General Information

This qualification guide contains details of everything you need to know about the **OCNLR Level 2 Qualifications in Skills for Further Study in Humanities and Social Science**. It makes reference to the curriculum areas covered and identifies the learners for whom the qualification has been developed. The guide also covers important aspects of assessment and moderation that are particular to the qualification. The guide should be used by all involved in the delivery and assessment of the qualification. The Account Manager for your Centre will provide support and advice on how to seek approval to offer the qualification.

If you are not yet an OCN London Approved Centre but wish to use these qualifications, then please contact us on enquiries@ocnlondon.org.uk for details of the Centre Approval application process.

Qualification Overview

The **OCNLR Level 2 Qualifications in Skills for Further Study in Humanities and Social Science** are designed to support learners to develop skills and knowledge needed for progression to Access to HE Diplomas and Level 3 vocational qualifications in humanities and social science related subjects. The qualifications are suitable for use in a range of learning situations and lend themselves to the development of individualised learning programmes.

The qualifications are available as a Certificate and Extended Certificate. Learners should opt for the size of qualification that best fits their needs in relation to their readiness for a Level 3 qualification. For those learners who are almost ready to progress to Level 3 study, the Certificate may be the best option, while for those further away from being ready for Level 3 study, the Extended Certificate would provide a longer time to develop relevant knowledge and to practise the study skills.

The qualifications provide learners with the opportunity to consolidate and extend their learning in preparation for further vocational learning in further or higher education settings. They include a large number of units spanning a range of knowledge and skills set within humanities and social science as well as a mandatory requirement for learners to develop their study and referencing skills, and further skills to enhance their ability to succeed in future study. They also include a selection of 'green' units to enhance learners' awareness of green issues.

The **OCNLR Level 2 Qualifications in Skills for Further Study in Humanities and Social Science** are regulated by Ofqual, the qualifications regulator for England, and are registered on the Regulated Qualifications Framework (RQF). It is not a licence to practise.

Purpose of the qualifications

The purpose of the **OCNLR Level 2 Qualifications in Skills for Further Study in Humanities and Social Science** have been designed to enable learners gain transferable skills and knowledge in order to progress on to higher level qualifications, such as Level 3 vocational qualifications and Access to HE Diplomas in humanities and social science related subjects, and to gain confidence in their own ability to study at a higher level.

Who the qualifications are for

The **OCNLR Level 2 Qualifications in Skills for Further Study in Humanities and Social Science** are suitable for learners who:

- want to progress to/within further education or higher education in humanities and social science;
- need to develop advanced learning to learn skills;
- are seeking to take on increased responsibilities in life and work;
- are seeking to enter new work areas and are looking to update and/or add to their employment skills and knowledge.

Entry guidance

These qualifications are suitable for learners of all ages, however, Centres must determine the suitability of units when delivering the qualifications to learners aged pre-16.

Progression and related qualifications

The qualifications provide a sound basis for learners to progress to Level 3 qualifications, including Access to HE Diplomas in humanities and social science related subjects, apprenticeships, or to enter employment.

Structure of the qualifications

The units within the qualifications are divided into four groups which can be combined to produce learning pathways that reflect learners' differing needs, interests and aspirations.

The structure of the qualifications also allows for flexibility in delivery and assessment, enabling assessment evidence to be generated in a range of different ways thus facilitating the development of learner centred practice.

Assessment and Moderation

Assessment process

The assessment process for these qualifications are as follows:

- The learners are assessed through activities that are internally set by tutor assessors;
- The activities must be designed to enable learners to meet the assessment criteria of the unit;
- Learners' portfolios of assessed evidence must be internally moderated at the Centre;
- The portfolios of assessed evidence will be externally moderated by an OCN London External Moderator.

There is no additional external assessment for these qualifications.

Devising assessments

Each unit has a supplementary page with information on the types of assessment activities that can (indicated as 'Optional' or 'O') and/or must (indicated as 'Prescribed' or 'P') be used to assess learners against the unit. Tutor assessors must always refer to this page before devising assessment tasks.

OCN London assessment guidance relevant to the units in these qualifications are in the '[OCNLR Assessment Guidance and Ofqual Level Descriptors](#)' section of this qualification guide. The guidance includes a general description of the activity and the type of evidence that is appropriate. The activity or activities set must enable the learners to meet the standards detailed in the assessment criteria. Please contact OCN London for further guidance on devising appropriate assessments.

Centre devised assessments should be scrutinised by the Internal Moderator before use to ensure that they are fit for purpose. Centre devised assessments will be scrutinised by the External Moderator to ensure reliability and validity of assessment.

Marking assessment activities

Each activity must be marked against the identified assessment criteria in the unit and judged to be either achieved or not achieved.

Assessors need to ensure that the work in a learner's portfolio is:

- Authentic – it is the result of the learner's own performance or activity;
- Sufficient – enabling the assessor to make a consistent and reliable judgement;
- Adequate – appropriate to the level.

Where a series of activities are set, learners must demonstrate the achievement of the required standard identified in the assessment criteria in all activities. All of the assessment criteria in a unit must be met before the unit is deemed achieved.

The unit achievement is not graded. Units are either achieved or not achieved.

Standardisation

Standardisation is a process that promotes consistency in the understanding and application of standards in relation to assessment. It:

- compares assessment judgements from different tutor/assessors;
- promotes consistent judgements by different tutor/assessors;
- identifies good practice in assessment;
- promotes the sharing of good practice in assessment between centre staff.

Standardisation events should be held periodically within centres to ensure consistent and effective assessment practice. Standardisation events may also be held by OCN London and it is a requirement that each Centre offering units from these qualifications must contribute assessment materials and learners' evidence for standardisation, if requested.

OCN London will notify Centres of the required sample for standardisation purposes and assessment materials, learners' evidence and tutor feedback may be collected by External Moderators.

Learners with particular requirements

If learners have particular requirements the Centre should refer to the 'Access to Fair Assessment Policy and Procedure' which can be found on our website at: [Access to Fair Assessment Policy and Procedure](#) and gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty, without compromising the achievement of the assessment criteria.

Requirements for tutor/assessors

To be sufficiently competent

In addition to being qualified to make assessment decisions, each assessor must be capable of carrying out the full requirements within the competency of the units they are assessing. This competence should be maintained annually through clearly demonstrable continuing learning and professional development.

Expert witnesses can be used where they have suitable expertise for specialist areas. The use of expert witnesses should be determined and agreed by the assessor.

To be sufficiently knowledgeable

Each assessor should possess relevant knowledge and understanding of the subject and so be able to make robust and reliable assessment decisions in relation to the subject.
