

Edwin and Anne Kibathi

Location: **London, UK**

Mission: **Pastoral ministry and church planting**

The TEE graduation which we mentioned last time went on very well. Thank you for your prayers. PCI's Secretary to the Global Mission Council, Rev Uel Marrs accompanied by his wife Jill were able to join us. He represented the PCEA TEE Director and led the event.

During the event 12 other students were commissioned to start the TEE studies. They expect to start during this month of October.

October 2025

The month of October is our health month and each of our congregations will be having a health professional speaking on a particular topic as will be requested by the leaders. This will happen during the Sunday worship services.

In November, there will be two important events. The Presbyterian Men Fellowship PCMF will celebrate their week. This will take place from 30th of October to 1st of November 2025.

The second event is the commissioning of the Woman's Guild which will take place on the 8th of November 2025. Before the commissioning, there will be a seminar to prepare them.

Prayer Points:

- Thank God for the success of the TEE graduation. For giving the students strength and resilience to finish the course. Also, that the Lord will help them make a positive impact in His vineyard as they serve.
- Thank God for journey mercies for those who attended the graduation and particularly Rev Uel Marrs and his wife who travelled from Belfast.
- Pray for the new class as they start their studies that the Lord will be with them all through.
- That the PCMF event and the Woman's Guild Commissioning will be a success and will bring glory to God.
