Using Instructions

When cutting hair, take off blade protective cover, push on the switch and then move the blade head slowly against the direction of hair growth, and move in a straight and circuitous way.

Charging the Clipper

1. To charge the product, please insert the small plug of the adapter into the plug at the bottom of the product, then insert the power adapter into the power socket.
2. Connect the power supply, and the display shows the number, which indicates charging status.
3. Full charging takes 2 hours and charging is completed when the display shows "100".
4. The clipper can be used for 3 hours when it's fully charged. When the digital display is ≤ 20 with flashing, which indicates that the power is insufficient and the machine needs to be charged in time.

Maintenance

1. Be sure to disconnect the power supply and shut down the product before cleaning, take out the attached comb (if the comb is used), and gently brush the remaining hair on the blade with the provided cleaning brush.
2. After cleaning, in order to obtain better effect of the blade, if necessary, drop a drop of lubricating oil on the top left, middle and right of the blade head, and switch on the clipper for several times. Wipe the surface of the outer blade head, so as to keep it sharp, rotate it lightly and prevent abrasion.
3. When the clipper is not in use, put the protective cover on the blade to prevent damage to the blade.
