

Satellite Imagery 22 March 2013

Satellite Imagery 9 August 2013

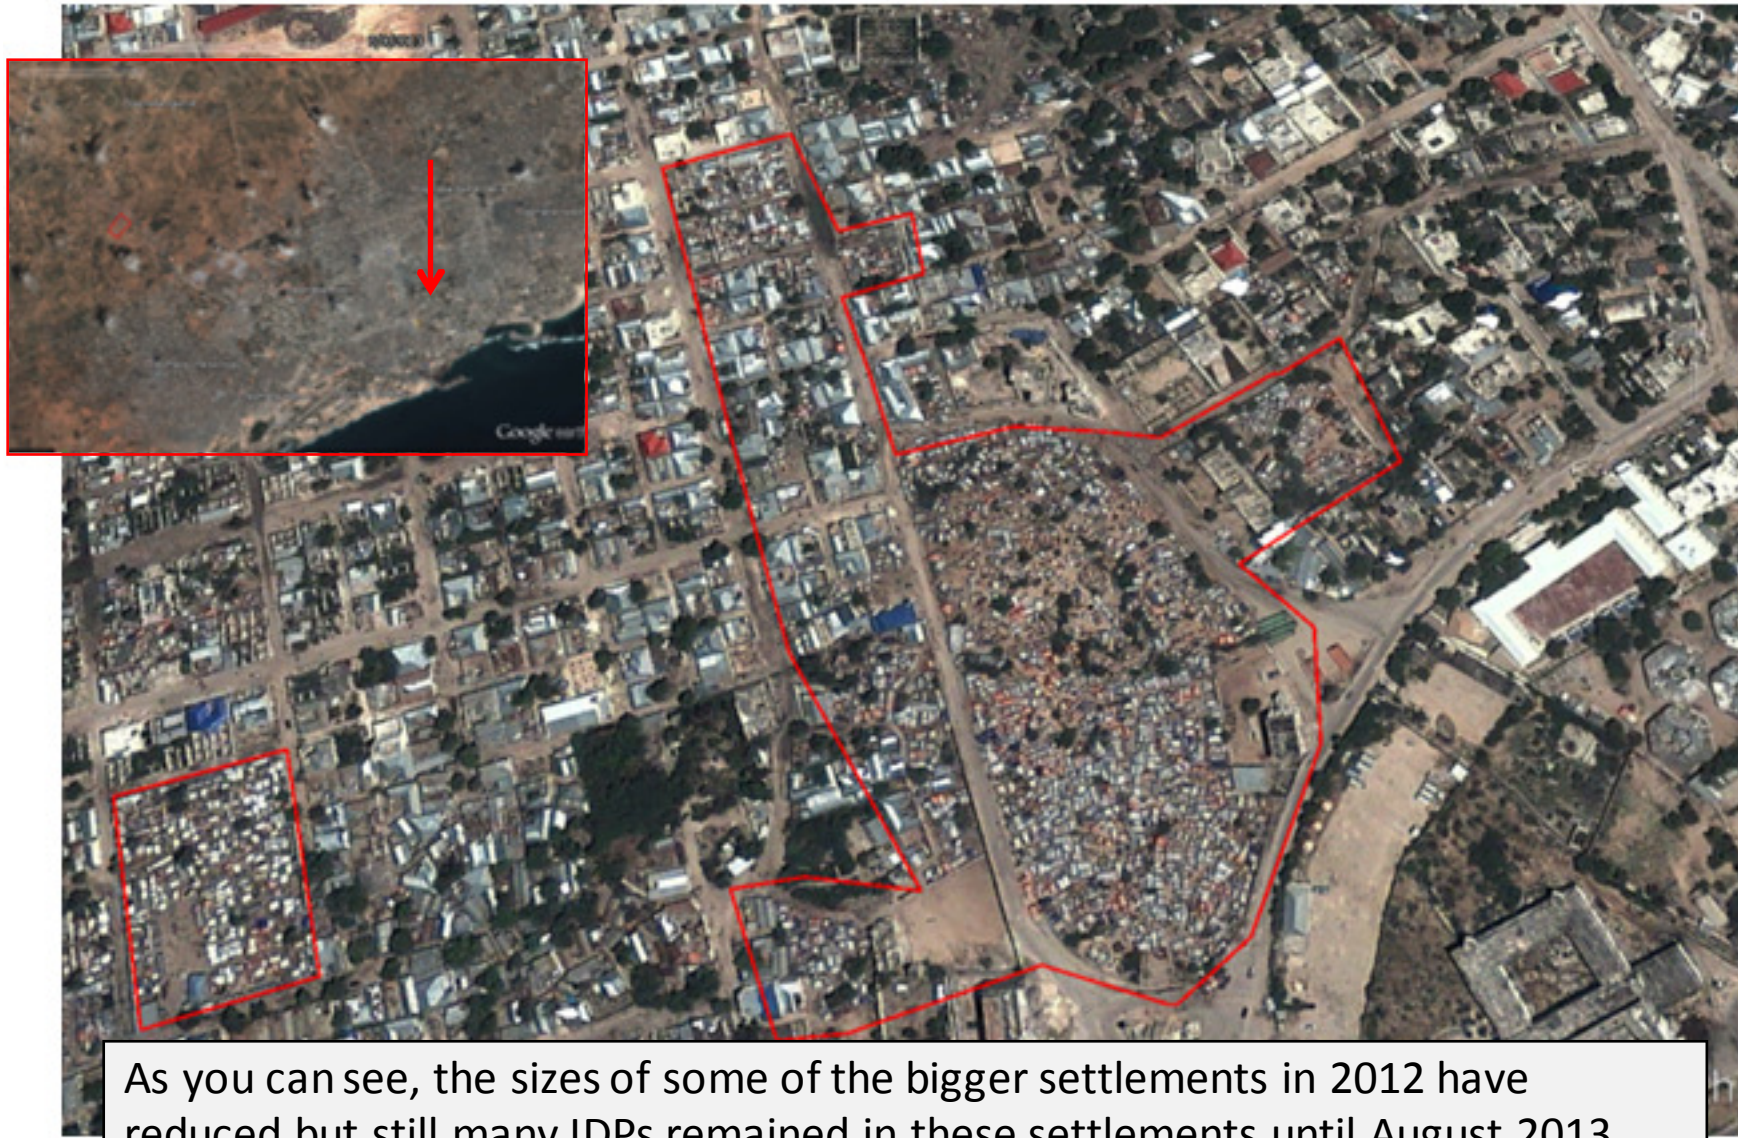

As you can see, the settlements in KM7-KM13 have increased in-between March 2013 and August 2013.

Satellite Imagery 24 November 2012

Satellite Imagery 9 August 2013

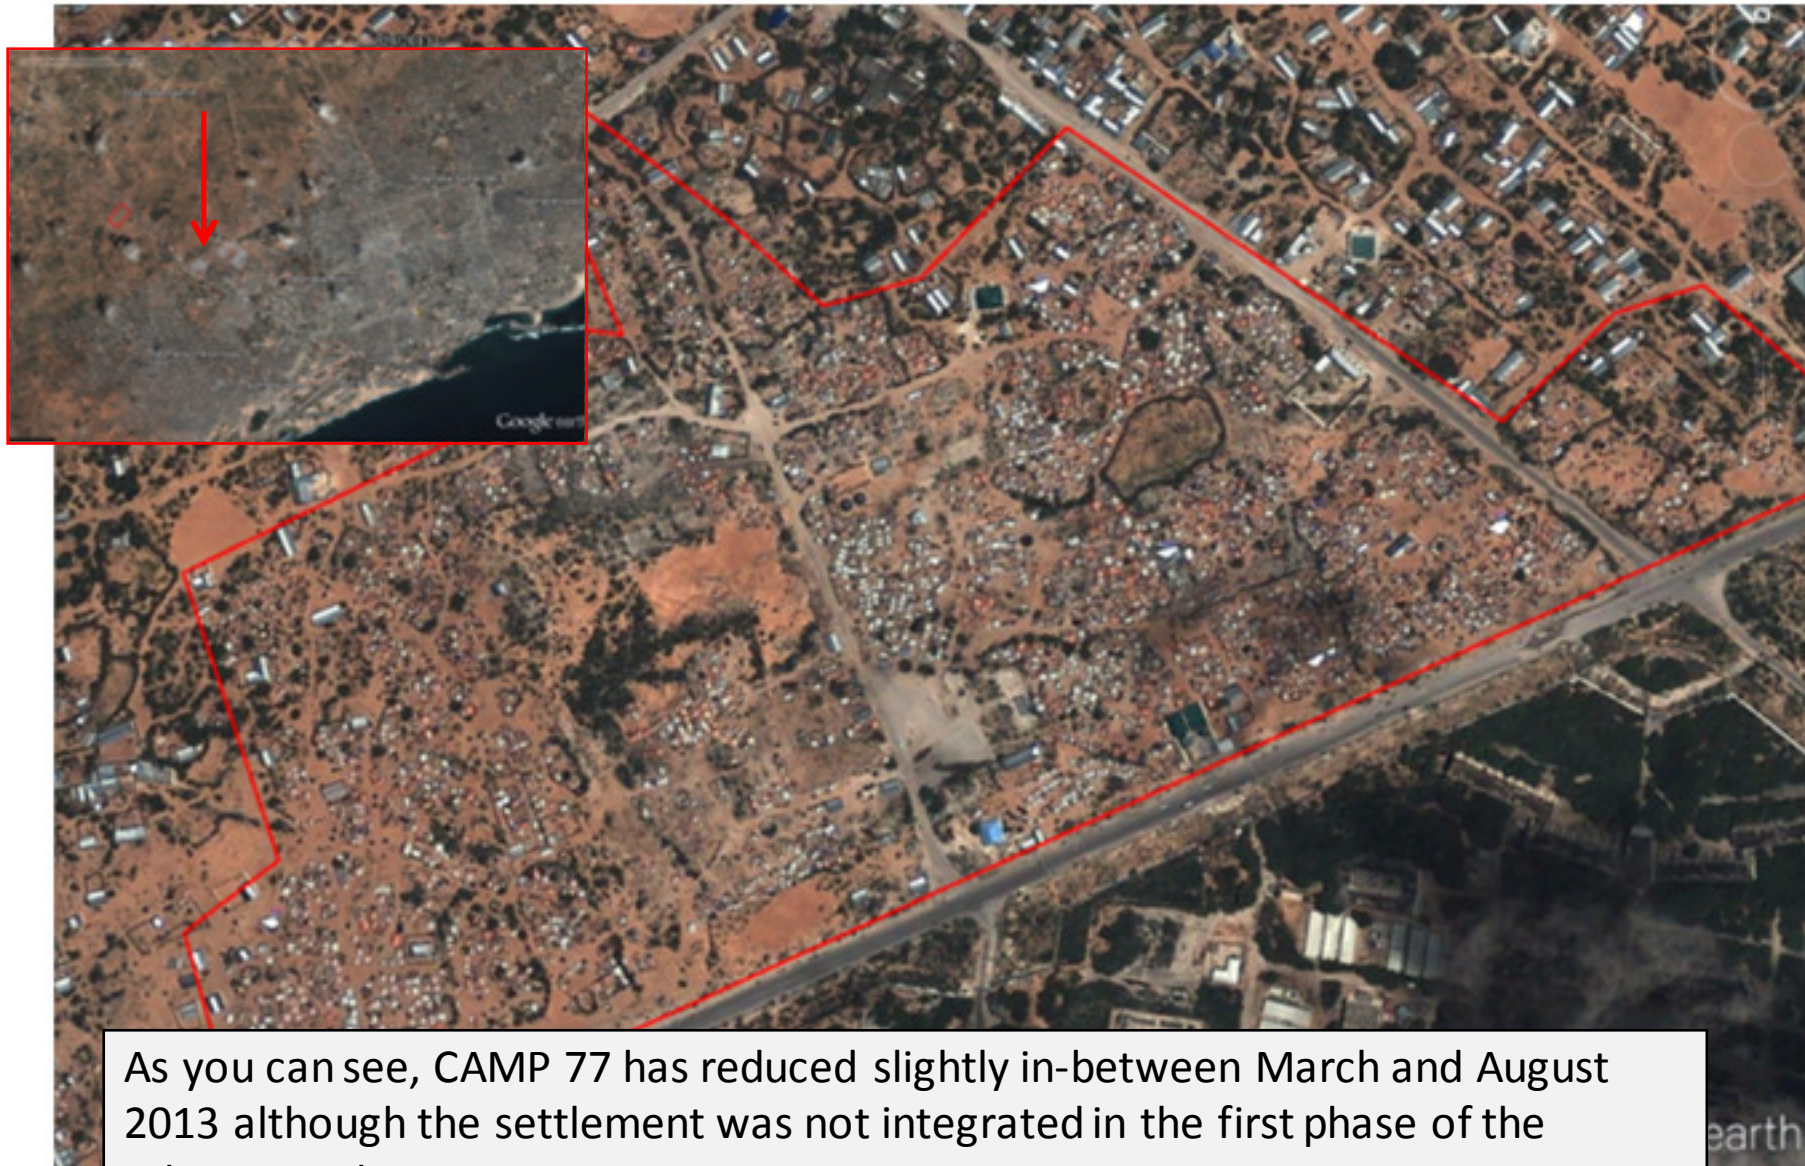

As you can see, the sizes of some of the bigger settlements in 2012 have reduced but still many IDPs remained in these settlements until August 2013 (see below Darawish Camp).

Satellite Imagery 22 March 2013

Satellite Imagery 9 August 2013

As you can see, CAMP 77 has reduced slightly in-between March and August 2013 although the settlement was not integrated in the first phase of the relocation plan.
