Questions/Recommendations to the HCT

1. **Do we need to agree with the GoM on a min notice for AC closure?**
 - How long is good enough?
 - Pull factor – distribution of returns kits
 - Feasibility of registration – IOM and WFP

2. **Do we support people affected who have not been to accommodation centres?**
 - Urban setting
 - Rural setting

% AFFECTED POPULATION RURAL AND URBAN?

1. **When do we start support to people affected in rural areas?**
 - From week 1?

Prioritization & Targeting

Prioritization for assessments

- IPC – available
- Floods – UNOSAT maps and INGD
- Cholera – health cluster
- Percentage of people affected – OCHA

➤ *Next step:* OCHA to prepare a map overlaying the information by 31 March

Prioritization for response

- Same as prioritization for assessments PLUS results of assessments
- Accommodation centres including people who have left accommodation centres
- Urban or rural
- Livelihoods support in areas with two planting seasons (southern Mozambique)

Vulnerability targeting

- Provincial authorities provide beneficiaries lists at district and locality level; based on that, humanitarian partners will undertake a multi-sectoral community-based exercise to double check lists with local authorities and communities

Response packages

I. Support for people in accommodation centers (starting week 1 until closure)

- FSL: 7-day rations
- Shelter/NFIs: standard family kits (2 sleeping mats, 2 mosquito nets, 1 solar lamp, 2 blankets)
- Health/Nutrition: integrated mobile brigade, health promotion, nutrition screening, MAM/SAM treatment, medicines for cholera and AWD
- WASH: 1-month hygiene kits (soap, hygiene pads, capulana, etc.)
- Protection: targeted assistance devices for PWD, individual protection assistance, children case management

II. Support for people leaving accommodation centers (before closure)

- FSL: 30-day food rations
- Shelter/NFIs: shelter tool kits, shelter fixing kits and tarpaulins
- Health/Nutrition: mosquito nets, mobile brigade, RUTF, medicines for cholera and AWD
- WASH: hygiene kits
- Protection: key messages

III. Support for affected people in rural areas (week 2 - week 4)

- FSL: 6-month food assistance and livelihood support
- Shelter/NFIs: construction assistance, shelter tool kits, shelter fixing kits and tarpaulins
- Health/Nutrition: mosquito nets, mobile brigade, RUTF, medicines for cholera and AWD, rehabilitation of health facilities, MAM/SAM treatment
- WASH: rehabilitation and disinfection of water points, distribution of Certeza, WASH in school, WASH in health facilities
- Protection: key message, protection activities during distributions

2. Updates from the field: assessments, field visits, ACs situation,.....
