

Cash & Voucher for Shelter Basic Guidance in NW Syria

Dear Shelter/NFI Cluster Members,
Hope this reaches you well and safe.

We are circulating here the [Cash & Voucher for Shelter Basic Guidance in NW Syria](#).

The major goal of the guidance is to develop a greater understanding of cash-based programming for shelter, of a conflict situation in NWS. This will reinforce decision making on the potential use of cash and provide guidance on adequate implementation tools for cash shelter programmes.

This also promotes shelter development and establishment through self-help modalities (Cash for Shelter) where humanitarian actors show accountability to affected population and address the needs effectively. This will also promote a harmonized approach to CVA for shelter programming.

BASIC GUIDANCE ON CASH AND VOUCHER

FOR SHELTER PROGRAMMES IN NORTHWEST SYRIA

We would like to express our special thanks to the SNFI Cluster Strategic Advisory Group, the Cash-Working Group and the Early Recovery and Livelihoods Cluster who have supported the development of this guidance document.

Kind regards,
Cluster Coordination Team
