VENTEX®

Ventex Centrifugal Fan 200P

Compact and powerful

The Ventex FA200CF Centrifugal fan is particularly suited for extracting dusts and certain fumes as well as providing fresh air supply where needed.

The Ventex FA200CF comprises a very powerful fan, capable of supplying up to 36m of 200mm flexi ducting. The unit is designed to operate in the most difficult working environments.

Key Product Features

- Mobile
- Suitable for volatile fumes

Additional applications

- Exhaust fume extraction
- Ventilation of confined spaces
