

Monthly Response

Shelter/NFI Cluster members are actively responding to the needs of both newly internally displaced persons and protracted IDPs in north-west Syria.

In April 2024 alone, NFI assistance was provided to over **52,402** individuals in the form of core NFI kits and seasonal/supplementary NFI Kits.

Additionally, the shelter needs of over **101,037** individuals were met in April including infrastructure improvements in IDP sites, dignified shelters, emergency shelter provision, and rehabilitation of damaged or unfinished shelters.

Workshop Update

The IM unit held a quarterly IM workshop for reporting focal points, focusing on changes to the reporting templates, trouble shooting and receiving feedback on the tools and processes.

This workshop was attended by 23 partners and was held at CARE offices, Gaziantep.

Quarter 1: Displacement Update (Jan - Mar 2024)

Data was collected from 897 accessible communities in Greater Idleb and Northern Aleppo and Hama governorates through KIs.

In the first quarter over **20,000** people were displaced in Idleb and Aleppo, particularly from Darkosh, Dana, Idleb, Maaret Tamsrin and Bulbul due to mainly loss of income, increase in rental cost, escalation of aerial bombardment, and escalation of groundbased conflict.

Most of the affected population arrived to Dana, Afrin, Idleb, Bannsh, and Maaret Tamsrin sub-districts.

Disclaimer:

- Displacements in north-west Syria is highly fluid; IDP figures are rapidly changing due to dynamic environment and movements between sites and communities. CCCM will continue updating figures - quarterly.
- Returnees: refer to internal IDP movements from displacement sites to their homes or habitual residences in NWS.
