These wallcoverings are made by craftsmen. Plant fibres are selected, washed, sun-dried and hand woven on traditional looms. The nature of these plant fibres, as well as the production process, explain irregularities in the aspect and thickness of the wallcovering, as well as colour shades, which give the product its charm and unique character. Differences of colour and aspect between batches, or even from one strip to another, are unavoidable. We can't guarantee a perfect colour match between the sample in the pattern book and the delivered goods.
