

Background

Projected status of key humanitarian relief pipelines for a set of items that are regularly stockpiled in Afghanistan. Not all stockpiled items are included. The projected requirements are based on current caseloads as well as projected figures for how many people may be affected by natural disasters and/or conflict based on historical data and early warning forecasts. The capacity of humanitarian agencies to import relief items is dependent on funding, import requirements and the stability of local and international suppliers.

Key messages

- Supplies of in-kind food assistance, standard emergency shelter kits, TSFP supplies for Children under 5 years; hygiene, latrine and bath kits are all at risk of imminent pipeline breaks unless additional funds are made available.
- Several other items, particularly Ready-to-Use Therapeutic Food (RUTF) and emergency NFI kits are at risk of a pipeline break as early as September 2019.
- Most other items are at risk of becoming scarce or depleted during the reporting period unless additional actions are taken.

Food Security and Agriculture

Main challenges: There is a 13,730 MT deficit in food stocks and access issues in NSAG-controlled areas continue to pose challenges.

In-kind Food Assistance ⚠️ Jun

* for two months

⚠️ Pipeline break likely in **month** unless action taken ⚠️ Medium risk of a pipeline break in **month** 🟢 Low risk of a pipeline break

Emergency Shelter & NFI

Main challenge: Lack of funding.

There is a \$10 million USD deficit.

Note: 57% of the Emergency Shelter Kit stock prepositioned for the year was depleted in the last quarter.

Emergency Shelter Kits ⚠️ May-Jun

Emergency Shelter Repair Kits ⚠️ Aug

Emergency NFI Kits ⚠️ Sep

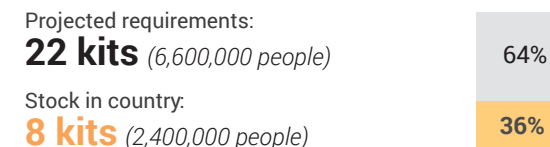

Health

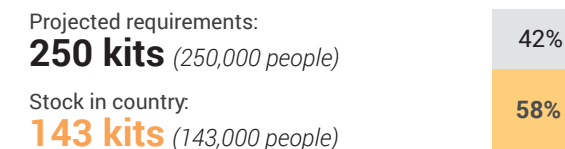

Main challenge: Lack of funding.

There is a \$1 million USD deficit. Health cluster will divert resources to avert full break.

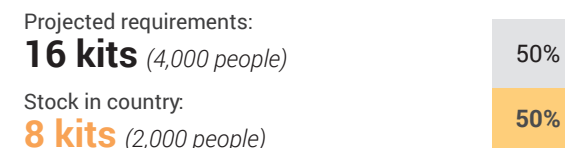

Diarrheal Disease/Cholera Complete Kits ⚠️ n/a

Emergency Health Kits ⚠️ n/a

Trauma Kits ⚠️ n/a

Emergency Health Kits ⚠️ n/a

Projected requirements:
12 kits (120,000 people)

Stock in country:
7 kits (70,000 people)

Reproductive Health Kits ✅ n/a

Projected requirements:
310 kits (120,000 people)

Stock in country:
282 kits (70,000 people)

Nutrition

Main challenge: Lack of funding.

There is a \$11 million USD deficit. Problems with international suppliers.

TSFP Children under 5 years ⚠️ Jul

Projected requirements:
1,400 MT (466,666 people)

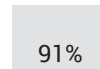

Stock in country:
354.5 MT (118,000 people)

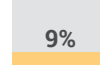

⚠️ Pipeline break likely in **month** unless action taken ⚠️ Medium risk of a pipeline break in **month** ✅ Low risk of a pipeline break

TSFP* for P&L women ⚠️ Jun

Projected requirements:
1,800 MT (240,000 people)

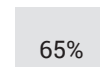

Stock in country:
154 MT (20,000 people)

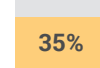

*Target Supplementary Feeding Program

Therapeutic Food - RUTF (Cartons) ⚠️ Sep

Projected requirements:
115,800 cartons (127,700 children)

Stock in country:
40,300 cartons (44,445 children)

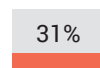

Water Sanitation & Hygiene

Main challenge: Lack of funding.

Funding deficit is US\$800,000 for next 4 months supply needs.

Latrine and Bath Kits ⚠️ Jun

Projected requirements:
3,250 kits (65,000 people)

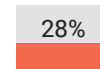

Stock in country:
2,250 kits (45,000 people)

Hygiene Kits ⚠️ Jul

Projected requirements:
55,714 kits (390,000 people)

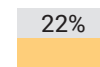

Stock in country:
40,000 kits (280,000 people)

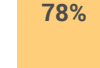

Water Kits ⚠️ Aug

Projected requirements:
10,000 kits (70,000 people)

Stock in country:
7,800 kits (54,600 people)

Water Purifier Tabs ✅ n/a

Projected requirements:
4,600,000 tabs (230,000 people)

Stock in country:
7,850,000 tabs (392,500 people)
