

Decibloc Curtain

DECIBLOC® products represent lightweight acoustic barriers designed for general noise control within construction and other industries.

With eyelets on every side, barriers can be attached by cable ties, screws or specialist fixing kits to site fencing, scaffolding, hoarding's and many other structures. DECIBLOC® incorporates the Soundex® signature easy-fold-down design for safe and economic palletised transportation and storage, removing the potential issues associated with rolled-up products.
