

Shelter & NFI Cluster

AGENDA

Source: Adriana Durán- Port Sudan

HPC CYCLE

PROCESS

Timeline specific to contexts with a yearly HNO/HRP cycle

Three Pillars

PILLAR 1

People have a dwelling (*The structure itself as an enclosed living space that protects from external threats*)

The Shelter

PILLAR 2

People can live properly in their dwelling (*The conditions it provides in terms of domestic living*)

Living Conditions

PILLAR 3

People have appropriate access to common services and infrastructure from their dwelling (*A place from which people can access services and infrastructure in their community*)

The Settlement

OVERALL INDICATOR: Households live with dignity and security of tenure in adequate* dwellings, with access to community-level services and infrastructure.

*Adequate dwelling: safe and secure structure that protects against external threats, health problems, thermal discomfort, natural elements.

**Note: as much as possible, the key principles of adequate housing are applied, as considered possible in humanitarian contexts with generally limited availability of data.

**SUDAN
SHELTER CLUSTER**

Coordinating Humanitarian Shelter and Settlements

Core Indicators

Pillar	Indicator	Sub-indicator
Pillar 1	Ind 1: % of households living in safe and dignified dwellings (structure that protects them against external threats, health problems, weather, and natural hazards)	<p>Ind 1.1: Level of safety and security provided by the shelter (defects, issues, damage, location / environment)</p> <p>Ind 1.2: Level of privacy provided by the shelter (overcrowding, partitions)</p> <p>Ind 1.3: Level of thermal comfort provided by the shelter (protection against weather)</p> <p>Ind 1.4: Level of security of tenure</p>
Pillar 2	Ind 2: % of households living in a functional domestic space	<p>Ind 2.1: Able to cook</p> <p>Ind 2.2: Able to store food / water</p> <p>Ind 2.3: Able to sleep</p> <p>Ind 2.4: Able to perform personal hygiene</p> <p>Ind 2.5: Have access to electricity</p> <p>Ind 2.6 (optional): Able to perform any other core domestic function (as relevant to the context)</p>
Pillar 3	Ind 3: % of households with access to appropriate common services and infrastructure	Can include access to education, health care, electricity, water, sanitation, transportation, etc. (as relevant to the context)

CCPM RESULTS

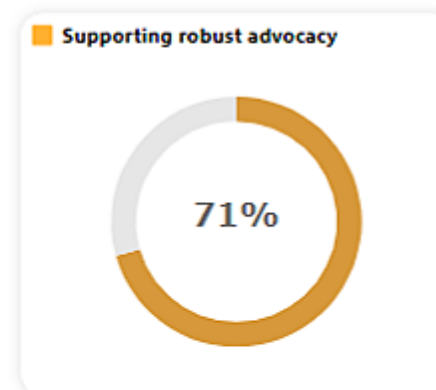

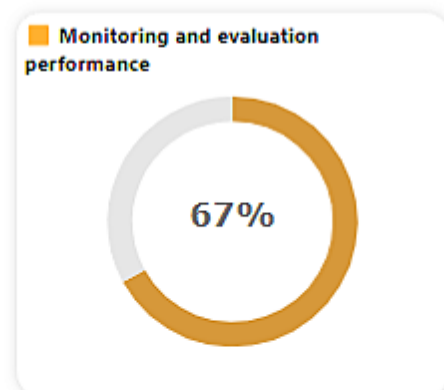

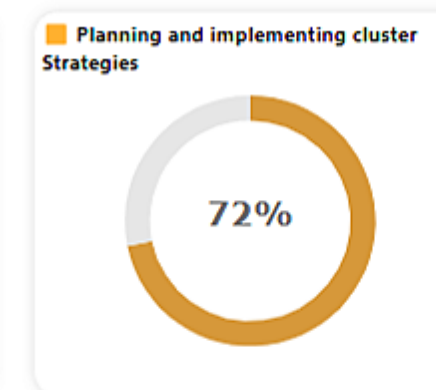

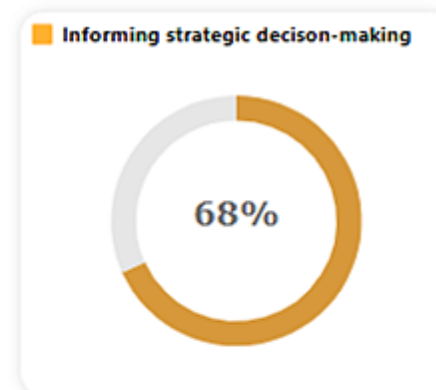

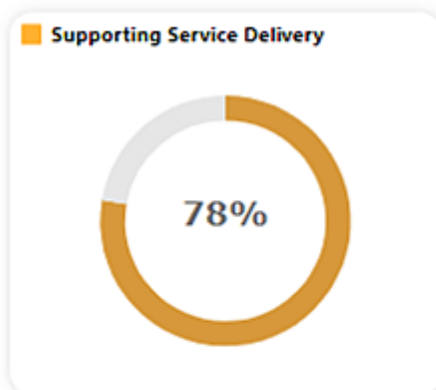

CCPM SUDAN RESULT 2024

Respondants: All | Type of organization?: All | Participation in a national or sub-national cluster?: All | Crisis Type: All

17 Responses

Performance Status Legend

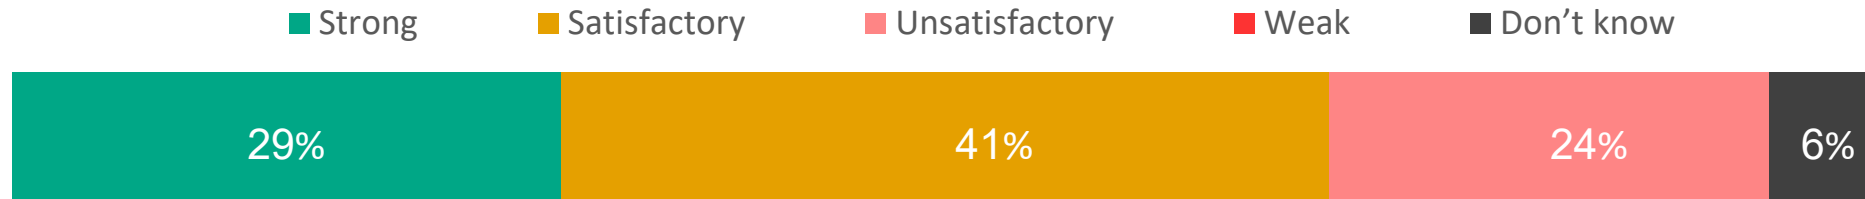

- Strong
- Satisfactory (needs minors improvements)
- Unsatisfactory (needs major improvements)
- Weak
- Don't know

Data source : CCPM survey - Sudan 2024

1. SUPPORTING SERVICE DELIVERY

• WHAT IS IT?

Coordination management
Information management
Integration

• PRODUCTS

Minutes
Cluster orgchart
ToRs
4W matrices
Website update
Factsheets

• COMMENTS

“We are member of other Clusters, The Shelter NFI cluster is one of the most effective cluster with highly efficient response”

“Sufficient information not provided especially about funding opportunities and advocacy”

“Some miscoordination between the NNGOs working in some field and then some time the big gap take the authority can not control on the providers”

2. INFORMING STRATEGIC DECISION MAKING

- **WHAT IS IT?**

Coordinated assessments

- **PRODUCTS**

Assessments reviews
Gap analyses
MIRA reports
4W matrices
Website update
Factsheets

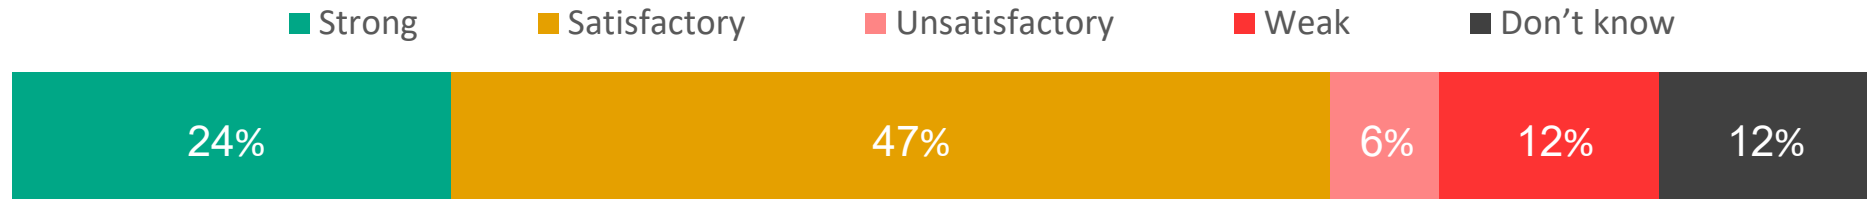

- **COMMENTS**

Gap analysis, clear response plan from partners, information sharing

The data collection and analysis is need support or to critted a project to meet the cluster goal

Access to more information from other related clusters, providing information about the potential collaboration opportunities

3. PLANNING & IMPLEMENTING CLUSTER STRATEGY

• WHAT IS IT?

Strategic Planning
Technical Coordination
Recovery guidance
Resource mobilization

• PRODUCTS

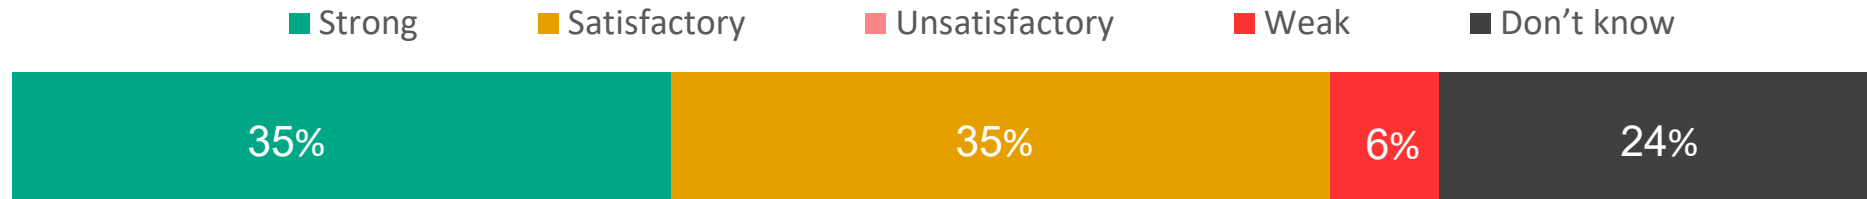

Assessments reviews
Gap analyses
MIRA reports
Strategic Framework
Decision Log
Guidelines
Shelter sections of
appeals,
Tables, maps graphs

• COMMENTS

Inform and communicate in due time with partners.

“The subnational coordination for shelter and NFI does not really function on ground”.

4. ADVOCACY

- **WHAT IS IT?**

Coordinated communications and advocacy
Government liaison
Legal and regulatory issues

- **PRODUCTS**

Stakeholders mapping
Advocacy messages

- **COMMENTS**

Strategic vision, future planning, fund raising

5. MONITORING AND EVALUATION

- **WHAT IS IT?**

Performance monitoring

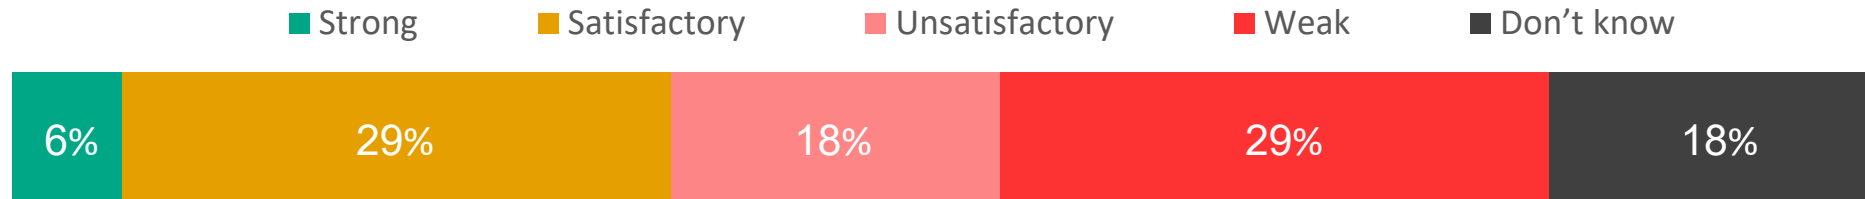

- **PRODUCTS**

**Cluster reviews
(lessons learned impact)**

- **COMMENTS**

Strategic vision, future planning, fund raising

6. CONTINGENCY PLANNING

- **WHAT IS IT?**

Contingency planning / preparedness
Contingency planning response periods
(transition, hand-over, exit).

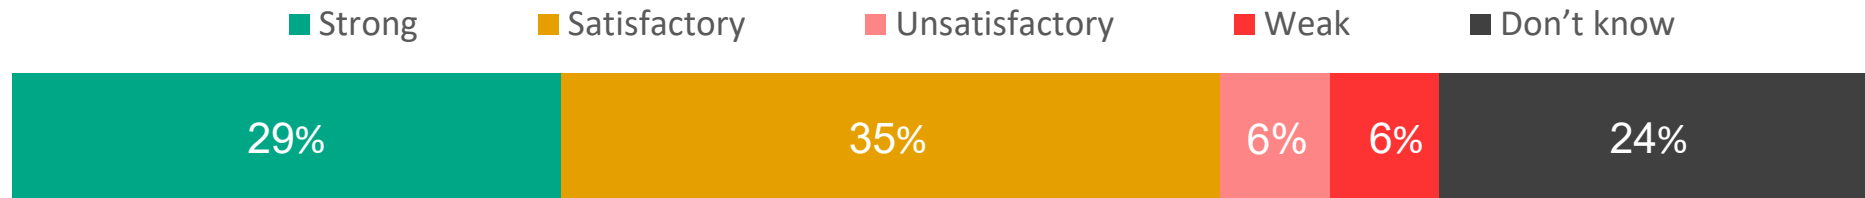

- **PRODUCTS**

**Shelter section of
Contingency plan**

- **COMMENTS**

*Urgent action need rapid response
mechanism to reduce the delay of supply
chain and increase the availability of
Emergency Shelter and NFI kits*

7. ACCOUNTABILITY TO AFFECTED POPULATION

- **WHAT IS IT?**

Community liaison / AAP

- **PRODUCTS**

Information leaflets (in local language)

- **COMMENTS**

Would be great if AAP, feedback mechanisms, and risk management issues were covered sometimes.

I would like to know more about this, especially on inclusion of vulnerable people like children and persons with disabilities in planning and feedback mechanisms.

Needs to advocate more for the access constrains issue

ROUNDTABLE ON ACHIEVEMENTS AND OPERATIONAL PLANS

- **Objective:** Ensure that our collective response efforts are well communicated to partners, donors, media and general audiences!
- **Achievements** – type of interventions, HH reached, locations, timeframe, etc.
- **Challenges** – looting of supplies, access challenges, etc.
- **Procurement** – quantities of stocks arriving to the country, type of stocks, timeframe, where will the stocks be prepositioned – particularly given the incoming flood season.
- **Assessments** – e.g., needs assessments outlining specifics with respect to Shelter and NFI needs as well as market assessments on NFIs, shelter materials, or Cash for Rent.
- **Context and impact** of interventions – e.g., any successes with respect to cash for rent, how is sustainability achieved, what about tenure security?
- **Interventions in the host community** - what has been achieved so far? Cash for shelter for the families hosting IDPs can be an option, or preselecting landlords to improve their housing in order for them to subsidize rent for IDPs – this can include negotiating longer-term tenure security.

AOB -

THANK YOU!
