(3) Housing Land Property update:

2 guidance notes released:

1. Relocation – HLP Guidance Note for Shelter Partners
2. HLP Principles related to Indigenous Peoples (IPs) for Shelter Partners.

(4) Shelter - Gender and Diversity

Key messages:

- Integrating gender and diversity into our programming improves the quality and effectiveness of our programming and the outcomes for all.
- It is the responsibility of all service providers to take account of the different needs of women, men, boys and girls in all their programs; emergency, recovery and development.
- More and more donors are demanding greater attention to gender and diversity and we must be explicit in our efforts.

Key tasks for the Shelter Cluster Gender and Diversity Advisor working across the three hubs:

Encouraging more inclusive data collection and reporting (i.e. sex-, age- and disability-disaggregated data and analysis).

Developing a simple beneficiary prioritisation tool to assist partners to address key vulnerabilities in their beneficiary selection/prioritisation

Sharing short, simple and practical information and resources.

Sharing good practice.

Identifying and working together with partners on issues of mutual concern.

Resource sharing:

Vulnerability criteria developed by the Protection Cluster March 2014

Really good response on the Municipal coordination modalities, as MFP is a recognition on what LGUs representatives are already doing. 16 municipalities in – 12 SFPs. 5 humanitarian actors as for IEDA, IOM, World Vision or Pasar foundation

5. Tacloban Shelter Cluster

The Proposed Tacloban Recovery and Rehabilitation Plan has been presented by city of Tacloban on March 21st. There is clear identification of priority target groups in need of shelter support, still being under tents, in schools or in bunkhouses. There is also acknowledgement that permanent housing relocation in North Tacloban will take time, and that a large number of people in Tacloban is in need of support to self recovery, transitional and durable shelter support. The city of Tacloban has also clearly expressed its willingness to activate the Tacloban Shelter Cluster.

Agencies update:

CRS is targeting 3,000 HH in few barangays where they will be able to cover all shelter needs, through a menu of options.

Oxfam and Grenn mindanao are assessing for can build and no build zone, with a target of 3,000 HH on support to self recovery.

All hands are working with Operation blessing in Tacloban north transitional site.

In order to move forward, it is agreed to organize a specific meeting for Tacloban Shelter Cluster in coming 10 days to discuss on key issues, planned activities and shelter response strategies.
