- Assessment in the North – we are aware that we need to have a better understanding of needs, any ideas of how this could be done?
- Looting – please also complete the Loss Report KOBO so we can have an update on what partners are losing – we’ve had two responses since August and we know there is more looting
- Energy
  - We shared the KOBO for the humanitarian energy survey – please do complete it. There can be more than one response per agency
  - Enumerator training for IDP survey this week and starting to sample 17<sup>th</sup> onwards
