

## SITUATION OVERVIEW

Iraq is now contending with one of the largest displaced populations in the world. Since January 2014, 1.9 million people have been displaced and scattered across 1,928 sites in Iraq. A large number of families are staying in inadequate shelter arrangements that are unsuitable for the winter weather conditions.

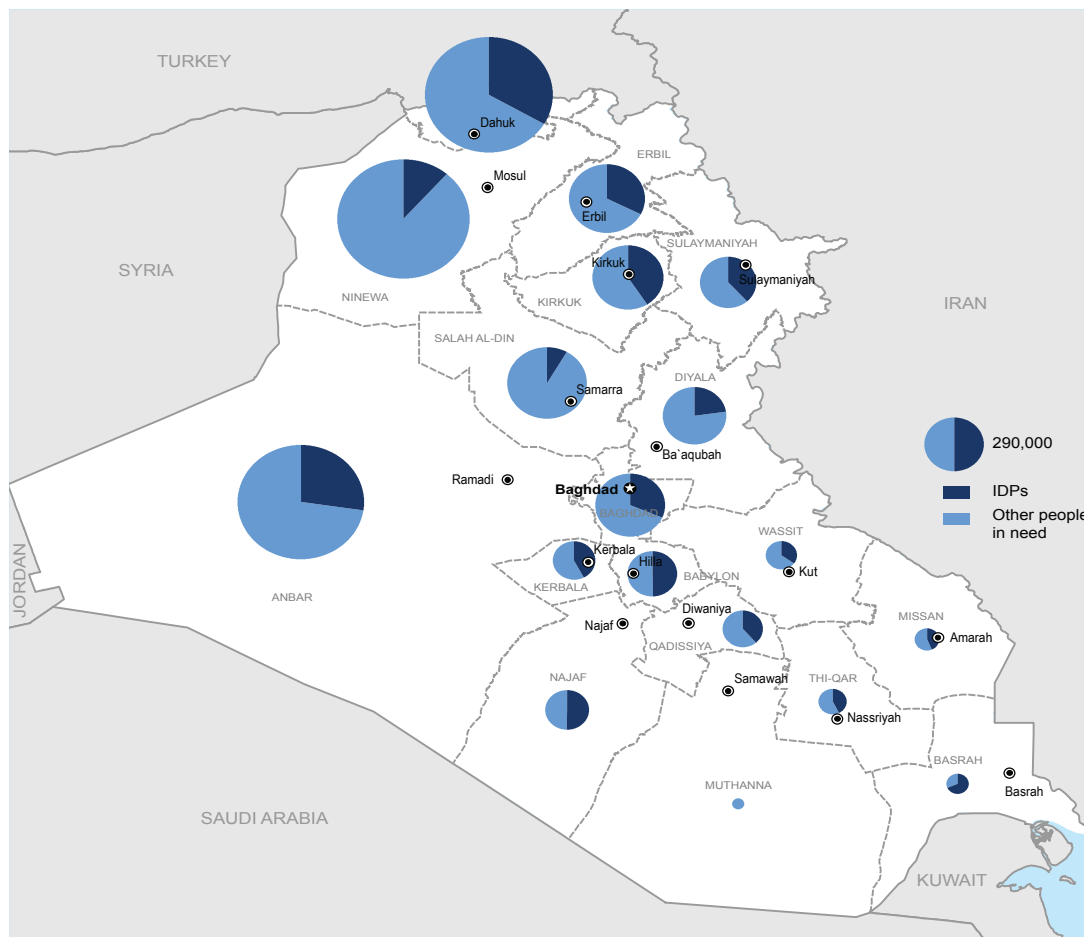

**1.9 million**  
internally displaced people (IDPs)  
(Since January 2014)
