OCN London Qualification Guide

OCNLR Level 1 Award in Preventing the Spread of Infection and Disease
Qualification No: 603/6168/2

OCN London aims to support learning and widening opportunities by recognising achievement through credit-based courses and qualifications, promoting high standards of excellence and inclusiveness. We are proud of our long-term role and unique history in providing innovative learning solutions for a wide range of learners and particularly those who have not previously benefitted from education.

At the heart of what OCN London offers is:

- a commitment to inclusive credit-based learning;
- the creative use of credit with responsive, demand-led qualification development;
- high quality service and support;
- respect for and encouragement of diversity – in learners and learning approaches, partners and settings;
- the development of people, capacity and resources that will ensure effective business partnerships.

General Information

This qualification guide contains details of everything you need to know about the **OCNLR Level 1 Award in Preventing the Spread of Infection and Disease.** It makes reference to the curriculum areas covered and identifies the learners for whom the qualification has been developed. The guide also covers important aspects of assessment and moderation that are particular to the qualification. The guide should be used by all involved in the delivery and assessment of the qualification. The Account Manager for your Centre will provide support and advice on how to seek approval to offer the qualification.

If you are not yet an OCN London Approved Centre but wish to use this qualification, then please contact us on **enquiries@ocnlondon.org.uk** for details of the Centre Approval application process.

Qualification Overview

The **OCNLR Level 1 Award in Preventing the Spread of Infection and Disease** qualification has been developed to help centres fulfil their duty of care to learners and help maintain safe working and learning environments.

The qualifications provide an introduction to different causes of infection, a basic understanding of how infection and disease spreads, and actions that can be taken to break the chain and reduce the spread. They require learners to understand their own role and responsibilities in preventing the spread of infection and help to generate discussion to tackle the potentially dangerous impact on health and wellbeing of misinformation often perpetuated by digital media.

OCNLR Awards in Preventing the Spread of Infection and Disease are relevant to all people, in all settings. However, it is recognised that there may be particular challenges for larger educational providers and employers who are managing the interactions and behaviours of a larger number of people, so the qualification will be particularly beneficial to learners in these environments.

The **OCNLR Level 1 Award in Preventing the Spread of Infection and Disease** qualification is regulated by Ofqual, the qualifications regulator for England, and are registered on the Regulated Qualifications Framework (RQF). It is not a licence to practise.

Qualification details

This Qualification is also available at Entry Level Award (Entry 3).

Level 1 Award in Preventing the Spread of Infection and Disease

- Qualification Number: 603/6168/2
- Qualification credit value: 1
- Operational start date: 1st August 2020
- Review date: 31 October 2029
- Total Qualification Time (TQT): 10
- Guided Learning Hours (GLH): 8
- Assessment requirements: internally assessed, internally and externally moderated

Purpose of the qualification

The purpose of the **OCNLR Level 1 Award in Preventing the Spread of Infection and Disease** qualification is to help maintain safe working and learning environments by enabling learners to understand how to safeguard themselves and others against the spread of infections and disease.

Who the qualification is for

The **OCNLR Level 1 Award in Preventing the Spread of Infection and Disease** qualification is suitable for learners of all ages as understanding how infection and disease spreads, and actions that can be taken to break the chain and minimise the spread, is important for all people and in all settings.

Entry guidance

minimum age for access to the qualification is 14 years. There are no specific requirements for the qualifications.

Progression and related qualifications

Learners who successfully complete the **OCNLR Award in Preventing the Spread of Infection and Disease** may apply their knowledge to their learning or work environment and consider further study in a related area.

Structure of the qualification

Rules of combination for achievement

The **OCNLR Level 1 Award in Preventing the Spread of Infection and Disease** comprises one mandatory unit. Learners must achieve the mandatory unit (1 credit).

Qualification units

Ofqual Unit Reference Number	OCNLR Unit Code	Unit Title	Level	Credit Value	GLH
Mandatory unit					
A/618/3055	PL3/1/LQ/001	Preventing the Spread of Infection and Disease	1	1	8

Assessment and Moderation

Assessment process

The assessment process for this qualification is as follows:

- The learners are assessed through activities that are internally set by tutor assessors;
- The activities must be designed to enable learners to meet the assessment criteria of the unit;
- Learners' portfolios of assessed evidence must be internally moderated at the Centre;
- The portfolios of assessed evidence will be externally moderated by an OCN London External Moderator.

There is no additional external assessment for this qualification.

Devising assessments

Each unit has a supplementary page with information on the types of assessment activities that can (indicated as 'Optional' or 'O') and/or must (indicated as 'Prescribed' or 'P') be used to assess learners against the unit. Tutor assessors must always refer to this page before devising assessment tasks.

OCN London assessment guidance relevant to the units in this qualification is in the 'OCNLR Assessment Guidance and Ofqual Level Descriptors' section of this qualification guide. The guidance includes a general description of the activity and the type of evidence that is appropriate. The activity or activities set must enable the learners to meet the standards detailed in the assessment criteria. Please contact OCN London for further guidance on devising appropriate assessments.

Centre devised assessments should be scrutinised by the Internal Moderator before use to ensure that they are fit for purpose. Centre devised assessments will be scrutinised by the External Moderator to ensure reliability and validity of assessment.

Marking assessment activities

Each activity must be marked against the identified assessment criteria in the unit and judged to be either achieved or not achieved.

Assessors need to ensure that the work in a learner's portfolio is:

- Authentic – it is the result of the learner's own performance or activity;
- Sufficient – enabling the assessor to make a consistent and reliable judgement;
- Adequate – appropriate to the level.

Where a series of activities are set, learners must demonstrate the achievement of the required standard identified in the assessment criteria in all activities. All of the assessment criteria in a unit must be met before the unit is deemed achieved.

The unit achievement is not graded. Units are either achieved or not achieved.

Standardisation

Standardisation is a process that promotes consistency in the understanding and application of standards in relation to assessment. It:

- compares assessment judgements from different tutor/assessors;
- promotes consistent judgements by different tutor/assessors;
- identifies good practice in assessment;
- promotes the sharing of good practice in assessment between centre staff.

Standardisation events should be held periodically within centres to ensure consistent and effective assessment practice. Standardisation events may also be held by OCN London and it is a requirement that each Centre offering units from this qualification must contribute assessment materials and learners' evidence for standardisation, if requested.

OCN London will notify Centres of the required sample for standardisation purposes and assessment materials, learners' evidence and tutor feedback may be collected by External Moderators.

Learners with particular requirements

If learners have particular requirements the Centre should refer to the 'Access to Fair Assessment Policy and Procedure' which can be found on our website at: Access to Fair Assessment Policy and Procedure and gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty, without compromising the achievement of the assessment criteria.

Requirements for tutor/assessors

To be sufficiently competent

In addition to being qualified to make assessment decisions, each assessor must be capable of carrying out the full requirements within the competency of the units they are assessing. This competence should be maintained annually through clearly demonstrable continuing learning and professional development.

Expert witnesses can be used where they have suitable expertise for specialist areas. The use of expert witnesses should be determined and agreed by the assessor.

To be sufficiently knowledgeable

Each assessor should possess relevant knowledge and understanding of the subject and so be able to make robust and reliable assessment decisions in relation to the subject.
