

Ventex Twin Axial Fan 300M

Powerful twin motor mobile fan capable of maintaining pressure and extraction capacity through long lengths of ducting.

Features & Benefits

- ✓ Mobile
- ✓ Use with long duct runs
- ✓ Good pressure development with minimal power requirements

Key Applications

- ✓ Long distance ventilation
- ✓ High pressure extraction through filtration units

VENTEX®

Ventex Twin Axial Fan 300M

Technical specifications

Power rating	2 x 0.75kW motors
Voltage supply	110v/16A
Speed	2850 rpm
Start current	21A
Run current	11.8A
Noise at 1m	83.1 dB
Noise at 3m	79.3 dB
Airflow	4200 m³/h
Weight	75kg
Outlet & Inlet diameter	300mm
Max. Recommended ducting length	30m
