**Minutes:**

Agenda Item	Key Points	Action points
1. Partners Activities in Mosul	<p>Current actors operating in Mosul for SNFI: Human Appeal, PIN, ZOA/EADA, NHCR, UN Habitat, ACTED</p> <p>NRC planning 400 small and medium scale shelter rehab, 350 SoKs distributions in E. Mosul primarily, potentially in the West too. NRC currently setting up an office, which should become operational in November in order to start activities in December.</p>	<p>ACTED to send SNFI Cluster GPS coordinates of Shuhada2</p> <p>NRC to share with SNFI Cluster neighborhoods they are planning to operate in, once identified</p> <p>3W Link: <a href="https://fusiontables.google.com/DataSource?docid=13MhwFJtGlgNyQwj3k3tYLH7bQWC5hCduPfCTwXpq#map:id=3">https://fusiontables.google.com/DataSource?docid=13MhwFJtGlgNyQwj3k3tYLH7bQWC5hCduPfCTwXpq#map:id=3</a></p> <p>Partners to update activities on the 3W</p>
2. Reporting	<p>Finished activities should be reported on Activity Info. Partners to include coordinates in the comment section.</p>	

	<p>For the 3W Mosul map, click “add” under inputs section to add ongoing activities and assessments</p> <p>Partners encouraged to share assessments, especially for out-of-camp activities</p> <p>ACTED/PIN planning NFI distribution in newly retaken areas in Hawija/Shirqat</p> <p>NRC has no additional SNFI activities a part from the Mosul ones described earlier</p> <p>ZOA potentially using private funding for winterized NFI in Mosul City and surrounding areas</p>	
3. Hawija Operations	<p>Unknown for how long people currently living in AUBs will be allowed to stay.</p> <p>Cluster suggesting to priorities villages around</p> <p>Families staying 1-2 days in Haj Ali and then returning</p> <p>Looting took place, rather than damage in newly retaken areas</p> <p>SoKs, NFIs and small scale rehab will be priority need</p>	
4. TWiG	<p>SNFI Cluster suggesting to partners to focus on rooms where people are currently living rather than full building (especially for category I-II)</p> <p>Cluster advises to implement minimum standards and no more due to limitation of funding for rehabilitation activities</p> <p>SoKs will apply for all categories of repair but will last for a more limited amount of time (emergency activity)</p> <p>Partners encouraged to focus on category II and III for rehabilitation in order to support returns; while category 0-I for SoKs distributions</p>	Partners asking cluster to provide technical training for the new guidelines
5. AOB	N/A	

Next Meeting: 18Oct2017 at 10am in NCCI Erbil
