Action Points

Action Point	Update
Shelter Cluster Partners to share feedback on ToRs for Cash Training	Circulated – few comments received: Coordinator needs feedback: one session in Bamenda for all partners or one in NW and one in SW
Shelter Cluster partners to provide any feedback to the market monitoring tool and start using it for their program	Open – no feedback and no submissions
Submissions on Shelter Checklist	NRC submitted for 30 households, plans to do additional data collection; waiting on submissions from Caritas and DRC
Updated 5W	September and Third Quarter data due Monday 10th – updates in this cluster meeting
Cash for Shelter Programming	NRC presenting rental lessons learned today, UNHCR worked on beneficiary selection form under guidance of cluster to share with partners
Workshop on PDM	Held- draft PDM circulated for comments and feedback
COHESODEC data on burnt houses in the NW- data cleaning	

September Updates

New and Updated Photo Galleries

- Presence of ICRC and how we need to coordinate with them

CERF Updates

- HCT decision to share all with Protection in the Northwest given that it is a Protection crisis
  - Need to get protection partners to share Pdm tool to determine outcomes in terms of shelter and NFI

MSNA findings

- Given Modifications to the MSNA questionnaire from workshop in June, new data is available on shelter types and market availability of key Shelter and NFI items

- Shelter typology guidance can also be used as a guide to write the needs analysis for project proposals and for HPC project submissions

- Updated items on market availability
