

Ancillary Filters

With RVT Group solutions being used in such a diverse range of industries and applications, we ensure we always provide the right filter for the intended application.

Whether its heavy dust, fine dust, odours or vapour mist you can be rest assured our filters achieve optimum performance.

CODE	PRODUCT DESCRIPTION	FILTRATION PERFORMANCE
DF400PF100	EU4 Washable Foam Filter c/w Frame Approx 400x400x100mm	Prevents 80% of all particles over 10 micron
DUPF44	EU4 400 X 400 X 50mm Panel Filter	Prevents 80% of all particles over 10 micron
DUBF7M	Mini EU7 Bag Filter - 400 x 400 x 300mm	Prevents 70% of all particles smaller than 2.5 micron
DF600PF50CF	Carbon Panel Filter - 600 x 600 x 50mm	Not rated (odour removal only)
DURF7	EU7 600 x 600 x 300mm Rigid Pocket Filter	Prevents 70% of all particles smaller than 1 micron
DF600PB300F7	F7 600 x 600 x 300mm Glassfibre Pocket Bag Filter	Prevents 70% of all particles smaller than 1 micron
DF600RP300EU13	EU13 600 x 600 x 300mm Rigid Pocket Filter	Prevents 99.95% of particles @ 0.3micron
DUEFE(M)	Mini HighTemperature Particulate Exhaust filter 500	/
DUEFE3	Medium High Temperature Particulate Exhaust filter for HT340	/
DUEFE2	Large HighTemperature Particulate Exhaust filter 220	/
DUSG25	Spark Guard - 600 x 600 x 25mm	Not rated (grease prevention)
DUSG50	Spark Guard - 600 x 600 x 50mm	Not rated (grease prevention)
