HIGHLIGHTS

- Humanitarian Response Plan [HRP] 2024:** SNFI sectors received 79 Shelter and 73 NFI project proposals and after a thorough strategic and technical review, 73 Shelter and 64 NFI projects were approved for implementation under HRP 2024. Through HRP projects partners aim to target 1.4M individuals with Shelter and 1.9M with NFI interventions, representing 21% and 31% of the estimated people in need.

In terms of financial requirements sector partners estimated they would require US\$ 305M for shelter and US\$ 285 for NFIs to undertake the proposed Shelter and NFI interventions representing an increase of 15% for shelter and 16% for NFIs from 2023 financial requirements. The HRP targets closely correspond to the activity-based targets and costing estimated by the sector. From January until end of June this year the sector secured 77M (15%) of the requested fund.
- Summary of Response:** In 2024 until now, the SNFI sector partners across Syria supported 0.4M people with Shelter and 0.09M with core NFI interventions reaching 04% and 01% of the targeted individuals, where the needs had been compounded by a series of devastating earthquakes and multitude of aftershocks. The partners were only able to secure US\$ 46M and US\$ 11.8M for Shelter and NFI interventions representing a meagre 19% of 08% of the total requirements. The SNFI sector partners achievements are considerably **lower** compared to the previous year.

RESPONSE

- Achievements:** At the end of June, Shelter and NFI partners have been able to reach 0.4M and 0.09M people respectively with essential Shelter interventions and Core NFI provision.
- Funding:** At the end of June, partners secured USD 46M and USD 11.5M for shelter and NFI responses resulting in a funding gap of 81% and 92% respectively.

GAPS / CHALLENGES

- Economic hardship:** Deteriorating economic situation, fluctuation in commodity prices and severe shortage in power supply has resulted in increase in the cost of response, especially Shelter rehabilitation activities.
- Critical funding gap:** Vulnerable people may continue to adopt negative coping mechanism unless additional resources are not made available to sector partners to enable provision of critical Shelter and NFI assistance.

KEY FIGURES (Shelter)

73 **6.83M / 1.42M**
Sector partners People in need / targeted

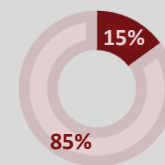

KEY FIGURES (Core NFI)

64 **6.15M / 1.93M**
Sector partners People in need / targeted

KEY FIGURES (Winter NFI)

57 **5.52M / 2.48M**
Sector partners People in need / targeted

FUNDING

Total funding required/ secured (USD):
503M / 77M
