

**292

This architectural drawing shows a side elevation of a building facade. The upper portion consists of a series of horizontal louvers or slats. Below this, there is a section with vertical elements, possibly a window or a decorative screen. A vertical dimension line on the left indicates a height of 292 units. The drawing is a black and white line drawing.

*48

This architectural drawing shows a side elevation of a building facade, similar to the one on the left. It features a curved roofline and a central vertical element. A vertical dimension line on the left indicates a height of 48 units. The drawing is a black and white line drawing.
