

Derek and Jane French

Location: **Bilbao, SPAIN**

Mission: **Student ministry**

Neil and Jenny (fellow PCI Global Mission Workers) have been in the Basque Country for a year now. Pray for them as they continue with language studies and as they become more involved in their community. Give thanks for the opportunities that God has opened up for them already to share about Christ. Pray for the children as they continue to settle in and form new friendships and get to grips with the language as well.

Pray for the Women's Ministry in Bilbao International Church. Give thanks for a good number of women who are attending the discipleship group and for the encouragement of seeing them grow and mature in their faith. Pray for Jenny, Mahija and Jane as they lead the group and for wisdom as they plan for the academic year ahead. This year they have been studying 1, 2 and 3 John and learning what it means to abide in Christ.

After Easter, BIC introduced a new sermon series on Ephesians. As a way of involving all ages in the church in learning from Ephesians, BIC has produced a weekly devotional guide for parents and activity pages for the kids on the theme of each week's sermon. Pray that this new venture would help families to worship God together in their family life during the week, as they pray, read and sing together, specifically looking at the theme of Ephesians.

GLOBAL DISCIPLES
Go Deep Go Wide

May 2026

Pray for the BIC students as many of them will be in the throes of exam season as you read this. Pray that God would help them to be diligent in their studies and that they would give God the glory in their student life. Pray that God would give wisdom and clear guidance to those who have major decisions to make with regards to further study in September.

Prayer points:

- Neil and Jenny and the kids as they build relationships and continue with language studies.
- The Women's Ministry in Bilbao that it would continue to grow
- The BIC family devotions, that it would help families worship God together.
- BIC students as they study for exams and make decisions for the future.
