

Shelter/NFI Cluster Meeting

31st July 2017
14:00-15:30
UNHCR Office
(16, Lavrska Street)

Agenda

1. Introduction, presentation of participants, 5 min – Renee
2. Review of the previous meeting decisions, 5 min – Kostya
3. Update on recent 5W and new form, Factsheet, 5 min – Kostya
4. Release of Collective Centre Factsheet 2017- Kostya
5. Release of Winterization Guidelines- Renee
6. Subnational Cluster Updates: EC Dormitory in Kramatorsk Briefing, Avdiivka Field Visit Updates – Renee
7. Updates from Participants, 15 min
8. AOB, 5 min

ACTION POINTS

Present: Shelter Cluster, UNHCR, ADRA, People in need, HIA, Dorcas, GIZ, USIF, SSS.

Agenda item 1. Introduction, presentation of participants

All participants briefly introduced themselves, attendance sheet was circulated (See Annex 1 to the minutes).

As a moment of precision, Subnational Shelter/NFI Cluster mentioned to participants that the meeting could last for only 55 minutes due to a meeting planned in the same room.

Agenda item 2. Review of the previous meeting decisions

The last national cluster meeting was on the 26th of June 2017 and agenda items were followed up accordingly.

ACTION POINT	BY WHOM	BY WHEN
Finalize Publication of Collective Centres Monitoring	Shelter Cluster Team	Done: <u>ENG</u> , <u>RUS</u> , and <u>UKR</u> .
Finalize Winterization Recommendations	Shelter Cluster Team	Done: <u>ENG</u> and RUS

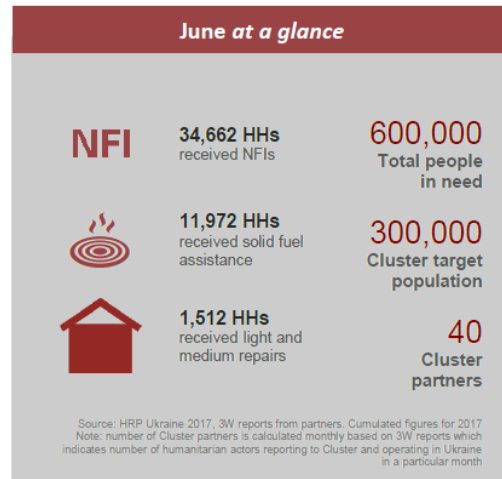

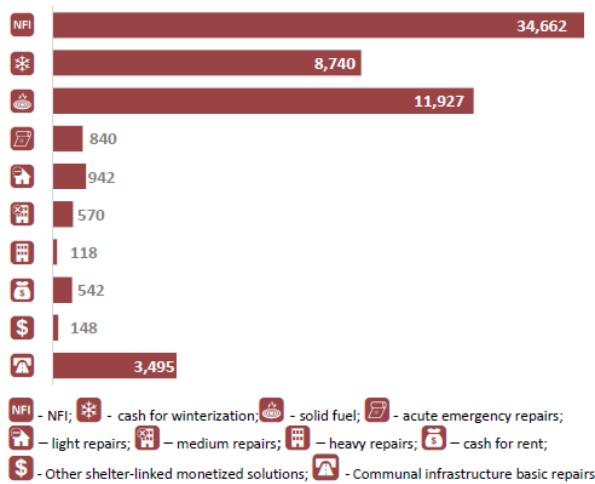

Circulation of Winterization Matrix	Subnational Shelter/NFI Coordinator	First mapping - please contact coord1.ukraine@sheltercluster.org if you have not received the matrix
-------------------------------------	-------------------------------------	---

Agenda item 3. Update on recent 5W and Factsheet

The Cluster Team made a factsheet for June 2017. The Factsheet is available on the Shelter Cluster website in [English](#), [Ukrainian](#), and [Russian](#). It includes information on:

- Winterization Consultations
- Shelter Cluster Team Visit to NGCA
- Popasna Field Updates

Subnational Cluster Coordinator also mentioned that the factsheet provided an update on the progress as of the first six months of the year. The achieved results by activity are depicted below:

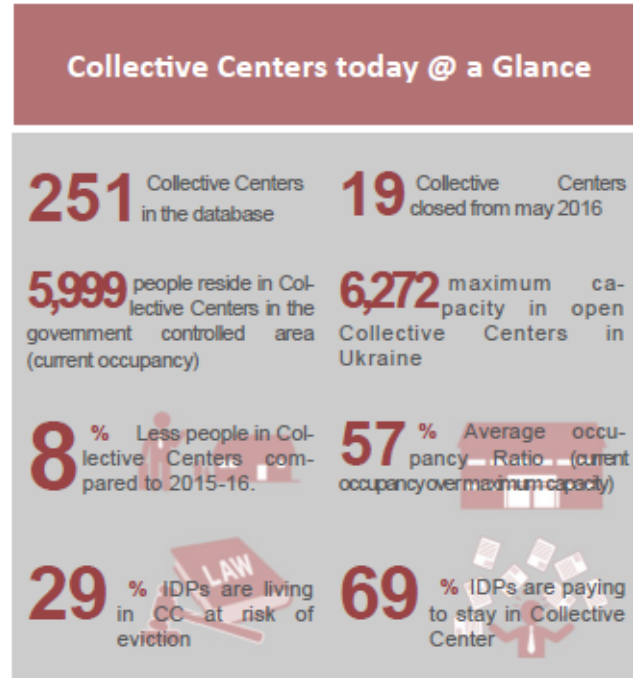

Agenda item 4. Updates from Collective Centre Monitoring

Shelter Cluster presented the released factsheet and requested that any amendments to the factsheet be mentioned as soon as possible. The English, Russian, and Ukrainian versions of the factsheet within will be published within a week of the cluster meeting. The key statistics of the Collective Centre factsheet were presented for cluster members:

Partners requested that the cluster precise whether the 5,999 people did in fact refer to IDPs or to people generally residing in these centres. The Cluster team specified that in the deeper analysis of the statistics there were in fact non-IDPs residing in these collective centres. However, in the case of the overview 5,999 refers to IDPs. The cluster upon considering this confusion has now made the adjustment to 5,999 IDPs in the final publication of the factsheet.

A discussion was also covered on the final chart in the Collective Centre factsheet which covers the ways forward for decommissioning strategy.

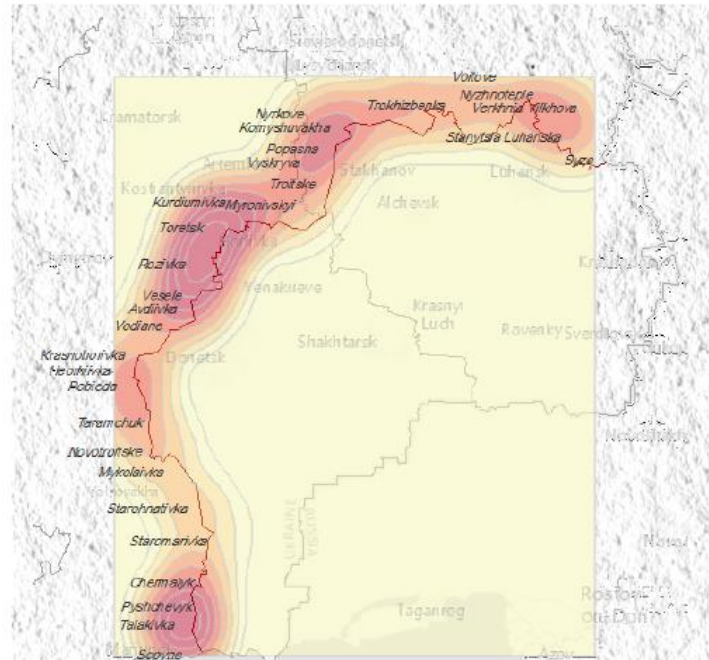

Coordinator remarked that the factsheet was an overview factsheet, and that there was quite a few statistics collected in this year’s monitoring. If more precise details are required for programming, please contact dmytrenk@unhcr.org for an extract of any data.

Agenda item 5. Winterization Updates

Subnational Shelter/NFI Coordinator recapped the draft version of the winterization guidelines. Since the document had been circulated the week prior to the meeting, a few comments had already been provided. Subnational Coordinator requested partners to please provide their feedback to the guidelines within the next week.

The above map was presented taken from REACH Initiative’s recent Area Based Assessment. The map shows the areas where fuel was hard to deliver and was low quality during the 2016-2017 period. Subnational Cluster Coordinator highlighted some of the key needs:

- Between 23,464-30,270 households in need of fuel on both sides of the contact line
- Only 20-30% of need for basic NFIs covered in NGCA last year
- Donetsk Oblast GCA: 45% increase in price of utilities
- Luhansk Oblast GCA 36% increase in price of utilities

- Approximately 8000 IDP households report lack of satisfaction with insulation

Subnational Cluster coordinator also pointed out the price differentials between NGCA and GCA. This could be one factor in causing involuntary return from GCA to NGCA.

Heating

Location	Standard amount of coal for 1 full winter season	Minimum recommended amount of coal
	3 tons	2 tons
GCA	\$300 USD	\$200 USD
NGCA	\$113 USD	\$76 USD

GCA Only (Various approaches)

Standard amount of coal for 1 full winter season	Minimum recommended amount of coal	Standard amount of firewood for 1 household for full winter season	Minimum recommended for 1 household for winter season	Mixed modality approach
3 tons	2 tons	10m ³	5.5m ³	Start-up in kind and remainder in cash
\$300 USD	\$200 USD	\$300 USD	\$200 USD	Start-up in kind and \$100

(Utilities)

Oblast GCA	Average price of natural gas	Average price of electricity	Average wage	Average Subsidy Given for gas heating
Donetsk GCA	855.34 UAH/Gcal	1000 UAH	7077 UAH (Jan-May 2017)	2859 UAH
Luhansk GCA	1076.02 UAH/Gcal	480 UAH	5433 UAH (Jan-May 2017)	3439 UAH

Oblast NGCA	Average price of natural gas less than 6000m ³	Gas greater than 6000 m ³	Heating
Donetsk NGCA	3.58 RUB/m ³	7.29 RUB/m ³	16 RUB/m ²
Luhansk NGCA	7.29 RUB/m ³	4.08 RUB/m ³	9.42 RUB/m ²

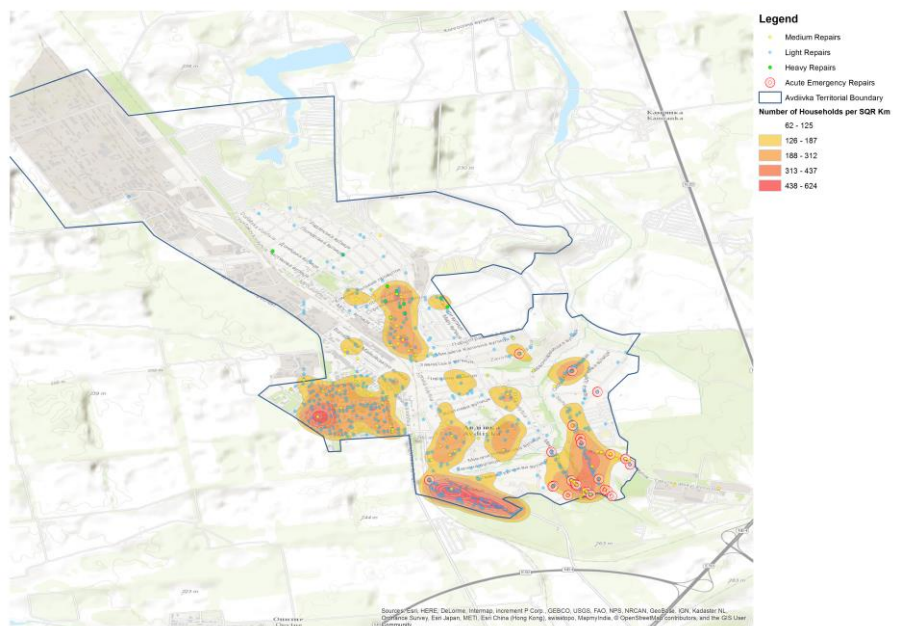

Subnational Shelter/NFI Cluster coordinator also reviewed the costs of personal NFI items. Shelter Insulation was also included as a way to improve energy efficiency in the home. This year, Shelter and NFI Cluster also partnered with the Food Security and Livelihoods Cluster to produce guidance on ideas for how livelihood activities could be implemented to foster winterization preparedness and facilitate winterization recovery in the Donbass.

Agenda item 7. Subnational Cluster Updates

A brief update was made about the Shelter Cluster's field visits to Avdiivka during the last month. Shelter Cluster members were encouraged to consult the factsheet that the Cluster shared. During this field monitoring, the Shelter Cluster team learned of beneficiaries who had had their homes shelled four to seven times since the beginning of the conflict.

The field notes of this field visit are found [on the Shelter Cluster website](#).

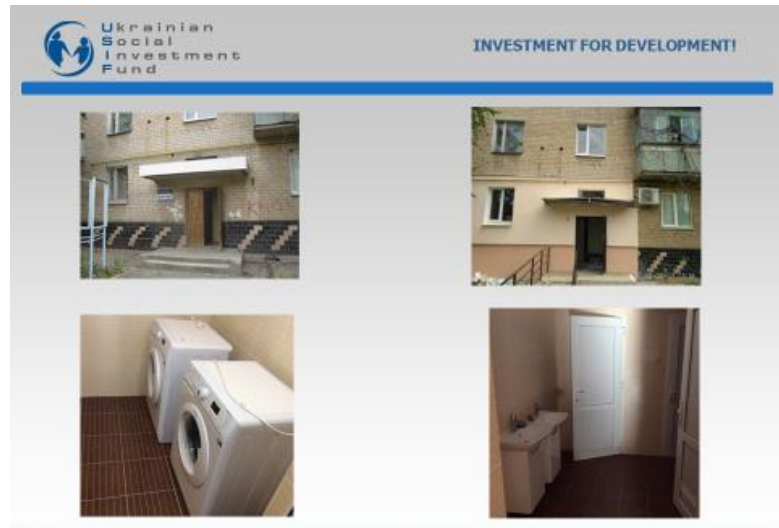

Agenda item 8. USIF Presentation

Ukrainian Social Investment Fund had received funding from KfW Development Bank to implement a program for social infrastructure and temporary accommodation for IDPs. The project is being implemented in select communities of Kharkivska, Zaporizhia, and Dnipro Oblasts. The project conducts repairs on heating, electricity, water, and sewers, reconstruction of heating systems, repairs of doors and windows and other interior works for 97 apartments and 158 rooms in dormitories.

Shelter Cluster partners queried on how USIF had found the legal way to proceed on such projects. USIF clarified that they do not have any capacities to make any legal assistance. It was concluded that the individual involvement of local authorities was one way to ensure that IDPs could get access to accommodation. Subnational Cluster Coordinator also reminded participants that while Ukrainian law uses the term *Соціальне житло* it cannot be directly translated into the English full understanding of social housing, as there are not yet robust housing policies to implement such programs in Ukraine.

23

The slide presentation of USIF is attached to this dissemination of minutes.

Agenda Item 9- any remaining partners

ECHO Consortium Coordinator announced that the Consortium is establishing a cross-referral system. Subnational Shelter/NFI Cluster Coordinator mentioned the Cluster's referral system, and requested that the Consortium partners share appropriate sectorial referrals through the Cluster, so that other Shelter/NFI agencies could assist if required.

UNHCR Protection Associate mentioned that they received a referral from Cherkasi region as their homes were damaged by a storm. Furthermore, IDPs who had land plots required construction materials to build homes. In Odessa region, there is an issue with illegal occupation of collective centres. IDPs need support with construction materials to build communal property.

PIN advocacy manager requested more information about what Shelter Cluster is planning to do about the issue of military occupation of housing. Subnational Shelter/NFI Cluster Coordinator encouraged members to participate in the Housing, Land, and Property Technical Working Group where they would be discussing how to advocate with the Ministry of Defense on this issue.

Shelter/NFI Cluster team in Ukraine contact details:

Cluster Coordinator:
Cluster Co-Chair:
Shelter Associate:

Igor Chantefort, coord.ukraine@sheltercluster.org
Renee Wynveen, coord1.ukraine@sheltercluster.org
Kostyantyn Dmytrenko, dmitrenk@unhcr.org

Attendance Table

Name	Organization	Function
Aigul Zharylgassova	ECHO	Programme Officer
Sergei Saienko	People in Need	Shelter Coordinator
Schafer Bomstein	People in Need	Head of ECHO consortium
Kostyantyn Dmytrenko	Shelter Cluster	Shelter Associate
Renee Wynveen	Shelter Cluster	Co-Chair and subnational Coordinator
Dergachova Katerina	Ukrainian Social Investment Fund	
Andrea Parisi	UNHCR	Shelter Officer
Vira Shelest	UNHCR	Protection Associate
Artem Dihktiaruk	ADRA	Country Director
Oleksandra Shkliaruk	GIZ	Junior project coordinator
Nataliya Beliaeva	DORCAS	Liaison Officer
Katerina Filatova	Hungarian Interchurch Aid	Program Coordinator
Alexandra Magurova	Stabilization Support Services	Liaison Officer
