6. Discussion on localization

Recent study by Interaction : [shelter sector capacity assessment](#) concluded

.....a significant gap in access to data on L/NNGOs. Many national NGO for a are not included in humanitarian assessments, programming, or coordination.

How can SNFI engage more local organizations and encourage their participation in cluster activities?

SNFI cluster approx. 98 partners, 60+ reporting.

What capacity building of NNGOs can we support?

How to get more feedback?
