

Edwin and Anne Kibathi

Location: **London, UK**

Mission: **Pastoral ministry and church planting**

Dec 25/Jan 26

In December, we have the Sunday school week, and the children will lead the Sunday services in all our congregations.

The same month of December, we also hold Christmas dinners in our congregations. This is aimed at reaching out to those who have not yet joined the church and also to give an opportunity for those who have no families in the UK and won't be traveling home to join them. The church family becomes their family and supports them in their loneliness.

In the month of December, we also elect leaders to fill the vacancies left by those who have left or are stepping down. We will also be celebrating a golden jubilee wedding for a couple in the congregation of London.

We give glory to God, for as we had reported last month, the scheduled events went on well and successfully. First, was the Presbyterian Church Men's Fellowship (PCMF) week which took place at the beginning of November. All the congregations had their services led by men.

During the second Sunday of November, the ladies had a commissioning service which took place in Reading Church. The commissioning service was led by Rev. Elizabeth Kimani, the Director of Women's Ministry at the PCEA head office. Several women were commissioned as full members of the Women's Guild fellowship, while others were received as followers.

Prayer Points:

- Thank God with us for the success of the PCMF and Ladies' events. Pray that the groups will continue making a positive impact as they continue reaching out with the love of Christ.
- For the Church school services will go well, and as the children participate, they will also grow in the knowledge and love of Christ.
- Pray for those who will be travelling to join their families in East Africa or other parts of the world, may they be granted journeying mercies.
- Thank God for the couple celebrating fifty years of marriage and pray that many couples will also be encouraged.
- Pray as we remember the birth of Jesus Christ, our love and trust in Him will be renewed.
