Se invita al público a explorar su creatividad y participar en este mundo sensorial, resaltando sus excentricidades a través de su propio estilo y de cualquier otra manera que deseen.

Al entrar en este extraño universo, te vuelves uno con el espectáculo. La gente navegará a través de nuevas áreas comunes; espacios chill-out, un parque para adultos, camiones de comida y más.

La gran cita de la moda en Ibiza

By REBECCA FABRE | JULY 2019 (Fashion World & Tourism)
Crucero a los años setenta

Alvarno, Andrés Sardá, Custo Barcelona y Jorge Vázquez desfilan en Elvissá

Entrevista por Nerea

Las selecciones fueron, con mucho, entre el azul y el blanco, colores muy de moda, sin duda. Eran, en general, dos colores que, en esta ocasión, han sido la base de todas las propuestas. Se han utilizado en vestidos, en pantalones, en blusas, en camisetas, en todas partes. La idea era dar un aire de frescura y de alegría a lo que se iba a ver. Se ha buscado una propuesta muy sencilla y que sea fácil de llevar.

La estética de la colección es muy clásica, con prendas básicas que se pueden llevar todas las épocas. Las prendas son muy versátiles y se pueden combinar de diferentes maneras. Se ha buscado un estilo muy casual, con un toque de vintage que da una sensación de nostalgia.

La colección incluye vestidos, camisetas, pantalones, jerseys, chaquetas y accesorios como bolsos y sombreros. Las prendas son de diferentes materiales, como algodón, lino, seda, papel de hilo y lana.

La colección tiene un aire de libertad y de casualidad, con prendas cómodas y suaves que se pueden llevar en todas las ocasiones. Se ha buscado un estilo muy natural y sencillo, con prendas que se pueden llevar sin esfuerzo.

Ibiza marca estilo más allá de la moda ibicenca y los ‘hippies’

La isla también resuena de la espera hacia el lanzamiento en junio de Mercedes-Benz Fashion Week Ibiza, que celebrará su novena edición, la segunda edición de la MFWIA. Los invitados son conscientes de que el momento perfecto para hacerlo es en junio, cuando el clima es más estable y las noches son más calurosas. Una vez que los días se hacen más largos, se recomienda que se vestan con ropa de ropa de lino o algodón, preferiblemente blanco o azul. La idea es que la ropa se sienta fresca y cómoda y se adapte a las necesidades del clima. En este sentido, el estilo ibicenco ha sido una fuente de inspiración para muchos diseñadores de moda. Con su combinación de colores suaves y texturas naturales, los vestidos ibicencos se han convertido en una auténtica joya de la moda ibicenca. Por eso, se espera que esta edición de la MFWIA sea un gran éxito en la industria de la moda y de la cultura.

ANTS ANNOUNCE DANCE EVENT AT USHUAIA IBIZA FOR BBC RADIO 1

Ushuaia Ibiza is set to bring a very special Colony to the Playa d’en Bossa venue on Saturday 4th August, as ANTS announces a BBC Radio 1 dance stage. The huge party, so lauded by the leading tastemaker of the electronic generation, Pete Tong, who will play an eagerly anticipated b2b with ANTS regular, Andrea Oliva.

The stellar line-up will also see GRAMMY-nominated duo CamelPhat join proceedings, along with Mancunian pair Solardo, and a special b2b between Nic Fanciulli and Steve Lawler. With Maya Jane Coles and Eli & Fur rounding off proceedings, the party looks set to be one of the most in-demand events on the Ibiza calendar this summer.

Returning to the white isle for their 23rd consecutive summer as part of their annual Ibiza extravaganza, BBC Radio 1 have enjoyed numerous events at Ushuaia in years gone by, with the venue constantly outdoing itself when it comes to phenomenal productions. With incredible pyrotechnics, mind-blowing lighting, visuals and a state of the art soundsystem, not to mention the beautifully designed gogo costumes, as well as an abundance of confetti, streamers and CO2, it’s no surprise people flock from around the world for the inimitable Ushuaïa experience.

The ANTS concept has enjoyed a meteoric growth in stature since the inception of the brand in 2012, with various parties taking place all over the world, focusing on rugged minimalistic beats from some of the biggest names in the tech-house scene. Taking the ANTS brand worldwide, ANTS have recently staged parties in Fabrik Madrid, New York, and Electric Brixton in London, where top artists were all part of a stellar NYE billing.

Over the past half decade, ANTS has cemented a reputation for championing captivating, intelligent dance music, with the upcoming Radio 1 takeover at Ushuaia Ibiza event set to kick off on Saturday 4th August.
BBC Radio 1 joins the ANTS colony this summer

Radio 1 always ups the ante across its famed Ibiza weekend at the start of August, and 2018 is no different. For the second year in a row, the station will take over Ushuaïa’s Saturday daytime underground extravaganza ANTS.

On Saturday 4 August, the colony will be headed up by tastemaker Pete Tong. The broadcasting legend will play back-to-back with Andrea Oliva. The pair mixed Pete’s 2016’s entry into the AGPT Ibiza series, so this is a great opportunity to see that combo in the flesh.

Another b2b we’ll see on the day is a clash of two Ibiza favourites. ANTS regulars Steve Lawler and Nic Fanciulli will also hook up behind the decks. Both men have fronted their own parties in Ibiza, with Lawler heading up worker hangout Warriors and Nic with La Familia.

Sticking with the theme of duos, several leave their usual habitat across the road to join in on proceedings. Tuesday night residents at Hï Ibiza, CamelPhat and Solardo are the names in...

USHUÀÏA

Quando si scrive o si prosegue a scrivere sulla carta la storia dei clubbing e della musica elettronica, non si può prescindere dal raccontare un fenomeno assolutamente unico: l’Ibiza, capace di imporsi i party con i DJ in onda da influenzi, in un contesto come quello di Ibiza, dove la sound e la musica nel vivo potrebbero alle tre del mattino. Grazie alla mega-struttura di Playa d’en Bossa, le abitudini dell’isola e dei suoi frequentatori sono cambiate in maniera assoluta come l’Ushuaïa, capace di imporre i party con i DJ in orari da coprifuoco, in un contesto come quello di Ibiza, dove l’orario di chiusura della sera non entra nel periodo in cui è già stato visto. E sbaglia chi pensa che l’Ushuaïa sia il regno dell’EDM. Due party come Ants e Dystopia (il nuovo progetto di Luciano) dovrebbero testare ancora anche il più sbilacato, fino anche ai più dei più intellettuali. Per questi ultimi, l’atto di non esistere più alcuna speranza.

Si scrive Luciano si legge Dystopia

Ibiza non è la sola terra Luciano, uno dei re indiscussi dell’isola, capace ogni anno di proporre in nuove vesti a nuovi ornamenti, ogni anno abbia trovato la strada e la sorgente, che napoletano sempre riproporrà tutto il suo best of. Questo anno Luciano ha sincero di trasformare anteriore, nonostante le novità che porterà, inizierà con un legame che sarà inizialmente a suonare, e ci abbandonare le sue notizie, pronte per Ibiza”.

Ants: attacco al sistema

Il tour di Ants a The Space, il club di Dumfries, nel cuore del New South Wales, Australia, è stato una delle date più importanti di Ants di tutti gli anni. Dopo l’appuntamento con Ibiza, il 4 giugno, dove Darius Syrossian è stato il protagonista, Ants si è rivelato con grande successo in Australia, dove ha regalato un'improvvisa notorietà e – purtroppo o per fortuna – una reputazione duratura. Syrossian non lascia, raddoppia quanto già esisteva, con temi che variano e si rinnovano nella sua dimensione ibizure, sempre più radicata sempre più nell’immaginario collettivo.

Nervo Nation

Anche quest’anno la svedese NERVO torna all’Ushuaïa, uno spettacolo che per loro è stato fondamentale non solo per il loro successo, ma anche per il loro futuro. "Abbiamo iniziato a scrivere a Ibiza, tanti anni fa, e pensavamo che la nostra carriera sia iniziata e adottata proprio qui. Il posto migliore per ballare, è la nostra casa, e sapere che dovremo andare fuori per essere pronte per Ibiza. Un spettacolo fantastico, che ci ha permesso di progettare sia in Italia che in America. Siamo pronti per questo estate, per essere pronte per Ibiza".

UP SKY SOCIETY, THE MOST INCREDIBLE SUNSET AT USHUAÏA IBIZA BEACH HOTEL.

Want to see Ibiza from the sky at UP SKY SOCIETY, the rooftop bar at Ushuaïa Ibiza Beach Hotel, you will discover a spectacular panoramic view of the island of Ibiza, as well as one of the world’s most incredible sunsets. And all with elegance, glamour and wild abandon!

On the rooftop, you’ll find the place to be. Here, the sky, the sea and the clubbing experience all come together for the ultimate entertainment experience. To really enjoy this sky-clubbing experience, get down from your air-conditioned comfort as soon as the sun begins to set.

What to dress: The most important dress code is ‘clubbing attire.’ The sooner you put on your party clothes, the sooner you’ll be up in the air. Open shoes and loose-fitting clothing are a must.

You’ll find us at the sky sky bar, ready to provide a show for the ultimate night out. The show is a combination of live music, DJ sets, fire shows and pyrotechnics. Grab a drink and come on up to the sky, where the fun never ends.

In the Bucket, you’ll find a small area with a grand piano, where you can enjoy the most amazing views. It’s the perfect place to chill out with your friends and enjoy the sunset.

Don’t forget to dress up! Ibiza is known for its vibrant nightlife, and the sky sky bar is no exception. Wear something that will make you stand out from the crowd. Whatever you choose to wear, make sure it reflects the Ibiza spirit of fun and excitement.

This is the perfect place to catch the sunset, enjoy a drink and soak up the atmosphere. The views are breathtaking, and the atmosphere is electric. So, come on up to the sky sky bar and experience the ultimate Ibiza sunset.

Pronounced ‘uh-shew-a’ (yes, that’s right), tonight is one for house and techno heads – the premise behind this party is that ants have hacked the system and taken over with their door-friendly beats. Expect fireworks, actual ants and crowd waving predominantly black ties and suits. The perfect pre-drinking stop before Elrow, if you do say so yourselves.

Pop dance star Jonas Blue: 'The expectations around me are insane'

The music scene in the US has grown at a rapid pace, with streaming services becoming increasingly popular. This rise in popularity has led to a surge in the number of new artists entering the music scene. Among these, Jonas Blue has rapidly gained attention and is now considered one of the leading pop dance stars in the US.

In an interview with The Guardian, Jonas Blue shared his thoughts on the expectations placed on him and his career.

"I feel like the music industry is evolving so quickly, and I think it's important for artists to stay true to themselves," he said. "I feel like there's so much pressure to be somebody else, but I think it's important to stay true to who you are and what you believe in."

Jonas Blue's rise to fame has not been without its challenges. He faced criticism for his music style and was often compared to other pop dance artists. However, he remains determined to continue pursuing his passion for music.

"I think it's important to stay true to yourself and what you believe in," he said. "I think that's what sets me apart from other artists in the industry."

The interview with Jonas Blue was conducted by The Guardian, a leading UK-based news outlet. The interview was part of the newspaper's coverage of the music industry, which has been expanding rapidly in recent years.

The Guardian covers a wide range of topics, from politics and culture to entertainment and music. The newspaper has a strong reputation for providing in-depth and insightful reporting on the music industry and other fields.

In conclusion, Jonas Blue's rise to fame highlights the rapid evolution of the music industry. As technology continues to change the way we consume music, it is important for artists to stay true to themselves and continue pursuing their passion for music.

La impresión de la vida en la isla puede parecer un poco lejana, pero la vista de la isla puede hacerla parecer como un paraíso.

Para poder vivir en esta isla fabulosa, es importante tener un buen lugar para vivir.

La isla de la vida es un lugar para vivir.

Una Disneylandia para adultos

Ushuaïa es un superhotel de cinco estrellas, pero también el club al aire libre número uno en Ibiza.

En el sueño de Ibiza se palpita una emoción. Nivelar el cerro al paso de los carros y pasear la clasificación entre dos puntos. Tres metros más allá, la mezcla de faros, luces, modelos, muchachas y espectáculos se adquiere como una buena metáfora de lo que uno encontraría en la isla en varano. Ushuaïa, el hotel que nos ha invitado a experimentar su celebración, mezcla de lujo, hedonismo y locura, música electrónica diurna y fans famosos (Kylie o Dicaprio son habituales), no se hace esperar. Está a menos de diez minutos en taxi del aeropuerto, el medio de la acción, el Plaza del Rosso, junto a la alta de Hi (el antiguo Space), que tras su última reforma se ha convertido en el club más moderno del mundo, perteneciente al mismo propietario (traducción: entretenimiento para los hinchados). Sin duda, las 4154 habitaciones y suites se dividen en dos áreas: para los más festejos, The Ushuaïa Club, con vistas al escenario, y para los más tranquilos, The Ushuaïa Tower. Todas se destacan por el desgano más peculiar de la isla, un buffet de opciones infinitas regado de risitas y smoothies, desde el nivel de restaurantes. Además, un steakhouse, un club de playa, un restaurante de playa, el Japón completo de todas las especialidades gastronómicas. Ushuaïa no es barato, pero como las mejores aventuras, merece vivirse al menos una vez en la vida.

El hotel es una fiesta.

Todas las noches del verano, un festival, David Guetta, Tiësto y amigos, Hardwell, Martin Garrix o Kyo son algunos de los mejores que podían poder la cubierta del club al aire libre número uno de la isla. Es lo que ha hecho fama mundial a Ushuaïa. Desde el hotel por entrada a seis cuantos más por una mesa VIP. O gratis, si es anjó en el hotel.

Arriba, la piscina de The Tower y una actuación en el Club. Abajo, una de las suites del hotel.

USHUAÏA IBIZA TAKES SECOND PLACE

When mentioning the World’s Best Club, it is very unlikely and almost impossible to leave out the events of Ushuaïa Ibiza beach hotel, claiming second place in The World’s 100 best Clubs 2016. Holding its spot in the rankings for years and, although there are other conspicuous clubs that come close, such as Omnia Las Vegas, Ushuaïa Ibiza stands out against clubbers’ demands and each summer it surpasses its own attendance records, putting up the sold out sign more than any other club.

Art by David Guetta, Dimitri Vegas & Like Mike Garden of Madness, Martin Garrix, Kygo, Hardwell... How are they able to have the best resident DJs year after year? According to what they tell us, there is a hidden trick. Ushuaïa Ibiza is the World’s Best Open Air Club because it brings together the most loyal clubbers, the most professional artists and technical team, along with the most exclusive VIP service, all in the ideal space. All these elements unite to create unique daytime parties, experiences so memorable and unparalleled that they overstep boundaries and continue to make history with no limits.

Located in "The White Pearl" of the Ibiza promotional material, Ushuaïa Ibiza Beach Hotel is certainly the place to be. The resort includes three swimming pools, five restaurants and a wellness area. It truly attract pampered guests as it hosts the most exclusive parties and events where music is provided by the world's most renowned DJs.

Arrive at Ibiza Airport and take the ten-minute taxi drive to the hotel. At reception you are issued with a wristband, and in case it's plastic, you may use some all-inclusive resorts issue a quartz or fibreglass one which0085;0092;0080;0014; you are banned from. The Ushuaïa wristbands are quite unique. Also, the title "The Queen" embossed across it, which was very apt given that the very definition of my name "Kay" in the queen. 

The smartwatch must be worn at all times. It is personal to you and is non-transferable. I had no intention of giving it to anybody else, until someone with greed!

One of our pet hates when staying at touristic resorts. We hate them on a daily basis. And we're always lower noses out of windows which is understandable, and end up having numerous trips to reception to rectify this. Thankfully Ibiza has found a way round this and it's all thanks to the wristband, which at the end and cool your door is magically open. Absolute genius! Such a simple thing, and definitely something that all hotels should have.

The wristband also allows you to charge up your ibiza card. It is basically every tourist's dream come true. So next to carry a single item, as we forget to pack our purse, here in our wrist the expenses are added to your).
