### **DIPLOMA AIMS**

The Access to HE Diploma (Digital Marketing and Social Media) offers adult returners a coherent, integrated and supported year of study through which they will gain the knowledge, awareness, skills and confidence necessary for successful undergraduate studying in the intended progression routes for this Diploma. The course aims to provide a balance of essential study skills with specialist subject knowledge to enable the students to be prepared for the academic and practical rigours of undergraduate study around Digital Marketing and Social Media. It must however be noted that the Access to HE Diploma does not provide guaranteed entry to UK Higher Education Institutions.

### Its primary aims are:

- To provide HE progression opportunities for adults who, because of social, educational or individual circumstances, do not have the necessary qualifications;
- To give learners a general introduction to the basic concepts, methods, and key areas of knowledge within the core disciplines taken and offer a coherent and stimulating framework within which they can broaden their intellectual outlook and make connections between subject areas;
- To help learners to develop and consolidate the various skills required to enable them to cope successfully with the demands of undergraduate study and to become independent, self-directed learners;
- To establish a positive and supportive learning environment within which learners
  can build their confidence through successful learning and the sharing of their
  experience;
- To provide the personal and educational support needed if learners are to pursue their aims within the framework of the course.

### **TARGET LEARNERS**
