## OCNLR Level 2 Qualifications in Skills for Professions in Digital Industries and Technology

## OCN London Qualification Guide

**OCNLR Level 2 Award in Skills for Professions in Digital Industries and Technology**

Qualification No: 603/4190/7

**OCNLR Level 2 Certificate in Skills for Professions in Digital Industries and Technology**

Qualification No: 603/4192/0

**OCNLR Level 2 Extended Certificate in Skills for Professions in Digital Industries and Technology**

Qualification No: 603/4196/8

**OCNLR Level 2 Diploma in Skills for Professions in Digital Industries and Technology**

Qualification No: 603/4197/X

OCN London aims to support learning and widening opportunities by recognising achievement through credit-based courses and qualifications, promoting high standards of excellence and inclusiveness. We are proud of our long-term role and unique history in providing innovative learning solutions for a wide range of learners and particularly those who have not previously benefitted from education.

At the heart of what OCN London offers is:

- a commitment to inclusive credit-based learning;
- the creative use of credit with responsive, demand-led qualification development;
- high quality service and support;
- respect for and encouragement of diversity – in learners and learning approaches, partners and settings;
- the development of people, capacity and resources that will ensure effective business partnerships.

## General Information

---

This qualification guide contains details of everything you need to know about the **OCNLR Level 2 Qualifications in Skills for Professions in Digital Industries and Technology**. It makes reference to the curriculum areas covered and identifies the learners for whom the qualification has been developed. The guide also covers important aspects of assessment and moderation that are particular to the qualification. The guide should be used by all involved in the delivery and assessment of the qualification. The Account Manager for your Centre will provide support and advice on how to seek approval to offer the qualification.

If you are not yet an OCN London Approved Centre but wish to use these qualifications, then please contact us on [enquiries@ocnlondon.org.uk](mailto:enquiries@ocnlondon.org.uk) for details of the Centre Approval application process.

## Qualification Overview

---

The **OCNLR Level 2 Qualifications in Skills for Professions in Digital Industries and Technology** have been developed to provide a flexible approach to study using a range of subject-specific vocational units within digital industries and technology, combined with units in learning skills and employability, and 'green' units. These qualifications are suitable for use in a range of learning situations and lend themselves to the development of individualised learning programmes.

The qualifications are available in four different sizes: Award, Certificate, Extended Certificate and Diploma.

The Award is suitable for learners wishing to explore vocational study in digital industries and technology. The size of the qualification makes it ideal for learners who are not yet ready to commit to a larger qualification, for short courses or CPD initiatives.

The Certificate, Extended Certificate and Diploma are more substantial qualifications which provide learners with the opportunity to study vocational areas and develop skills that may enhance their learning and employability, consolidating and extending their learning in preparation for further vocational learning, an apprenticeship or employment.

The **OCNLR Level 2 Qualifications in Skills for Professions in Digital Industries and Technology** are regulated by Ofqual, the qualifications regulator for England, and are registered on the Regulated Qualifications Framework (RQF). It is not a licence to practise.

### Qualification details

This Qualification is also available at level 1.

#### Level 2 Award

- Qualification Number: 603/4190/7
- Qualification credit value: 6
- Operational start date: 1<sup>st</sup> March 2019
- Review date: 1<sup>st</sup> May 2027
- Total Qualification Time (TQT): 60
- Guided Learning Hours (GLH): 48
- Assessment requirements: internally assessed, internally and externally moderated.

#### Level 2 Certificate

- Qualification Number: 603/4192/0
- Qualification credit value: 16
- Operational start date: 1<sup>st</sup> March 2019
- Review date: 1<sup>st</sup> May 2027

- Total Qualification Time (TQT): 160
- Guided Learning Hours (GLH): 128
- Assessment requirements: internally assessed, internally and externally moderated

### Level 2 Extended Certificate

- Qualification Number: 603/4196/8
- Qualification credit value: 26
- Operational start date: 1<sup>st</sup> March 2019
- Review date: 1<sup>st</sup> May 2027
- Total Qualification Time (TQT): 260
- Guided Learning Hours (GLH): 208
- Assessment requirements: internally assessed, internally and externally moderated

### Level 2 Diploma

- Qualification Number: 603/4197/X
- Qualification credit value: 37
- Operational start date: 1<sup>st</sup> March 2019
- Review date: 28<sup>th</sup> November 2026
- Total Qualification Time (TQT): 370
- Guided Learning Hours (GLH): 296
- Assessment requirements: internally assessed, internally and externally moderated

### Purpose of the qualifications

The purpose of the **OCNLR Level 2 Qualifications in Skills for Professions in Digital Industries and Technology** is to provide learners with the skills and knowledge required to enable progress to further study in digital industries and technology and ultimately to work in these or other related areas.

### Who the qualifications are for

The **OCNLR Level 2 Qualifications in Skills for Professions in Digital Industries and Technology** are suitable for learners who:

- would like to improve their digital skills set;
- require skills development for further education or employment opportunities;
- want to take a qualification which emphasises the development of practical skills;
- want to improve their own efficiency in using IT applications and processes.

### Entry guidance

These qualifications are suitable for learners aged 18+. To undertake these qualifications, learners must be 14+.

### Progression and related qualifications

These qualifications provide continuing professional development for learners wishing to extend their learning at this level may wish to progress to one of the larger sized qualifications within the suite.

These qualifications will provide learners with a suitable basis for continuation on to further study, employment or an apprenticeship in a related area.

Learners ready to progress to Level 3 may wish to undertake an **OCNLR Access to HE Diploma**, or other provision at Level 3 (i.e., BTECs, Technical Qualifications, T-Levels).

## Structure of the qualifications

### Rules of combination for achievement

The **OCNLR Level 2 Award in Skills for Professions in Digital Industries and Technology qualification** comprises digital skills units. Learners must achieve 6 credits in total from the digital skills units

The **OCNLR Level 2 Certificate in Skills for Professions in Digital Industries and Technology qualification** comprises an optional group of Digital Skills units, an optional group of Learning and Employability units, and an optional group of 'Green' units. There are no mandatory units. Learners must achieve 16 credits in total.

- A minimum of 12 credits must be taken from Group 1 – Digital Skills units
- A maximum 4 credits from Group 2 and 3 – Learning and Employability units, and 'Green' units

The **OCNLR Level 2 Extended Certificate in Skills for Professions in Digital Industries and Technology qualification** comprises an optional group of Digital Skills units, an optional group of Learning and Employability units, and an optional group of 'Green' units. There are no mandatory units. Learners must achieve 26 credits in total.

- A minimum of 12 credits must be taken from Group 1 – Digital Skills units
- A maximum of 6 credits from Group 2 and Group 3 – Learning and Employability units, and 'Green' units

The **OCNLR Level 2 Diploma in Skills for Professions in Digital Industries and Technology qualification** comprises an optional group of Digital Skills units, an optional group of Learning and Employability units, and an optional group of 'Green' units. There are no mandatory units. Learners must achieve 37 credits in total.

- A minimum of 29 credits must be taken from Group 1 – Digital Skills units
- A maximum of 8 credits from Group 2 and Group 3 – Learning and Employability units, and 'Green' units

## Assessment and Moderation

---

### Assessment process

The assessment process for these qualifications are as follows:

- The learners are assessed through activities that are internally set by tutor assessors;
- The activities must be designed to enable learners to meet the assessment criteria of the unit;
- Learners' portfolios of assessed evidence must be internally moderated at the Centre;
- The portfolios of assessed evidence will be externally moderated by an OCN London External Moderator.

There is no additional external assessment for these qualifications.

### Devising assessments

Each unit has a supplementary page with information on the types of assessment activities that can (indicated as 'Optional' or 'O') and/or must (indicated as 'Prescribed' or 'P') be used to assess learners against the unit. Tutor assessors must always refer to this page before devising assessment tasks.

OCN London assessment guidance relevant to the units in these qualifications are in the '[OCNLR Assessment Guidance and Ofqual Level Descriptors](#)' section of this qualification guide. The guidance includes a general description of the activity and the type of evidence that is appropriate. The activity or activities set must enable the learners to meet the standards detailed in the assessment criteria. Please contact OCN London for further guidance on devising appropriate assessments.

Centre devised assessments should be scrutinised by the Internal Moderator before use to ensure that they are fit for purpose. Centre devised assessments will be scrutinised by the External Moderator to ensure reliability and validity of assessment.

### Marking assessment activities

Each activity must be marked against the identified assessment criteria in the unit and judged to be either achieved or not achieved.

Assessors need to ensure that the work in a learner's portfolio is:

- Authentic – it is the result of the learner's own performance or activity;
- Sufficient – enabling the assessor to make a consistent and reliable judgement;
- Adequate – appropriate to the level.

Where a series of activities are set, learners must demonstrate the achievement of the required standard identified in the assessment criteria in all activities. All of the assessment criteria in a unit must be met before the unit is deemed achieved.

The unit achievement is not graded. Units are either achieved or not achieved.

### Standardisation

Standardisation is a process that promotes consistency in the understanding and application of standards in relation to assessment. It:

- compares assessment judgements from different tutor/assessors;
- promotes consistent judgements by different tutor/assessors;
- identifies good practice in assessment;
- promotes the sharing of good practice in assessment between centre staff.

Standardisation events should be held periodically within centres to ensure consistent and effective assessment practice. Standardisation events may also be held by OCN London and it is a requirement that each Centre offering units from these qualifications must contribute assessment materials and learners' evidence for standardisation, if requested.

OCN London will notify Centres of the required sample for standardisation purposes and assessment materials, learners' evidence and tutor feedback may be collected by External Moderators.

### Learners with particular requirements

If learners have particular requirements the Centre should refer to the 'Access to Fair Assessment Policy and Procedure' which can be found on our website at: [Access to Fair Assessment Policy and Procedure](#) and gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty, without compromising the achievement of the assessment criteria.

### Requirements for tutor/assessors

#### To be sufficiently competent

In addition to being qualified to make assessment decisions, each assessor must be capable of carrying out the full requirements within the competency of the units they are assessing. This competence should be maintained annually through clearly demonstrable continuing learning and professional development.

Expert witnesses can be used where they have suitable expertise for specialist areas. The use of expert witnesses should be determined and agreed by the assessor.

### **To be sufficiently knowledgeable**

Each assessor should possess relevant knowledge and understanding of the subject and so be able to make robust and reliable assessment decisions in relation to the subject.
