scheduled assessment time.
- Materials consist of:
 - a) an assessment paper,
 - b) candidate answer sheets (one for Listening and Reading, one for Writing),
 - c) mp3 recordings.
- Candidate answer sheets must be returned to OCN London within two weeks of the assessment, all other materials must be securely destroyed (unless express permission is sought from OCN London).
- Please note that for the Reading & Listening only Award, writing tasks and answer sheets will not be provided.

Speaking – Externally Set, Internally Assessed and Quality Assured, then Externally Quality Assured

The Speaking component is assessed via an externally set, internally marked assessment.

- Centres are sent assessment materials up to two weeks before the assessment window, allowing sufficient time to print materials.
- Stimulus materials pertaining to Speaking tasks 2 and 3 may be shared with candidates up to two weeks before their scheduled assessment, all other assessment materials must be kept secure and may only be accessed at the scheduled assessment time.
- Materials consist of:
 - a) speaking interlocutor instructions and stimulus materials,
 - b) speaking assessment mark scheme.
- Candidates sit the assessment at the centre and all tasks (1-3) must be recorded in line with the guidance as laid out in the Interlocutor Instructions.

- All Speaking assessments must be assessed and internally quality assured, with a representative sample of recordings and mark sheets sent to OCN London within two weeks of the assessment.
- Please note that Speaking is not assessed within the Reading & Listening only Award.

Learners unsuccessful in one or more component will not be eligible to receive a qualification. They may be re-registered and given another opportunity for assessment within a future assessment window.

Further guidance on the conduct of the assessment is provided below – see '[Conduct of assessment events](#)', S.4.8, p50.

Initial assessment

It is expected that centres use diagnostic assessments. An initial assessment of each learner should be made before the start of their programme to identify:

- their current English language capabilities and areas for development;
- any ESOL or other English language qualifications they may have completed previously;
- the ESOL International qualification they should work towards.

We recommend that centres provide an induction programme so the learner can fully understand the requirements of the **ESOL International Qualification(s)**, their responsibilities as a learner, and the responsibilities of the centre. This information can be recorded in a learning contract.

Accessing the assessments

OCN London's ESOL assessments are available within two weeks of the assessment window via QuartzWeb.

Centres should check papers and test any sound files prior to usage in assessment events. If centres are unable to access or effectively play sound file(s) for Listening assessments, they must inform OCN London. If centres require assessments in alternative formats, they should contact OCN London. (See '[Accessibility and Reasonable Adjustments](#)', S.4.6, p47 below.)

Assessment materials

Sample assessments and mark schemes are provided for all levels of the qualifications, as well as live assessments for formal assessment events. Sample assessment papers are available to download from the OCN London web site.

Accessibility and reasonable adjustments

The **OCN London ESOL International Qualifications** are designed to be inclusive and reflect common variations in learners' normal methods of working.

Where a learner is disabled within the meaning of the Equality Act 2010 and would be at a substantial disadvantage in comparison with someone who is not disabled, it is a requirement to make reasonable adjustments.

If learners have particular requirements the centre should initially refer to the [Access to Fair Assessment Policy and Procedure](#) which gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty, without compromising the achievement of the assessment criteria.

Contact OCN London with regards any learners who require reasonable adjustments and to check any proposed reasonable adjustments prior to usage. This will enable OCN London to confirm that the proposed adjustments are reasonable and do not unfairly advantage or disadvantage that learner compared to others.

The following statements set out the permitted reasonable adjustments which might be considered for each linguistic mode.

Accessibility and specific modes

Reading

The Reading units each require learners to obtain information from text in the medium of English. 'Text' is defined as including words that are written, printed, onscreen or in Braille.

Learners must be able to decode and indicate their understanding of texts independently and without third party assistance, although in doing so they may deploy their normal methods of working where these involve using routinely available equipment and do not compromise independent achievement of the assessment criteria.

For example, it would be acceptable for learners to use screen reading technology if this is how they would normally read written documents and they are able to do so to the standard required

by the assessment criteria. It would **not** be acceptable for learners to be supported by a human reader.

The table below indicates the permitted range of adjustments that might be considered. Please note that the use of monolingual dictionaries is permitted during the assessment of reading.

Writing

The Writing units each require learners to convey information via text in the medium of English. 'Text' is defined as words that are written, printed, onscreen or in Braille, and which are presented in a way that is accessible for the intended audience.

Learners must be able to construct text independently and without third party assistance, although in doing so they may deploy their normal methods of working where these involve using routinely available equipment and do not compromise independent achievement of the assessment criteria.

For example, it would be acceptable for learners to use voice recognition technology if this is how they would normally produce written documents and are able to operate this equipment to the level of accuracy required by the assessment criteria. It would not be acceptable for learners to be supported by a human scribe.

The table below indicates the permitted range of adjustments that might be considered. Please note that the use of dictionaries (mono- or bilingual) is permitted during the assessment of writing, and there is no inherent requirement to handwrite (e.g., text could be produced using a personal computer or assistive technology).

Speaking and listening

The Speaking and Listening units each require learners to obtain and convey information via non-written communication in the medium of English. No other languages (including sign languages, such as BSL) may be used and any exchanges should normally be conducted face-to-face.

The table on the next page indicates the permitted range of adjustments that might be considered. Please note that learners may have access to dictionaries (mono- or bilingual) as a matter of course, and there is no inherent requirement to read or write (provided responses are captured in an auditable form and are clearly authentic).

Conduct of assessment events

Formal 'exam conditions' are required and are fully detailed in the OCN London Instructions for Conducting ESOL International Exams document.

Marking and retention of completed assessments

Following on from ESOL International assessments, centres should have the following documents/files for each candidate:

- 1 Multiple Choice Candidate Answer Sheet – for the Listening and Reading Assessments (for the full Certificate and Reading & Listening Award)
- 1 Candidate Answer Booklet – for the Writing Assessment (for the full Certificate only)
- Digital Voice Recording – for all three Speaking Assessments (for the full Certificate only)
- 1 Assessor Record – for all three Speaking Assessments (for the full Certificate only)

1. In addition to which, centres will have generated the following documents:

- Seating Plan
- Attendance Registers for Listening, Reading, Writing, and Speaking Assessment events
- Invigilation Report

2. All of the paper/written documents should be digitised (i.e., scanned).

3. The following must be uploaded to OCN London **within 10 working days** of the assessment:

- Multiple Choice Candidate Answer Sheets – for the Listening and Reading Assessment (for the Full Certificate and Reading & Listening Award)
- Candidate Answer Booklets – for the Writing Assessment (for the Full Certificate only)
- Attendance Register (for the Full Certificate and Reading & Listening Award)
- Digital Voice Recordings – For **all three** Speaking Assessments (for the full Certificate only)
- Assessor Records – For **all three** Speaking Assessments (for the full Certificate only)

4. The following documents are not automatically required by OCN London, but may be requested:

- Seating Plan
- Invigilation Report

5. Centres will be issued with an OCN London managed QuartzWeb account for the express purpose of submitting assessments.

6. Once submitted, paper assessment documentation must be retained securely until all results and appeals for the examination window have been resolved/closed, at which point they may be securely destroyed.

Resitting an assessment

Learners unsuccessful in one or more component may be re-registered for a future assessment window. There is no minimum time between assessment attempts (i.e., the learner may be entered in the next available window), although where learners have been unsuccessful in a particular skill area, they will need adequate opportunity for further practice in the relevant skill.

Credit transfer

‘Credit transfer’ is the transfer of credit from units awarded in the context of a qualification, usually awarded by a different awarding organisation, towards the achievement of another qualification.

Please note that credit transfers do not apply to OCN London ESOL International Qualifications.

Recognition of prior learning

Learners who have achieved an **OCNLR International (Reading and Listening) Award** at Level 1 or Level 3 (B2 / C2) may proceed to complete a full Certificate (featuring all four modes – Reading, Writing, Speaking, Listening). If progressing from Reading and Listening to the full Certificate within the same academic year (September of one year to August of the next), learners’ Reading and Listening scores will be recognised towards achievement of the Full Certificate.

Please note that learners progressing from Reading and Listening to the full Certificate are not required to sit the Reading and Listening assessments a second time. If they do so, their highest scores in these modes will count towards completion of the full Certificate.

Learners sitting the Reading and Listening Certificate and full Certificate in different academic years will have to sit for all four modes (Reading, Writing, Speaking, Listening).

Moderation

A representative sample of Speaking assessments are required to be internally moderated by centre staff to ensure integrity regarding assessment practice and judgements, before OCN London conducts external moderation. Further information can be found in the [OCN London Centre Operations Handbook](#) and ‘[Internal moderators](#)’ S3.3.2, p45 of this Qualification Guide.

Standardisation is a process that promotes consistency in the understanding and application of standards in relation to assessment. It:

- compares assessment judgements from different tutor/assessors;
- promotes consistent judgements by different tutor/assessors;
- identifies good practice in assessment;
- promotes the sharing of good practice in assessment between centre staff.

Standardisation events should be held periodically within centres to ensure consistent and effective assessment practice. Standardisation events may also be held by OCN London.
