Shelter & NFI Cluster Coordination Meeting

Khartoum • Sudan • 8th Dec. '22

- **Darfur Region Update**
 - **Kordofan Region Update**
 - **Blue Nile Displacement**
 - **2023 HRP Summary**
 - **Co-Chair Organization Results**
 - **AOB**
-

- Start of **agricultural season** has instigated conflicts in Darfur region, however no major displacement has occurred recently.
- Rise in magnitude of natural disasters e.g., in SD since mid-August, at least **16,000 HHs** IDPs, refugees, returnees and residents have reportedly been affected; **12,000** assisted.
- **Fire incident** at a **gathering site in El-Genina** (WD) affected 153 HH, and chances for more fire due to political reasons to vacate the sites.
- Cluster response to assist 928 affected HH in **Saraf Umra, ND**.
- Political turmoil and instability can potentially instigate conflict; Cluster on standby.

- Lack of coordination between HAC, exaggerated figures affecting/delaying the response.
 - Despite the ongoing response, major gaps in terms of NFIs remain in WD, CD and SD.
 - E.g., in 2022 in WD cluster assisted 21,000HH with NFI kits, however the 7,400 HH gap remains.
 - Lack of Shelter interventions – NFIs are not an alternative for shelter.
 - Land related issues persist affecting the transitional or more substantial interventions.
 - No. of HH continue to rise due to conflicts and natural disasters .
 - Lack of resources stocks and capacity to respond.
 - Harmonization and standardization remains a key challenge.
-

Kordofan Region Update

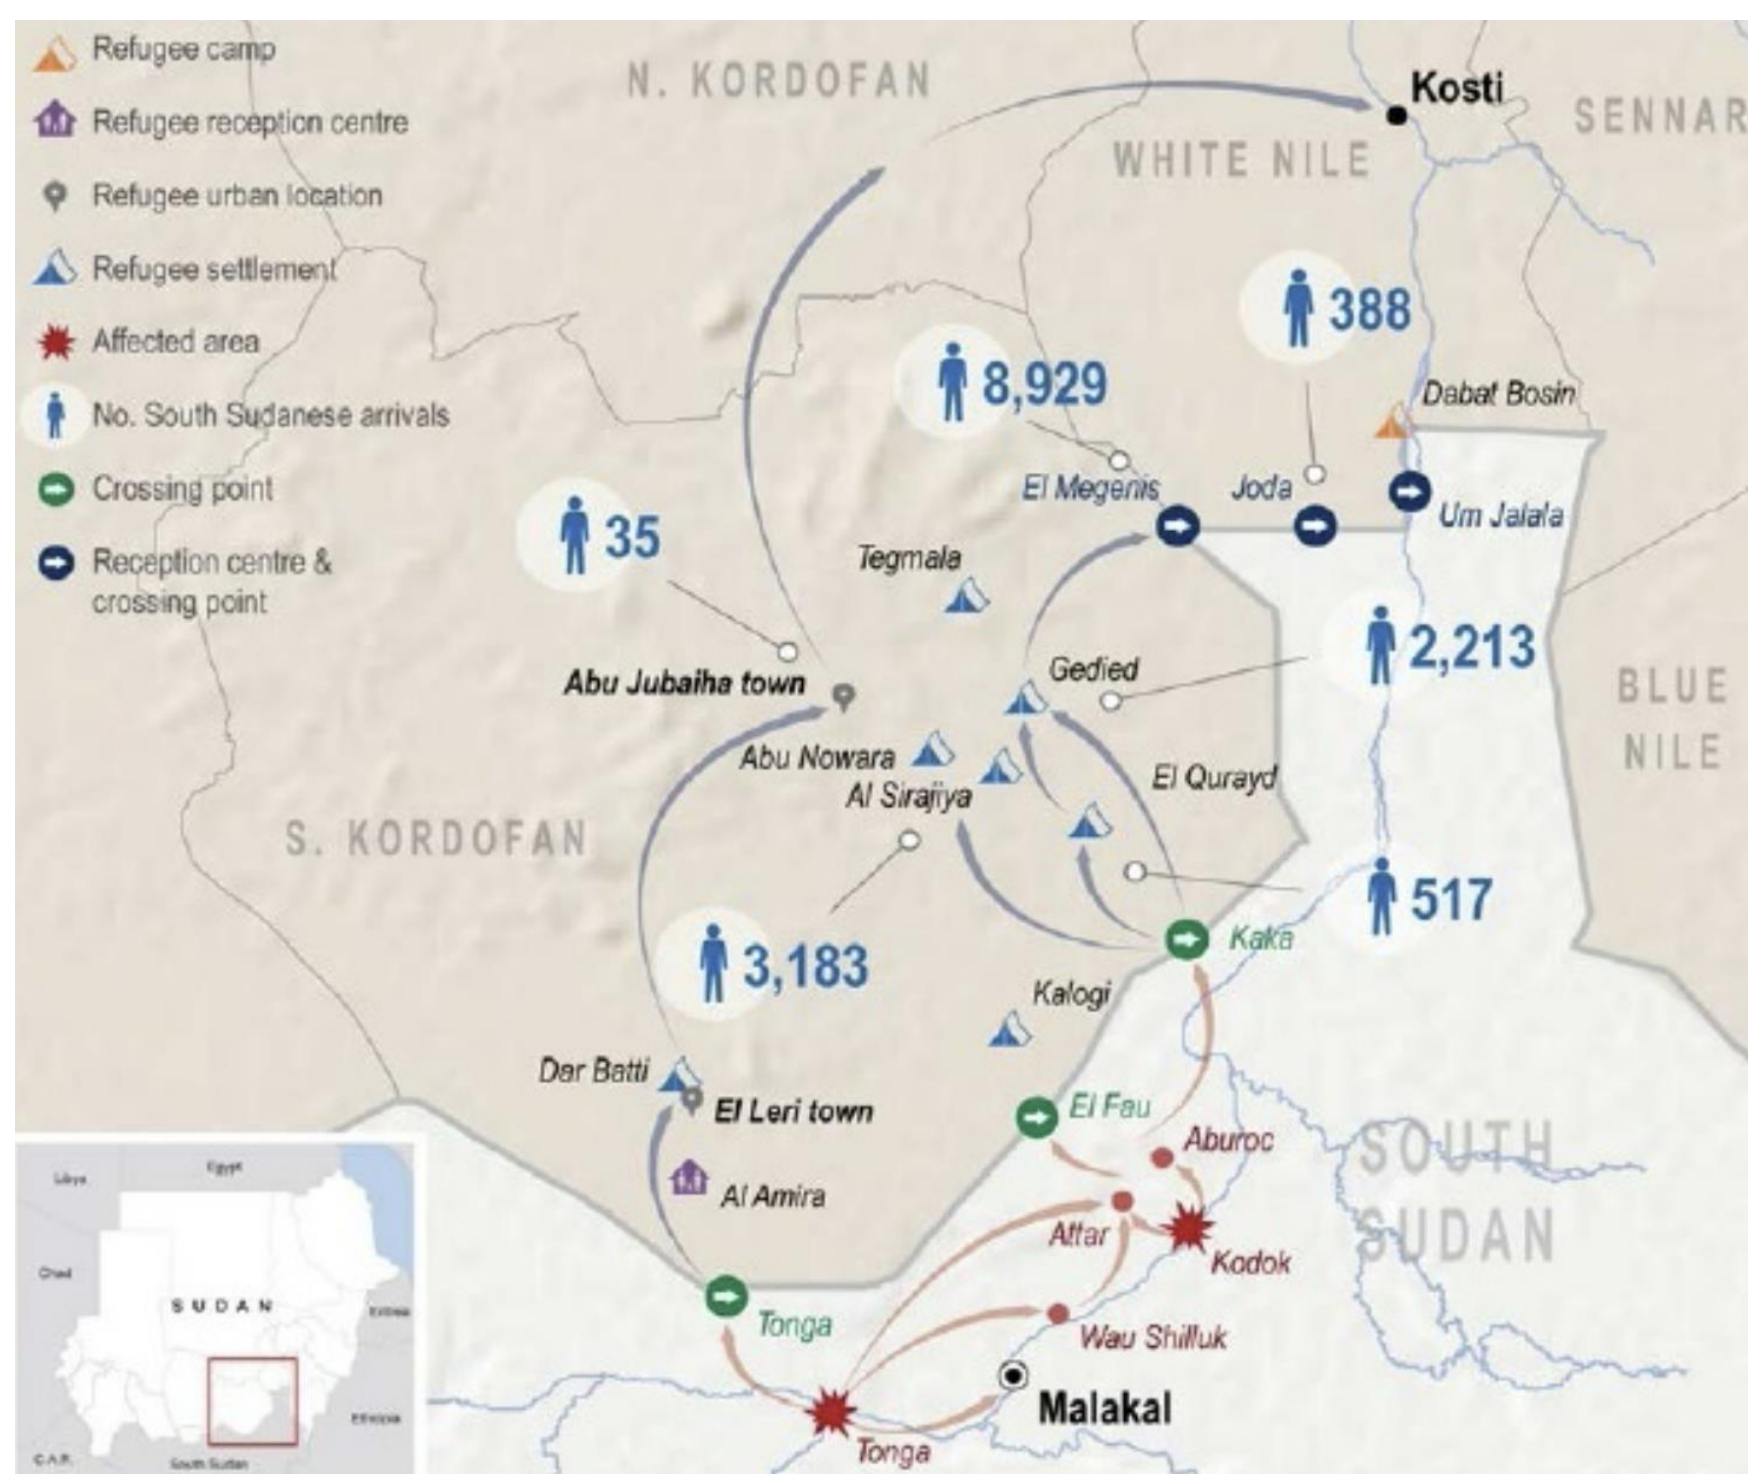

- Following inter-tribal conflict between the **Misseriya** and **Nuba tribes** in West Kordofan's **Al Lagawa** locality, the IA assessment indicates a total of **2507 HHs/ 12,535 individuals displaced** (1,230 HHs in Kadugli, 666 HHs in Dilling and 611 in El Fula).
- **920 new IDP HHs** from Lagawa received kits (DRC distributed 300 NFI kits in Dilling, NRC distributed 500 NFI kits in Kadugli and UNHCR has distributed 120 HHs in Kadugli); **remaining 1,587 HHs** planned to receive NFI support in the coming week/s.
- GOAL international has confirmed an NFI distribution for **1,000 HHs in Gedaid** while the remaining 130 HHs will be supported by the end of next week.
- **Kauda**, an SPL/Aelheli controlled area, also received **new IDPs from Lagawa**. The IA assessment was conducted during Nov. 2022, awaiting SCI to share with more information on assessment results and distribution progress.

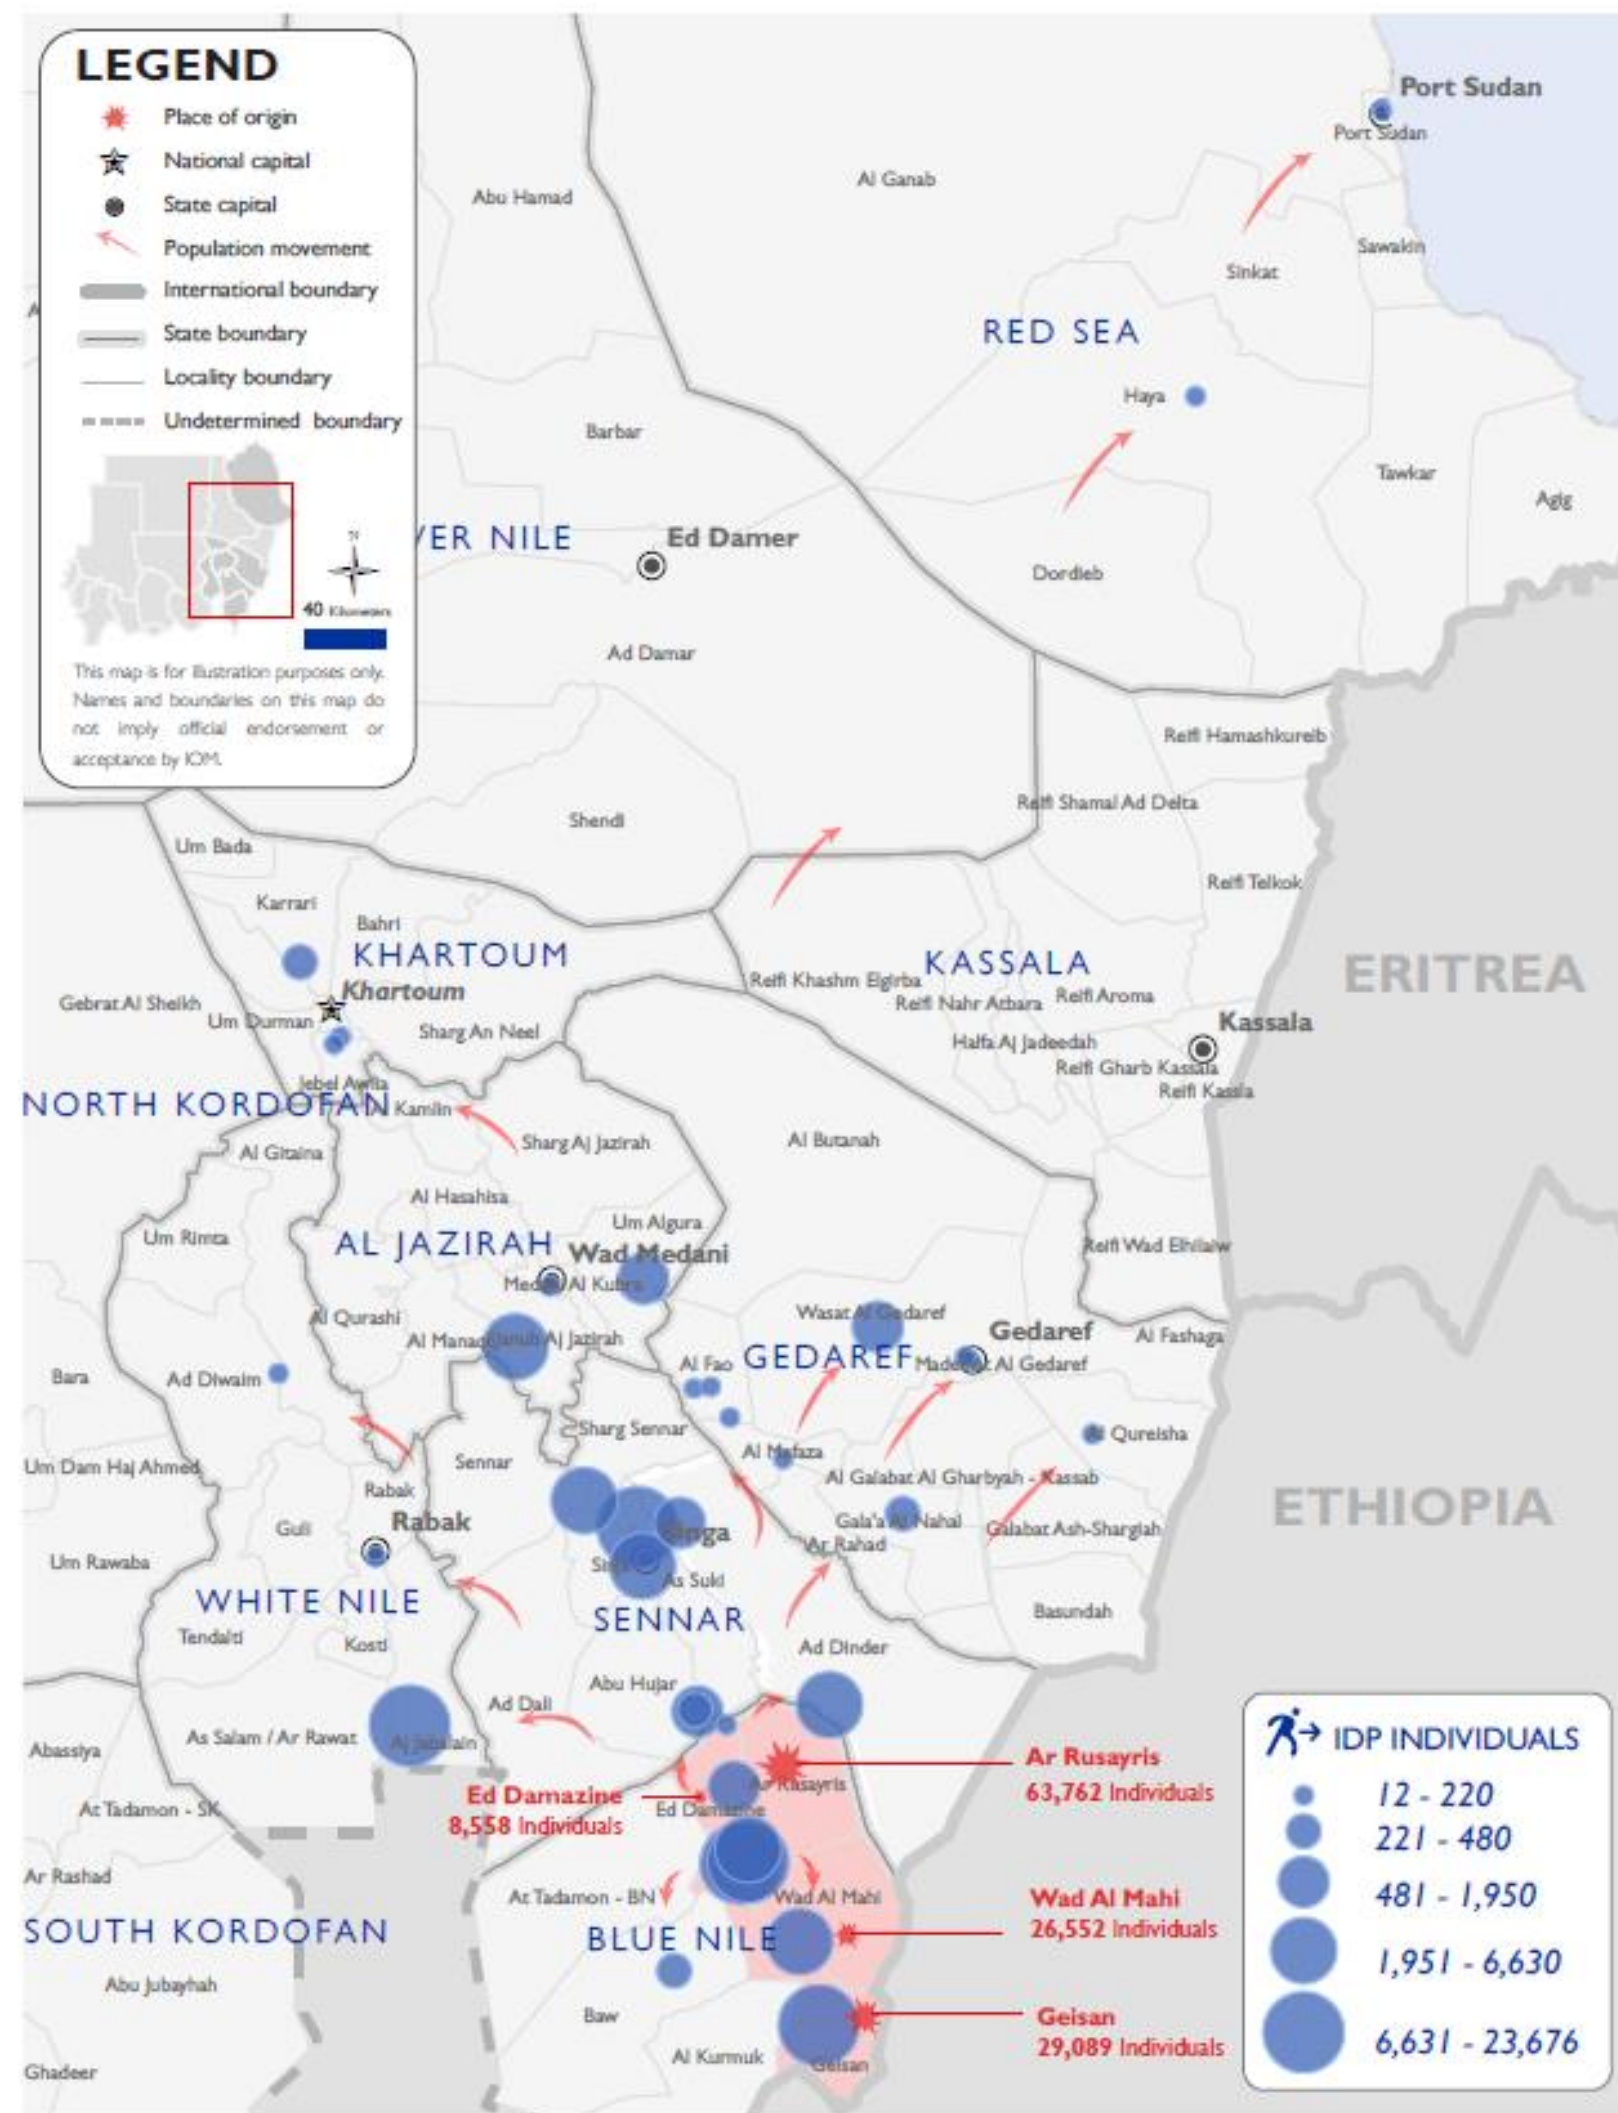

- In **Kauda**, UNHCR through SCI has ongoing NFIs distribution for the new IDPs from Lagawa 1250 HHs will receive NFI full kits.
- The inter-tribe conflict erupted recently in **WKS, El Nuhut locality**, between the **Hamar** and **Bani Fadul tribes**. According to HAC, **630 HHs/ 4,124 individuals** fled from the place of origin to the nearby villages. WK humanitarian agencies are planning for an IA assessment for the next week.
- **North Abyei** – Difra IA assessment conducted for the flood affected populations from 6 to 17 Nov. identified **1,436 HHs** in need, whereby **UNHCR** through **GAH** responded with **800 NFI kits**.
- **1,743 HHs** that arrived in Aug. 2022 from **South Sudan** received NFI kits.

New influx of South Sudanese Refugees:

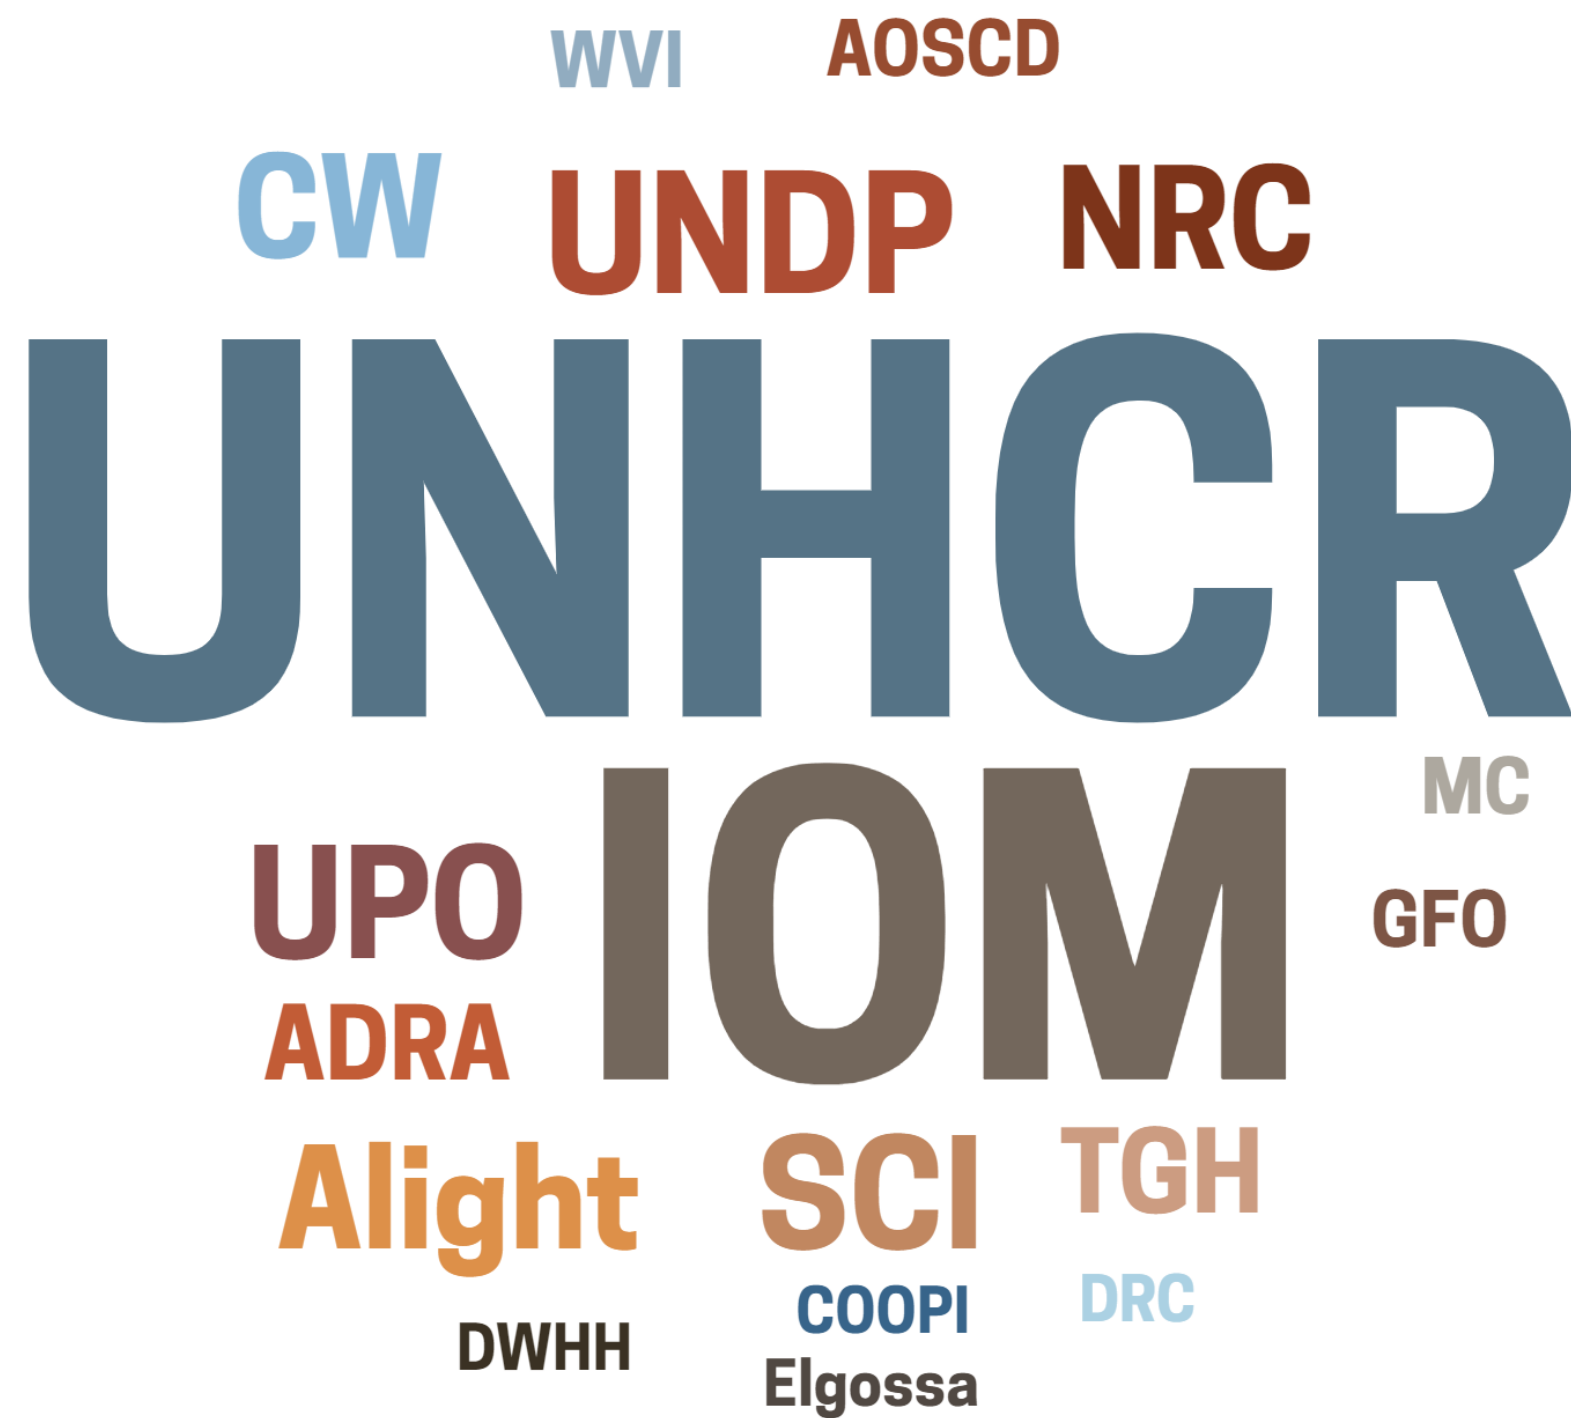

- The situation in **Upper Nile** remains tense with **White Army** (WA) advancing further north in direction to **Aburoc IDP camp**.
- Presence of WA was already reported in Paam and Kalagany (Kalagany and Paam is 7 hours to Kodok, 4 hours to Aburoc). All humanitarian staff was evacuated from Aburoc to Kodok and Aburoc IDPs are on their way to Kodok now, some are in the bushes (total population of Aburoc IDP camp prior to the conflict is 8,000 inds).
- 13 households with 68 individuals came from Aburoc to Kodok town on 27 Nov 2022, and unconfirmed number reportedly left to the **Nuba mountains of Sudan**.

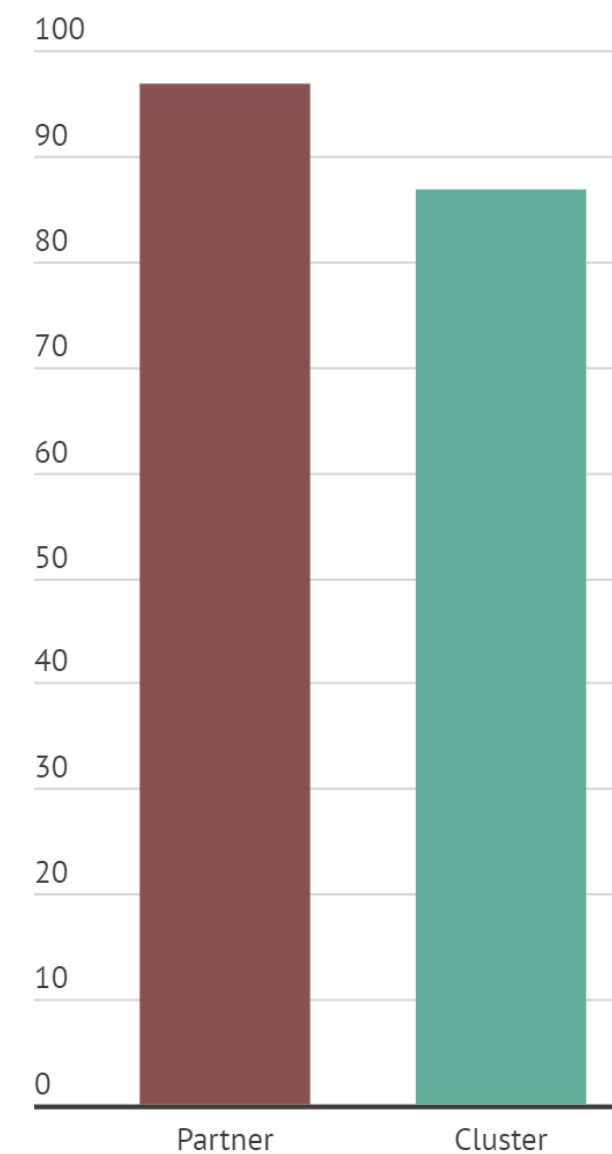

Source: IOM DTM, Nov 11, 2022

- Since **mid-July**, at least **127,961 people** have reportedly been displaced. Security situation has generally improved with full services reopening. The state governor of BNS extended the state of emergency for 30 days effective 22 November.
- On 25 November in El Silak village in Baw locality, clashes broke out following a dispute over land property, resulting in 5 deaths and 3 injuries.
- BN SNFI sector participated in **3 IA rapid need assessments in Wad Al Mahi, Rusayris, Damazine and Geisan localities** as well as held coordination meetings to review the gap analysis and respond.
- The cluster provided **NFI kits** (ADRA 680 kits, UNHCR 1,148 kits, IRW 1,092 kitchen sets, UNDP 720 solar lamps) in **Blue Nile** while UNHCR provided 818 NFI kits to 6,410 IDPs in Mayrino, Um Shuka, Galdi and Galgani in **Sennar**.

19 Partners:

- Funding requirement for **resilience related activities** had to be removed due to a last-minute decision from the HC/HCT.
- Since these activities **will not be fundraised for through the HRP** or tracked on the FTS, a separate system will potentially be established by OCHA to record them.
