FAQ

9

Question 1	Reason	Solution
Earbuds won't power on/cannot charge	Charging case or earbuds have no power	Place your earbuds in the charging case and charge them for at least 10 minutes

Question 2	Reason	Solution
Only one earbud is functioning from sing one side	The earbud may be charged and paired to each other.	Double tap the left and right earbuds respectively

Question 3	Reason	Solution
Earbuds can not be charged	Dirty or blocking charging contacts	Use a cleaning cloth and alcohol to remove dirt from the charging contacts of earbuds and charging case

Question 4	Reason	Solution
Bad call quality	1. The microphone is blocked with dirt 2. The microphone is blocked when wearing earbuds	1. Use a cleaning cloth to remove dirt from the microphone 2. Adjust the earbuds

Question 5	Reason	Solution
Poor sound volume/ response	1. Touching an incorrect position for controlling 2. Bluetooth is disconnected between the earbuds and the corresponding audio source	1. Follow the user manual to touch the correct position 2. Keep the two Bluetooth sound sources under the same Bluetooth connection

FAQ

11

Question 6	Reason	Solution
Red sound audition/ low volume	The earbud speaker or sound hole is blocked with dirt	Use a cleaning cloth and alcohol to remove dirt from the speaker and sound hole

Question 7	Reason	Solution
Phone fails to connect to earbuds	Earbuds are not in pairing mode	Put earbuds in pairing mode

Question 8	Reason	Solution
Poor sound volume/ response	1. Touching an incorrect position for controlling 2. Bluetooth is disconnected between the earbuds and the corresponding audio source	1. Follow the user manual to touch the correct position 2. Keep the two Bluetooth sound sources under the same Bluetooth connection

ATTENTION

13

1. Do not expose the product to fire or high heat.
2. Avoid dropping.
3. Avoid extreme temperatures.
4. Do not use the product outdoors during a thunderstorm.
5. Do not use any corrosive chemical to clean.
6. Use a cleaning cloth with alcohol to remove dirt from the product.

CONSIDERATE HINTS

14

1. Do not turn up the volume to a far high level constantly as this could shorten the service life of this product and damage your hearing.
2. When encounter any fault during operation, please cut off the power supply and disconnect the Type-C cable to prevent further damage to the product or other components.
3. Please ensure the product or connectivity would be affected by the battery power. In that case, remove and charge battery.

CONSOLE CONSEJEROS

1. Si experimenta algún contratiempo durante el uso, corte el suministro eléctrico y desconecte el cable Type-C para evitar más daños al producto o a otros componentes.
2. Asegúrese de que el producto o la conectividad no se vean afectados por la batería. En ese caso, retírela y cárguela.

CONSEILS UTILES

1. Ne pas monter le volume à un niveau élevé de manière constante car cela pourrait réduire la durée de vie de ce produit et endommager votre audition.
2. En cas de problème lors de l'utilisation, veuillez couper l'alimentation électrique et débrancher le câble Type-C pour éviter d'endommager davantage le produit ou d'autres composants.
3. Veillez à ce que le produit ou la connectivité ne soient pas affectés par la batterie. Dans ce cas, retirez et chargez la batterie.

HILFREICHE HINWEISE

1. Drehen Sie die Lautstärke nicht dauerhaft auf ein hohes Niveau, da dies die Lebensdauer dieses Produkts verkürzen und Ihr Gehör schädigen könnte.
2. Wenn während des Betriebs ein Fehler auftritt, schalten Sie die Stromversorgung aus und trennen Sie das Typ-C-Kabel, um weitere Schäden am Produkt oder anderen Komponenten zu vermeiden.
3. Stellen Sie sicher, dass das Produkt oder die Konnektivität nicht durch die Batterieleistung beeinträchtigt werden. In diesem Fall entfernen und laden Sie die Batterie.

ΣΥΜΒΟΥΛΕΣ ΠΡΟΣΟΧΗΣ

1. Μην ανεβάζετε την ένταση του ήχου σε πολύ υψηλό επίπεδο συνεχώς, καθώς αυτό μπορεί να μειώσει τη διάρκεια ζωής αυτού του προϊόντος και να προκαλέσει βλάβη στην ακοή σας.
2. Εάν προκύψει οποιοδήποτε σφάλμα κατά τη λειτουργία, διακόψτε την παροχή ρεύματος και αποσυνδέστε το καλώδιο Type-C για να αποφύγετε περαιτέρω βλάβη στο προϊόν ή σε άλλα εξαρτήματα.
3. Βεβαιωθείτε ότι το προϊόν ή η συνδεσιμότητα δεν επηρεάζονται από την ισχύ της μπαταρίας. Σε αυτή την περίπτωση, αφαιρέστε και φορτίστε την μπαταρία.

ATTENTION

15

1. Ne pas exposer le produit au feu ou à une chaleur élevée.
2. Éviter de le faire tomber.
3. Éviter les températures extrêmes.
4. Ne pas utiliser le produit à l'extérieur pendant un orage.
5. Ne pas utiliser de produit corrosif pour le nettoyer.
6. Utiliser un chiffon imbibé d'alcool pour retirer la saleté du produit.

ACHTUNG

1. Setzen Sie das Produkt nicht Feuer oder großer Hitze aus.
2. Vermeiden Sie es, das Produkt fallen zu lassen.
3. Vermeiden Sie extreme Temperaturen.
4. Verwenden Sie das Produkt nicht im Freien während eines Gewitters.
5. Verwenden Sie keine ätzenden Chemikalien zum Reinigen.
6. Verwenden Sie ein Reinigungstuch mit Alkohol, um Schmutz vom Produkt zu entfernen.

ΠΡΟΣΟΧΗ

1. Μην εκθέτετε το προϊόν σε φωτιά ή σε υψηλή θερμοκρασία.
2. Αποφύγετε την πτώση.
3. Αποφύγετε τις ακραίες θερμοκρασίες.
4. Μην χρησιμοποιείτε το προϊόν σε εξωτερικούς χώρους κατά τη διάρκεια καταιγίδας με κεραυνούς.
5. Μη χρησιμοποιείτε διαβρωτικά χημικά για τον καθαρισμό.
6. Χρησιμοποιήστε ένα πανί καθαρισμού με οινόπνευμα για να αφαιρέσετε τη βρωμιά από το προϊόν.

WARRANTY TERMS

15

The warranty period starting from the date of delivery of the product and is 2 years. (This period shall not be less than 2 years.)

1. Within the warranty period, if a party is covered under warranty,
2. If the product is found to be defective, the consumer may exercise
   a. Repair by the seller, free of charge, upon presentation of consumers, namely
   b. Withdrawal from the contract,
   c. Price reduction, or
   d. Requesting free repair,
   d.Requesting replacement with a non-defective equivalent.
3. The consumer is entitled to choose which remedy is most suitable, obliged to repair or have the product repaired free of charge, without demanding any fee under any name such as labor costs, replacement cost, or otherwise. The consumer may also exercise this right against the manufacturer or importer. The seller, manufacturer, and importer are jointly and severally liable.
4. If the consumer uses the right of free repair and
   a. The repair cannot be carried out within a reasonable time, or
   The maximum repair period is exceeded.
   b. The repair would cause significant inconvenience to the consumer, or
   c. The repair is refused by the manufacturer or importer, or
   d. The repair is not carried out by the manufacturer or importer within the appropriate period,
   the consumer may request a refund, a price reduction proportional to the defect, or replacement with a non-defective equivalent. The seller, manufacturer, and importer are jointly and severally liable. If the request is not fulfilled, the seller, manufacturer, and importer are jointly and severally liable.
5. The repair period shall not exceed 20 business days.
6. The warranty period for the replaced product is the same as the original product.
7. The warranty period for the repaired part is 6 months from the date of repair to the authorized service station or seller who repaired the product, given that the product is delivered to the authorized service station if it requires repair.
8. If the defect cannot be repaired within 10 business days, the manufacturer or importer must provide the consumer with a replacement product of the same type or with similar technical parameters.
9. If the product breaks down within the warranty period, the time spent in repair shall be added to the warranty period.
10. Refusing from one contrary to the instructions in the user manual are outside the scope of the warranty.
11. In disputes arising from the exercise of warranty rights, the consumer may apply to the Consumer Protection Commission or the Market Surveillance Authority of the territorial unit according to the consumer's choice.
12. The warranty does not limit the consumer's rights under the provisions of the Law on the General Directorate of Consumer Protection and Market Surveillance of the Ministry of Trade.

Transport and Shipping Instructions

- Before moving the device, ensure all connections are disconnected and cables removed.
- Use the original packaging or equivalent to protect the device.
- Avoid shock, impact, heat, humidity, and dust during use and transport.

Recycling

21

This product complies with the WEEE Regulation.

Disposal of the product:
The symbol indicates that the product should not be disposed of together with other household waste across the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this product from other types of waste and recycle it responsibly to promote the sustainable reuse of material resources. To return your device, please use the collection systems or contact the retailer from whom the product was purchased. They can take this product for environmentally safe recycling.

EU DECLARATION OF CONFORMITY

24

Hereby, Oraimo Technology (Hong Kong) Limited declares that the True Wireless Earbuds, is in compliance with the essential requirements and other relevant provisions of directive 2014/53/EU.

CAUTION:

- Risk of explosion if battery is replaced by an incorrect type, dispose of used batteries according to the instructions.
- disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
- leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
- a battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.

2. EUT Temperature(EC) : +40℃ (Overdischarge) /0℃ (+40℃) (with adaptor).

Operating Frequency:

2.402-2480(Unit:MHz/CH78)

Modulation mode:

GFSK (BLE), DQPSK (EDR2), 8DPSK (EDR3)

Max. Of Transmit power:

BLE:4.0dBm
EDR:-2.8dBm

High sound pressure with hearing damage risk.
Do not listen at high volume levels for long periods.

FCC Warning:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2)This device must accept any interference received, including interference that may cause undesired operation.
Caution:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

RF Warning statement:

The device has been evaluated to meet general RF exposure requirement. The device will be used in portable exposure conditions without restriction.

IC Statement:

This device complies with Industry Canada license-exempt RSS standard(s).
Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Caution:

(i) the device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems;
(ii) the maximum antenna gain permitted for devices in the bands 5250-5350 MHz and 5470-5725 MHz shall conform to the e.i.r.p. limit;
(iii) the maximum antenna gain permitted for devices in the band 5725-5825 MHz shall conform to the e.i.r.p. limits specified for point-to-point and non-point-to-point operation as appropriate;
(iv) the worst-case tilt angle(s) necessary to remain compliant with the e.i.r.p. elevation mask required for high-density devices operating in the 5250-5350 MHz and 5470-5725 MHz bands shall be clearly indicated.

Radiation Exposure Statement:

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment.

The power delivered by the charger shall be

between 5V/0.5A and 5V/2A when measured by the cable assembly provided with the charger, under the maximum charging speed.
