

Present 

Being present to God as his people

Read the Bible

Sit quietly with God's word to listen for what he is saying to you through it.

Replay your day

Give thanks for where you sensed God most at work today.

Reset your heart

Join your church family in worship to renew your awareness of God at the centre of your life.

Being present for one another in God's family of the church

Pray

Pray for someone in your church, or for an organisation or activity that is happening this week.

Play your part

Do something, however small, that serves, blesses or makes something easier for someone else in your church.

Prompt a deeper conversation

Ask someone what is happening in their life this week. Listen for their response. Seek to encourage them.

Being present where God has placed us to be his witnesses

Open your heart to your possibilities to be a witness

Ask God for strength to live his way, freedom from fear and courage to speak for him.

Own the place in which your church is set

Take time to notice and pray for the community round about. Walk, drive or shop there.

Observe opportunities God is giving you

In each interaction or conversation, look out for a way to show, share or speak about God's love.
