Qualification No: 603/3130/6

OCNLR Level 1 Award in Understanding the Effects of Sleep on Health

Qualification No: 603/3128/8

OCNLR Level 1 Award in Understanding the Importance of a Balanced Diet and Regular Exercise

Qualification No: 603/3131/8

OCN London aims to support learning and widening opportunities by recognising achievement through credit-based courses and qualifications, promoting high standards of excellence and inclusiveness. We are proud of our long-term role and unique history in providing innovative learning solutions for a wide range of learners and particularly those who have not previously benefitted from education.

At the heart of what OCN London offers is:

- a commitment to inclusive credit-based learning;
- the creative use of credit with responsive, demand-led qualification development;
- high quality service and support;
- respect for and encouragement of diversity – in learners and learning approaches, partners and settings;
- the development of people, capacity and resources that will ensure effective business partnerships.

General Information

This qualification guide contains details of everything you need to know about the **OCNLR Level 1 suite of Qualifications relating to Health and Wellbeing**. It makes reference to the curriculum areas covered and identifies the learners for whom the qualification has been developed. The guide also covers important aspects of assessment and moderation that are particular to the qualification. The guide should be used by all involved in the delivery and assessment of the qualification. The Account Manager for your Centre will provide support and advice on how to seek approval to offer the qualification.

If you are not yet an OCN London Approved Centre but wish to use these qualifications, then please contact us on enquiries@ocnlondon.org.uk for details of the Centre Approval application process.

Qualification Overview

The **OCNLR Level 1 suite of Qualifications relating to Health and Wellbeing** aims to develop an understanding of lifestyle choices and other factors that relate to, and impact on, health and wellbeing. It provides learners with a greater awareness of the many facets of health and wellbeing whether in a personal, professional or voluntary capacity and may be applied in a variety of contexts such as work, education, leisure, and in the community.

The OCNLR Level 1 Certificate in Health and Wellbeing comprises a suite of units that are also available as individual Awards to give learners maximum flexibility appropriate to their circumstances, interests and preferences. The topics covered in the Certificate range from awareness of health and wellbeing, to ones that have a bearing on these, such as diet and exercise, sleep, stress management, personal safety, mental health, body image and social media, to name but a few.

These qualifications are intended to enhance the personal growth and employability of learners. They can be delivered to a broad range of learners, including those on full study programmes as part of an enrichment programme.

The **OCNLR Level 1 suite of Qualifications relating to Health and Wellbeing** are regulated by Ofqual, the qualifications regulator for England, and are registered on the Regulated Qualifications Framework (RQF).

Qualification details

The OCNLR Level 1 Certificate in Health and Wellbeing is available at Level 1 and its component units are available as 16 individual Awards. See the [Qualification details table](#) on page 11.

Purpose of the qualifications

The purpose of the **Level 1 Certificate in Health and Wellbeing** is to develop an understanding of lifestyle choices and other factors that relate to, and impact on, health and wellbeing and to prepare learners for further learning or training in these areas. Below are the 16 single-unit Awards 'nested' in the Level 1 Certificate.

- **Level 1 Award in Awareness of Drugs and Substance Misuse**
The OCNLR Level 1 Award in Awareness of Drugs and Substance Misuse aims to provide learners with an understanding of the use and misuse of legal and illegal drugs and substances, and the risks involved.
- **Level 1 Award in Awareness of Health and Wellbeing**
The OCNLR Level 1 Award in Awareness of Health and Wellbeing aims to provide learners with an understanding of what is meant by 'health and wellbeing' and the lifestyle choices and factors that can affect it.

- **Level 1 Award in Awareness of Mental Health and Wellbeing**
The OCNLR Level 1 Award in Awareness of Mental Health and Wellbeing aims to raise awareness of mental health issues and how to foster good mental health and wellbeing.
- **Level 1 Award in Body Image and the Media**
The OCNLR Level 1 Award in Body Image and the Media aims to help learners understand how images of people are portrayed through the media, how the media can influence their own body image, and the cultural differences of how people are portrayed.
- **Level 1 Award in Dementia Awareness**
The OCNLR Level 1 Award in Dementia Awareness aims to provide learners with knowledge about common types of dementia, the signs and symptoms of dementia, and good practice in caring for an individual with dementia.
- **Level 1 Award in Developing Assertive Behaviour**
The OCNLR Level 1 Award in Developing Assertive Behaviour aims to help learners understand what assertive behaviour is, distinguish between assertive, passive and aggressive behaviour, understand how to be assertive and the need for self-control, and the benefits of assertiveness in achieving results.
- **Level 1 Award in Developing Emotional Resilience**
The OCNLR Level 1 Award in Developing Emotional Resilience aims to help learners understand what is meant by 'emotional resilience', recognise their own personal responses to new social, environmental and emotional situations, and learn ways of developing emotional resilience.
- **Level 1 Award in Developing Healthy Relationships and Respect**
The OCNLR Level 1 Award in Developing Healthy Relationships and Respect aims to help learners understand what is meant by 'healthy relationships', the factors that affect relationships, the key features of effective communication, and the values and attitudes which help develop healthy relationships and respect for others.
- **Level 1 Award in Developing Personal Confidence and Self Awareness**
The OCNLR Level 1 Award in Developing Personal Confidence and Self Awareness aims to help learners understand the reasons for feeling confident or unsure of themselves, how to participate more effectively in social situations and manage stress, and how to set goals that increase their self-confidence.
- **Level 1 Award in Personal Safety Awareness**
The OCNLR Level 1 Award in Personal Safety Awareness aims to help learners recognise potential risks to their personal safety and possessions, know how to minimise these

risks, know how to stay safe in conflict situations, and how to report incidents relating to personal safety.

- **Level 1 Award in Planning a Healthy Diet**

The OCNLR Level 1 Award in Planning a Healthy Diet aims to provide learners with knowledge about the principles and benefits of a healthy diet and the importance of understanding an individual's needs when planning their diet.

- **Level 1 Award in Social Media and Mental Wellbeing**

The OCNLR Level 1 Award in Social Media and Mental Wellbeing aims to provide learners with an understanding of the benefits and risks associated with forms of social media, knowledge of how to access support when mental health is affected by social media, and how to foster healthy social media practices that can improve mental health and wellbeing.

- **Level 1 Award in Stress and Stress Management Techniques**

- The OCNLR Level 1 Award in Stress and Stress Management Techniques aims to help learners recognise the symptoms of stress, know about the possible causes of stress, the benefits of relaxation and how to practise relaxation techniques, and other coping strategies.

- **Level 1 Award in Understanding Personal and Interpersonal Conflict**

The OCNLR Level 1 Award in Understanding Personal and Interpersonal Conflict aims to help learners know about commonly occurring conflicts, the causes of conflict, negative and positive outcomes of conflict, understand the emotions and physical responses to conflict and be able to recognise behaviours that affect conflict.

- **Level 1 Award in Understanding the Effects of Sleep on Health**

The OCNLR Level 1 Award in Understanding the Effects of Sleep on Health aims to help learners understand the functions of sleep, the relationship between sleep and health and wellbeing, and the impact on sleep deprivation and how to address it.

- **Level 1 Award in Understanding the Importance of a Balanced Diet and Regular Exercise**

The OCNLR Level 1 Award in Understanding the Importance of a Balanced Diet and Regular Exercise aims to help learners understand the importance of a balanced diet and regular exercise to a healthy lifestyle.

Who the qualifications are for

The suite of qualifications relating to health and wellbeing is suitable for anyone who would like a better understanding of health in relation to their own and/or others' health and wellbeing whether in a personal, professional or voluntary capacity.

Entry guidance

There is no minimum age to access the qualifications. There are no entry requirements.

Progression and related qualifications

On completion of individual Awards, learners may wish to study further Awards in the suite and/or progress to the Certificate, or related subjects at Level 2. Learners may wish to consider careers in health and related professions.

Assessment and Moderation

Assessment process

The assessment process for these qualifications are as follows:

- The learners are assessed through activities that are internally set by tutor assessors;
- The activities must be designed to enable learners to meet the assessment criteria of the unit;
- Learners' portfolios of assessed evidence must be internally moderated at the Centre;
- The portfolios of assessed evidence will be externally moderated by an OCN London External Moderator.

There is no additional external assessment for these qualifications.

Devising assessments

Each unit has a supplementary page with information on the types of assessment activities that can (indicated as 'Optional' or 'O') and/or must (indicated as 'Prescribed' or 'P') be used to assess learners against the unit. Tutor assessors must always refer to this page before devising assessment tasks.

OCN London assessment guidance relevant to the units in these qualifications are in the '[OCNLR Assessment Guidance and Ofqual Level Descriptors](#)' section of this qualification guide. The guidance includes a general description of the activity and the type of evidence that is appropriate. The activity or activities set must enable the learners to meet the standards detailed in the assessment criteria. Please contact OCN London for further guidance on devising appropriate assessments.

Centre devised assessments should be scrutinised by the Internal Moderator before use to ensure that they are fit for purpose. Centre devised assessments will be scrutinised by the External Moderator to ensure reliability and validity of assessment.

Marking assessment activities

Each activity must be marked against the identified assessment criteria in the unit and judged to be either achieved or not achieved.

Assessors need to ensure that the work in a learner's portfolio is:

- Authentic – it is the result of the learner's own performance or activity;
- Sufficient – enabling the assessor to make a consistent and reliable judgement;
- Adequate – appropriate to the level.

Where a series of activities are set, learners must demonstrate the achievement of the required standard identified in the assessment criteria in all activities. All of the assessment criteria in a unit must be met before the unit is deemed achieved.

The unit achievement is not graded. Units are either achieved or not achieved.

Standardisation

Standardisation is a process that promotes consistency in the understanding and application of standards in relation to assessment. It:

- compares assessment judgements from different tutor/assessors;
- promotes consistent judgements by different tutor/assessors;
- identifies good practice in assessment;
- promotes the sharing of good practice in assessment between centre staff.

Standardisation events should be held periodically within centres to ensure consistent and effective assessment practice. Standardisation events may also be held by OCN London and it is a requirement that each Centre offering units from these qualifications must contribute assessment materials and learners' evidence for standardisation, if requested.

OCN London will notify Centres of the required sample for standardisation purposes and assessment materials, learners' evidence and tutor feedback may be collected by External Moderators.

Learners with particular requirements

If learners have particular requirements the Centre should refer to the 'Access to Fair Assessment Policy and Procedure' which can be found on our website at: [Access to Fair Assessment Policy and Procedure](#) and gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty, without compromising the achievement of the assessment criteria.

Requirements for tutor/assessors

To be sufficiently competent

In addition to being qualified to make assessment decisions, each assessor must be capable of carrying out the full requirements within the competency of the units they are assessing. This competence should be maintained annually through clearly demonstrable continuing learning and professional development.

Expert witnesses can be used where they have suitable expertise for specialist areas. The use of expert witnesses should be determined and agreed by the assessor.

To be sufficiently knowledgeable

Each assessor should possess relevant knowledge and understanding of the subject and so be able to make robust and reliable assessment decisions in relation to the subject.
