

### X-Eco (LED 6)

When looking for an advanced, industry suited, extra fuel efficient mobile lighting tower, look no further than our MHM Lighttower X-Eco (LED-6).

#### Features & Benefits

- ✓ An MHM Dusk until Dawn Auto Stop/Start sensor allowing the lighting tower to start and stop automatically, completely unmanned.
- ✓ 6 x 150W LED lighting head that illuminates 3,800m<sup>2</sup> @5 lux.
- ✓ 8.5m vertical stainless steel electric hydraulic mast for quick and simple erection.
- ✓ Robust & reliable kubota electric start diesel engine.
- ✓ Certified lifting eye + front and back fork pockets for flexible and extra safe on site lifting.
- ✓ Complete on road-tow trailer for easy transport and on site use.

#### Technical Specification

Dimensions (operating mode)	2540 mm L x 1550 mm W x 8500 mm H
Weight	890 kg
Rotation	360°
Lighting Head	6 x 150W LED
Certified Wind Stability	110km/H
Fuel	Diesel
Fuel Tank Capacity - Litres	110

### ST-9 LED-4

With quick and easy set-up, this lighting tower provides 2,400m<sup>2</sup> of illuminated light coverage.

This lighting tower offers ample power to support most site lighting applications all year round, with no other power support or back-up power required. The zero CO<sub>2</sub> emissions and zero fuel usage achieved by contractors when hiring ST-9 Lighting Towers can be included in the Contractors Sustainability Policy, which will help them to win Government and Local Authority Contracts.

#### Features & Benefits

- ✓ 4 x 100W LED fully adjustable 360° swivel and tilt lighting heads
- ✓ 9m vertical stainless steel mast
- ✓ 1440W roof mounted slide out high efficiency solar panels
- ✓ Heavy duty, deep cycle batteries
- ✓ Central lifting eye + side and rear fork pockets
- ✓ 4 x easy pull and drop fully adjustable stabiliser legs
- ✓ Complete on road-tow trailer
- ✓ Auto start/stop sensor
- ✓ Self-charging and solar powered

#### Technical Specification

Dimensions L x W x H	3460 mm x 4170 mm 9000 mm
Weight	1390 kg
Lighting Coverage	2,400m <sup>2</sup>
Certified Wind Stability	110kmh / 70mph
Safe Operating Temperature	0 to 40°C

### X-Street Solar

Stand-alone, self powered solar lighting tower. When looking for a portable, easy to manage solar lighting tower, look no further than our X-Street Solar (LED-2).

#### Features & Benefits

- ✓ 2 x 25W LED lighting heads complete with full automatic PIR motion sensor that will automatically brighten and dim as activity is near or far, saving power.
- ✓ An MHM Dusk until Dawn Auto on/off sensor that will automatically turn on/off as per sunset and sunrise - when it is in Auto mode only.
- ✓ 5.5m vertical stainless steel manual mast for quick and simple erection.
- ✓ High efficiency solar panel providing power in all season UK weather conditions
- ✓ Front, side and rear fork pockets for extra safe on site lifting.

#### Technical Specification

Dimensions (operating mode)	1500 mm L x 600 mm W x 5500 mm H
Weight (with full fuel)	400 kg
Lighting Head	400 mm
Certified Wind Stability	110kmh / 70mph
Solar Panel	1 x 130W
Batteries	1 x 656 Wh Lithium
