

# SA010 MEDIUM RISK CONFINED SPACE

## Introduction

This accreditation aims to give learners knowledge, understanding and basic skills in working effectively in confined spaces. It introduces learners to the hazards and risks involved with working in confined spaces and to comply with health and safety legislation. The target audience is aimed at those working in the construction or utilities industry.

## Purpose

Prepare for further learning or training and/or develop knowledge and/or skills in a subject area

## Accreditation

Industry accreditation

## Learning Outcomes

- Know the relevant legislation, guidance, and organisation requirements for working safely in confined spaces
- Know how to work safely in confined spaces
- Be able to carry out a risk assessment
- Know how to deal with emergencies
- Be able to demonstrate safe systems of work
- Be able to carry out pre use inspections
- Be able to work safely in confined spaces

## Pre- requisite

This accreditation is available to anyone over the age of 16 who is capable of reaching the required standard. There are no barriers that restrict access or progression thereby promoting equal opportunity. It is expected however that learners will have a level of literacy adequate to cope with the assessment.

## Expectations at level 2

Achievement reflects ability to select and use relevant knowledge, ideas, skills and procedures to complete well-defined tasks and address straightforward problems. It includes taking responsibility for completing tasks and procedures and exercising autonomy and judgement subject to overall direction or guidance.

## Grading

Pass
