

FLEUR

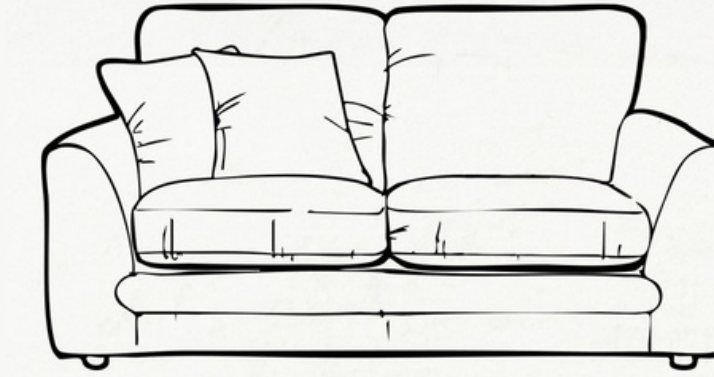

Built Around You

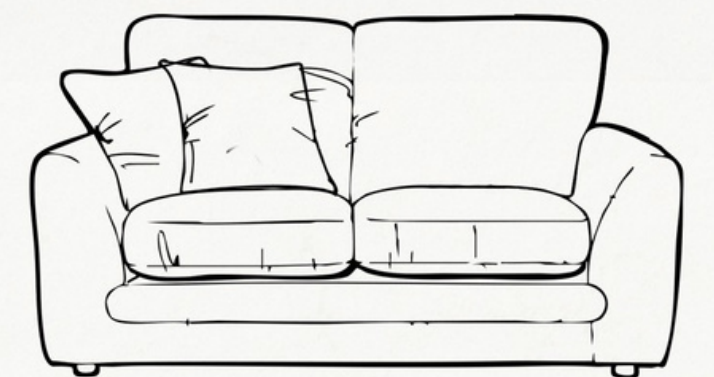

Combining timeless elegance with exceptional comfort, Fleur is distinguished by its softly rounded scroll arms and refined tailored detailing. Premium cold-cure foam seat cushions provide superior resilience and long-lasting support, while generously fibre-filled back cushions and luxurious 100% white duck feather bolsters create an irresistibly comfortable seating experience. Beneath the upholstery, a sustainably sourced hardwood frame is meticulously constructed for outstanding durability, complemented by webbed back suspension and a full zig-zag sprung seat platform for enhanced comfort and support. Available in a range of sizes and an extensive choice of beautiful fabrics, Fleur is finished with solid wood feet in Country Oak or Burnished Beech, making it a sophisticated centrepiece for any living space.
