- Stocks that could benefit **11,033 HH** are available in the country (distribution not yet reported) and are also in the pipeline.
- This brings the overall assistance (Completed, ongoing & Planned) to: **15,677 HH**

The Estimated damage: **21,000HH** (*Please see the table of damage estimates & humanitarian gaps on the next page*)

Estimated Response Gap: c. **5323 HH**

2. Response highlights

Overview

- Significant relief supplies have now arrived in-country and reported distributions are slowly increasing.
- Reports from the SANMA PEOC indicate higher levels of damage in SANMA than previously reported.
- There is an ongoing urgent requirement to ensure stocks are distributed quickly, equitably, and accountability.
- The Vanuatu Shelter Cluster is also seeking information from the NDMO on the availability and/or distribution of shelter relief items including c. 10,000 tarpaulins consigned to the NDMO since the start of TC Harold operations.

Agency Activities

- The Vanuatu Red Cross Society (VRCS) has continued with their distributions in the most affected communities in Central Pentecost 1.
- 1000 Tarps that were procured by the PWD have been distributed with the help of VRCS.

3. Detailed damage estimates & humanitarian gaps

***NOTE:**

- **For the portion highlighted in Orange, we have not received any reports of Distribution.**

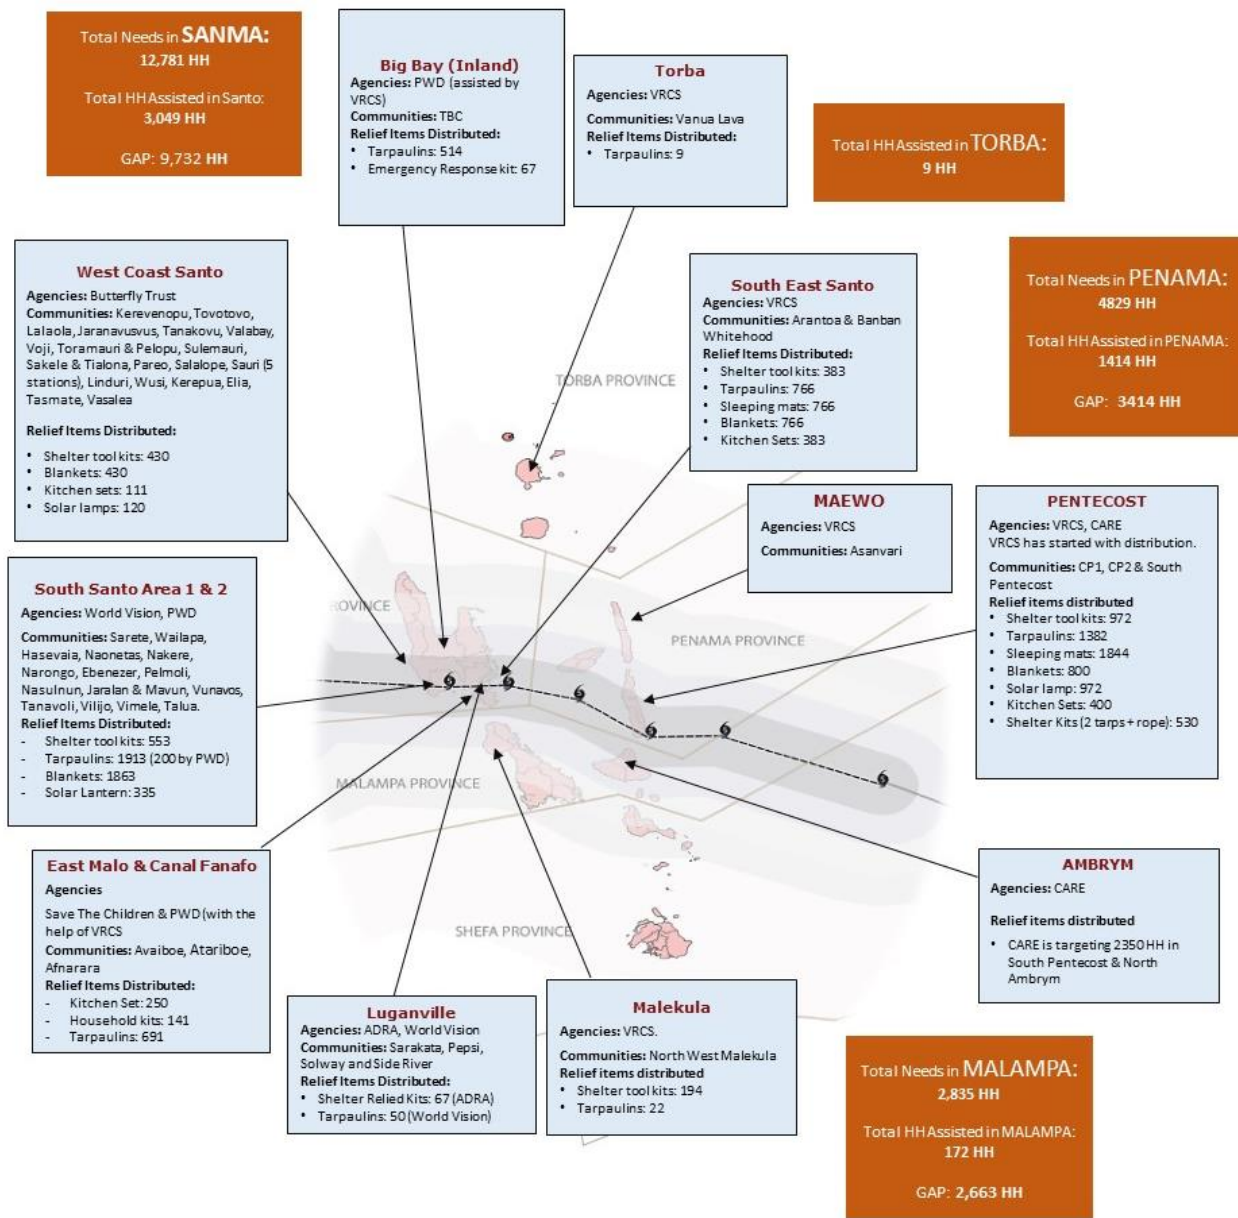

The above table of Needs, Distributions and Gaps is represented on the map in Annex 1.

5. Humanitarian gaps and Vanuatu Shelter Cluster Advocacy Points

- 78% of those with severely damaged or destroyed houses have *not yet received shelter assistance* although much relief stock is now available in-country.
- Combined relief (in-country +planned) items would theoretically meet the shelter needs of around 80% of those whose houses are in the highest damage categories.

Annex 1: Mapping

The map shows the areas where Vanuatu Shelter Cluster agencies are currently targeting and how much relief items have been distributed to date and the Gaps.
