

Progression Agreement Between The London Institute of Banking & Finance & OCN London

Introduction

Education at LIBF is a flexible, personalised experience. Your learning journey should adapt to your your pace, your priorities, your lifestyle. Which is why our courses and learning tools put you in control.

At LIBF, our globally recognised degrees are designed with an emphasis on practice skills and innovative thought leadership to prepare you for the future workplace. Your lectures are industry experts in business, banking, finance, and technology, and with our innovative learning solutions to suit all lifestyles, we've worked hard to make their expertise accessible to all.

Throughout our long history, we've helped our students build successful career in business, management, and technology. If you've ever dreamed of taking the next step towards progress, we've got the experience and expertise to get you there.

If you choose to study online, you'll still benefit from being part of our community of innovative academics, industry experts and respected members of the business and technology community.

- Access your learning online any time, from anywhere with our mobile app
- Schedule learning around your life with support from your study coach
- Take your exams anytime, day or night
- Decide on your study model (Part or Full time), start date and duration.
- Study at your pace and use our innovative learning tools

Quality assured

Awarded the QAA Quality Mark, meeting expectations for quality and standards expected of higher education in the UK.

Silver-rated teaching

Holds overall rating of silver from Teaching Excellence Framework (TEF, 2023), confirming our commitment to deliver a high quality student experience and outcome

Business Education Alliance

AACSB Accreditation sets the highest standards in business education and as a member, we have the resources, credentials, and commitment needed to provide students with a first-rate, future focused business education.

Supporting Sustainability

Member of the Higher Education Sustainability Initiative (HESI), helping to share best practices in sustainability and raise the profile of higher education in supporting sustainable development.

Progression Agreement aims

- To increase access to our HE Programmes for OCN London Access to HE learners.
- To widen participation for our key access target groups: mature learners, females from POLAR4 Q1 & 2 and BAME students.
- To offer flexible, accessible, and affordable higher education courses for OCN London Access to HE learners during the
- To provide ongoing support throughout the student lifecycle for OCN London Access to HE learners
- To create links with further education colleges
- Enhance reputation and trust of both brands through promotion of partnership
