

NRSWA Unit S1

Monitoring Signing, Lighting & Guarding

The NRSWA unit S1 supervising signing, lighting and guarding course is required for street workers that supervise other workers setting up signing, lighting and guarding on streets and pathways. The course can be taken at training centres, UK wide.

You must be qualified to the NRSWA standards to do this work. Training was made mandatory for anyone who works on the highways to make sure drivers, pedestrians and those working on the road are safe around the construction areas.

You will be taught how to:

- Provide detail for an intended site, showing all distances & dimensions in accordance with the Safety at Street works and Road Works Code of Practice
- Make formative decisions & recommended remedial action from a given plan
- Observe an operative surveying a work site & record observations and remedial action required from the site plan
- Observe an operative setting up and taking down a site
- Record observations made and explain reasons for agreeing or disagreeing with site operations and working practices
- Explain any remedial action required

Assessment

You will complete an assessment which is made up of 20 multiple-choice questions and you will have a total of 45-minutes to answer them.

You will pass this NRSWA unit if you achieve a score of 80% or more (a minimum of 16/20).

Streetworks cards are valid for 5 years. If your card expires you are no longer qualified to set out signing, lighting and guarding on the highways. You can take a reassessment course before your card expires and up to 5 years after the expiry date.

This information is for guidance purposes only courses may be subject to change after publication.
