

Neil and Jenny Stewart

Location: **Bilbao, SPAIN**

Mission: **Church Planting and Outreach**

September marks the beginning of another school year and a restart to the normal activities of the church. After a summer of visiting other churches and projects, forming wider relationships and preparing for a new term, it's nice for it to be finally here! In the midst of all that, we also managed to get a few days away as a family and gave the kids their first taste of camping!

Over the summer Neil took a few trips to meet various churches and ministries. A result of that is the possibility of starting a biblical theology course which he would teach to the leaders of a local church. It could be a really important step in building trust here but will require a lot of preparation and mental energy to get it right. Alongside that, in the coming year Neil will be focusing upon the teaching and preaching at Bilbao International Church and completing his language course.

Jenny will be continuing her language studies as well as assisting in various ministries within the church. Already we can see our calendar filling up!

September 2026

Grace, Jonah and Zach have had a great summer. They've enjoyed the trips, camps and activities but now that the summer is over, there will be a bit more routine for them.

Please do pray as they return to school and start some new extracurricular activities. Pray that they would continue to feel at home here, make good friends and continue to progress in their learning of Spanish and Basque.

Prayer Points:

- Preparation for the Biblical theology and language courses
- For the kids starting back to school
- For the spread of the gospel in the Basque Country
