

Shelter Cluster Donor Briefing 7th January 2014

Shelter Cluster Philippines
ShelterCluster.org
Coordinating Humanitarian Shelter

1.7 million
people have re-
ceived emergency
shelter materials.

The initial target for emergency shelter has been reached **within seven weeks**, however these families still need additional, more substantial shelter assistance.

Shelter Cluster Philippines
ShelterCluster.org
Coordinating Humanitarian Shelter

175,000 people
have received
support for self
recovery such as
tools, cash, roofing
and construction
materials.

A photograph of a shirtless man riding a bicycle heavily loaded with salvaged materials like metal sheets and wood. The background shows a slum with makeshift buildings. A large '63%' is overlaid in the top left, and a text box at the bottom explains the statistic. A logo for Shelter Cluster Philippines is in the top right.

63%
