

AGENDA

1. Updates from ICCG, 4th round of UHF/August Allocation
2. Presentation by Tetyana Lomakina, an Advisor Commissioner of the President of Ukraine
3. Winterization: cluster activities, targets (challenges)
4. Response updates
5. Sub-national Cluster Updates – Dnipro focused
6. Updates from TWiGS – damage assessment
7. AOB

1. Updates from ICCG, 4th round of UHF/August Allocation

- There are 13 submissions related to the cluster. All projects are very good and relevant. The UHF team will revert to partners asking to slightly modify a few of them. There are 2 envelopes under the 4th round of UHF (\$50 mln and \$20 mln respectively). The first envelope (projects under it) will support the strategic objectives of the revised Ukraine Flash Appeal.
- The second envelope is about durable solutions – housing for IDPs. That implies the provision of transitional shelter, repairs, and capacity building ([Full presentation](#))

2. Presentation by Tetyana Lomakina, an Advisor Commissioner of the President of Ukraine

- The Government conducted an analysis of facilities that provide accommodation to IDPs – collective centers in 15 receiving hromadas. According to the data, there are some 81,647 persons with disabilities among 1,397 mln IDPs in those 15 hromadas.
- The highest number of displaced persons with disabilities is in the Dnipropetrovsk region (345,796 persons)
- The highest number of displaced persons who have a disability is in the Dnipropetrovsk region as well (15,120 persons)
- The point from a presentation: to include a case-management component in shelter programs. There are persons who need additional/special support on top of benefiting from shelter programs (persons with disabilities/limited mobility, etc.) ([Presentation](#))

3. Winterization

- There are 2 priority types of interventions under this UHF call: insulation of sub-standard dwellings & damaged homes in remote & rural areas of eastern and northern oblasts; provision of core winterization relief items in remote & rural areas of eastern & northern oblasts. In terms of activities: insulation to 7,500 houses (1), provision of heating appliances to 37,500 families (2a) and provision of solid fuel to 22,222 families (2b).
- There are 15 oblasts prioritized under this UHF call in terms of winterization.

4. Response Updates

- There are 974,264 people who benefited from programs of shelter/NFI cluster partners cumulatively.
- An indicator that has been reached the most is the provision of emergency NFI support for HHS (level of achievement towards the plan stands at 93%).

5. Subnational Cluster Updates

- Dnipro:
 - On-going weekly subnational level meetings
 - Planned mission to Kharkiv to discuss better collaboration with shelter partners.
 - Reporting and data assessments remain a challenge.
 - Ongoing discussions on contingency planning for movement from Donetsk.

6. Updates from TWiGs

- Dates for next week's TWiGs will be confirmed.
- Collaborations of Microsoft, Global Shelter Cluster, Ukraine Shelter Cluster, UNHCR, and SNFI partners as volunteers (UNOPS, RACH, UNHCR and IOM) – a pilot program. It will use satellite images of damaged houses provided by Microsoft and they will be further analyzed. The deadline is on 19 August. It will pilot a few locations – Borodianka, Makariv hromadas and Chernihiv city.

7. AOB

- Next week, there will be a presentation from the meeting on targeting in terms of vulnerability criteria.
