

Shelter Cluster Fiji TC Winston

Meeting
7th June 2016

Agenda

- Coordination update
 - Discussion and endorsement of Recovery guidelines
 - Help for Homes Initiative and Recovery Framework update
 - Coordination priorities

- Tech update
 - Field visit for repair/retrofit case study
 - Report and feedback on materials pipeline
 - Posters and other IEC material

- IM update:
 - IM products: infographic, factsheet

- Partner updates

- AOB

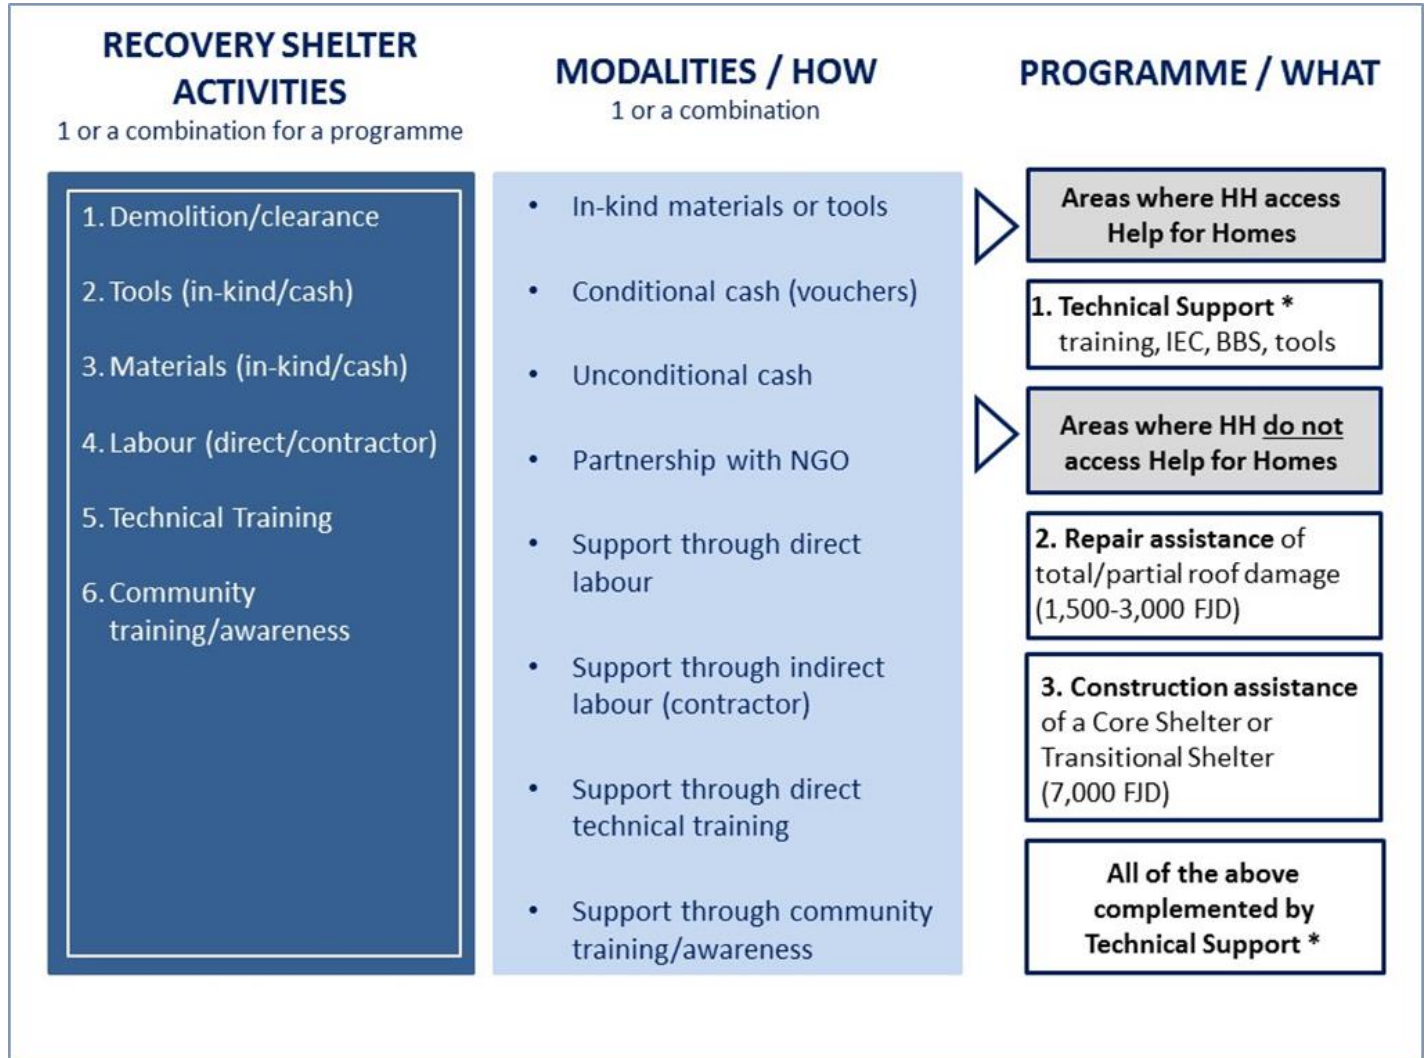

Action Points

Meeting 24th May

- Request CRAterre for poster summarizing publication
- Approached donors for printing IEC
- Endorsement of Material Shopping Guide
- Finalize Recovery Guidelines

Coordination Update

Recovery Guidelines

Coordination Update

Help for Homes Initiative

- Administered by CIU, met yesterday
- Increase initiative from \$70m FJD to \$88m FJD
- \$70m already disbursed
- Data collection and analysis needs to be done by CIU to determine where cards have gone, and where gaps may be.
 - Acknowledge will be gaps in coverage
- Material prices locked in until end of initiative, end of June
 - Reports most cash prices of same materials is same as Help for Homes Initiative locked prices
- Supportive of technical training and IEC material complementing approach

Coordination Update

Disaster Recovery Framework (DRF)

- DRF has been approved by Cabinet through official letter
- DRF process led by Min of Finance with input from line ministries
- Recovery priority workshop will be forthcoming, with opportunity for Shelter Cluster to feed into recovery activities, especially “Rebuilding Homes” recovery priority
- The “Rebuilding Homes” recovery priority will be led by the Min. of Women, Children and Pov. Alleviation
 - Official focal point not yet set

Coordination Priorities

- Swiss Development Cooperation has funding to provide expertise support
- Donors meetings – advocate for funding
 - DRF donor conference
- Incoming cluster coordinator due to arrive next week, first meeting should be 21st June
- Continue to focus on critical coordination issues as identified in recovery survey

Tech update

- Tech update
 - Field visit for repair/retrofit case study
 - Report and feedback on materials pipeline
 - Posters and other IEC material
 - Material Shopping Guide

SHELTER CLUSTER SITUATIONAL ANALYSIS

3W Reported Activities (29th May 2016)

Indicators	Need	Target*	Result**	Current Gap	Projection**	
					Ongoing, Planned, Pipeline	Remaining Projected Gap
Objective 1 - Emergency shelter						
1.1 No. of households (sex/age/vulnerable group) received some form of emergency shelter, including tarpaulins, tents, shelter kits, tool kits.	31,200 HH	31,200 HH	27,693 HH	3,508 HH	4,596 HH	(1,089) HH
1.2 No. of total emergency shelter items & NFI distributed	50,000 Items	50,000 Items	51,155 Items	(1,155) Items	5,066 Items	(6,221) Items
Objective 2 - Support to Self Recovery						
2.1 No. of households (sex/age/vulnerable group) receive a core shelter, including vulnerable groups.	11,500 HH	3,400 HH	- HH	3,400 HH	- HH	3,400 HH
2.2 No. of vulnerable households who receive shelter fixing kits, materials or a cash/voucher equivalent, including vulnerable groups.	19,700 HH	5,600 HH	1,014 HH	4,586 HH	- HH	4,586 HH
Objective 3 - Technical Support						
3.1 No. of vulnerable households reached through public awareness, through mass IEC dissemination (excluding training)	31,200 HH	31,200 HH	- HH	31,200 HH	- HH	31,200 HH
3.2 No. of household have received emergency shelter awareness (for shelter kit, tents, tarps, tool kits)	31,200 HH	31,200 HH	11,587 HH	19,614 HH	4,596 HH	15,018 HH
3.3 No. of households have received BBS awareness (to repairs, retrofit, building core shelter)	31,200 HH	9,000 HH	946 HH	8,054 HH	206 HH	7,848 HH
3.4 No. of semi-skilled/skilled carpenters receive BBS technical training	1 carpenter per 40 HH	780 carpenters	- HH	780 carpenters	- HH	780 carpenters

*Targeting based on either full caseload or estimations of number of HH living under the poverty line with completely/partially destroyed houses

**Where HH data is missing, assumptions were made on the number of HH reached with emergency shelter interventions. The assumption is HH received either an average of 2 tarps, or 1 tent, or 1 shelter box, or 1 shelter kit, or 1 tool kit, and that there weren't multiple items distributed to the same one HH.

Situational Analysis data is sourced from agency reported 3Ws, and is accurate up to the last previous inter-sectoral 3W update.

31,200
houses damaged

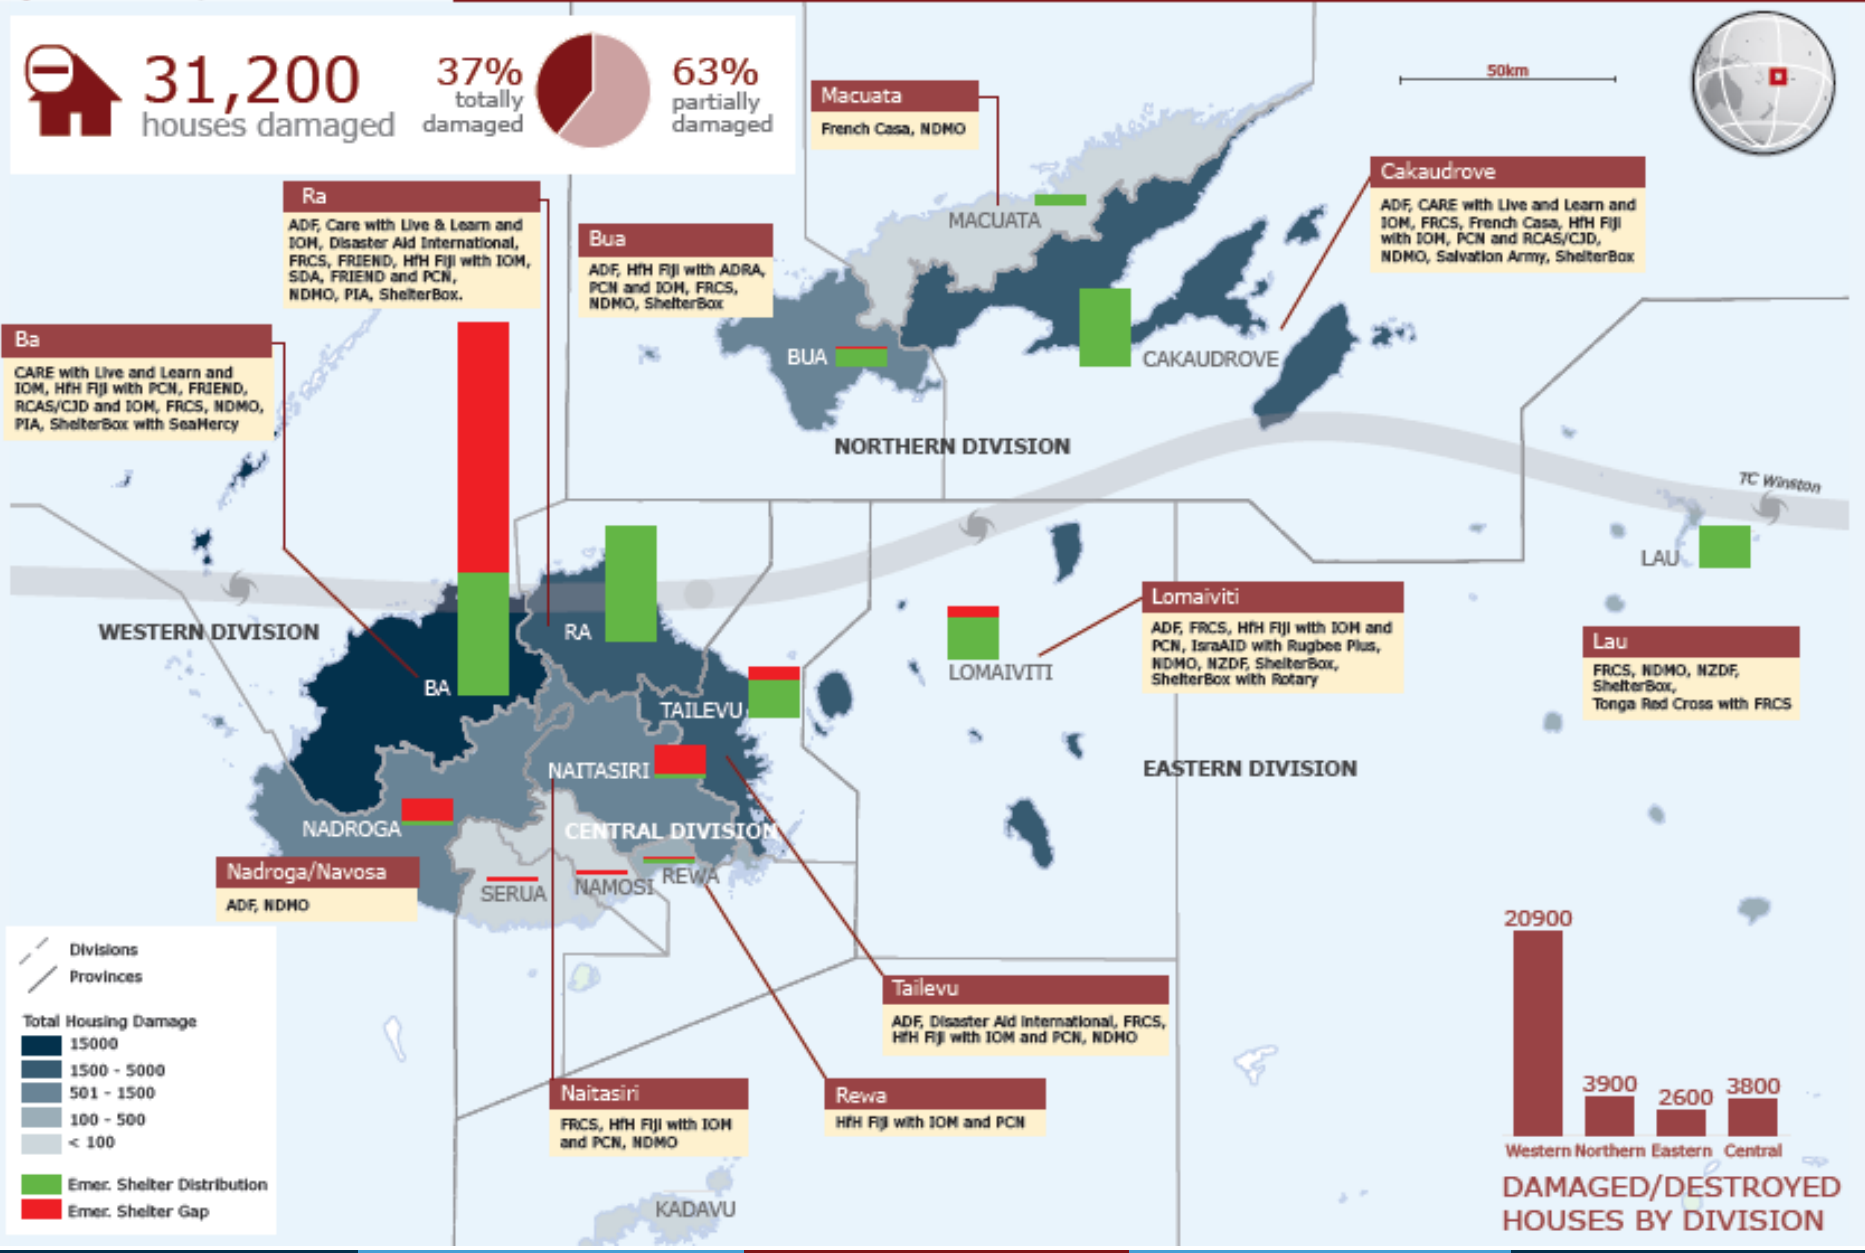

37%
totally damaged

63%
partially damaged

50km

May End of Flash Factsheet
